Livingroom storage

Good to know

Tempered glass should be handled with care! A damaged edge or a scratched surface can cause the glass to break suddenly. Avoid collisions from the side – this is where the glass is most vulnerable.

Safety

This furniture must be fixed to the wall with the enclosed wall fastener if placed on the floor. Different wall materials require different types of fixing devices. Use fixing devices suitable for the walls in your home (not included).

Good-looking storage for a great-looking living room

BESTÅ is specially designed to take care of all your storage needs – and to look good while doing it. So you can use it to make your living room both great-looking and practical. It gives you plenty of room for everything – from your TV, gaming consoles and sound system to your DVDs and books. Choose between a high, low or wall mounted combination. You can even choose a combination with panel doors to hide away clutter or glass doors to show off your favourite things. BESTÅ comes in many different colours and finishes so it's easy to find the right one for you.

Do it yourself or let us help

Just because you can do everything yourself, doesn't mean you have to. Let us help make your BESTÅ storage solution a reality with our service offers like picking, home delivery, assembly, financing and more. Read more at IKEA.sg

All the products (shown here) may not be available at the store. Please contact the staff or look at IKEA.sg for more information. For more detailed product information, see the pricetag and the Internet. All units require assembly.

Customise your own BESTÅ

The BESTÅ system is designed to be adoptable and flexible. You can select and arrange the BESTÅ parts in a way that suits your particular space, lifestyle and taste.

We have a wide range of pre-designed BESTÅ combinations to choose from in the store and on [IKEA.sg](http://www.IKEA.sg). If you do not find a combination that you like, or if you would like to customise one, use our BESTÅ storage planner.

By using the BESTÅ storage planner, you can customise one of the pre-designed BESTÅ combinations or create one that is all your own!

The planner allows you to play around with frames, doors, shelves, knobs, colours etc to create the perfect storage and media solution that fits your specific needs and taste.

When you are ready with your BESTÅ combination, the planner helps you to calculate the price and allows you to print or save list of products that you can bring to your IKEA store or use to buy the products online.

In the BESTÅ area of the IKEA store you will find planning stations where you can use the BESTÅ storage planner. Or visit the Livingroom department of www.IKEA.sg and go to the BESTÅ storage planner online.

How to mount a frame on the wall

You will need a suspension rail to mount BESTÅ frames on a wall. The suspension rail works as a reinforcement and makes it both easier and safer to mount the BESTÅ frame to the wall. The rail screws into the wall studs and has many holes so there's always a hole over a stud.

You can easily hang several frames next to each other and align them at exactly the same height thanks to the included connector. Ensure that you have a minimum of 5 cm between the top of the frame and the ceiling. This is needed to be able to mount the frame to the suspension rail.

BESTÅ suspension rail, silver-colour. 60 cm wide frames require 1 BESTÅ suspension rail, 120 cm wide frames require 2 BESTÅ suspension rails. The suspension rail cannot be used with BESTÅ TV benches. BESTÅ suspension rail is included in all wall-mounted combinations.

Integrated lighting

Conventional or connected IKEA smart lighting?

Good lighting makes life easier and helps you set the right mood. The options here are made for BESTÅ. They let you light up your favourite pictures and collections, and enjoy the cosy reflected light. And of course lighting makes finding things easier, on shelves or even inside cabinets. The TRÅDFRI LED driver makes VAXMYRA, MYRVARV, URSHULT and LINDSHULT smart and gives them the ability to be wirelessly dimmed with the TRÅDFRI wireless dimmer and to be connected to the TRÅDFRI gateway.

MYRVARV LED flexible lighting strip. Suitable for use in confined spaces, such as cabinets, bookshelves and closets, as the LED light source only emits low heat. If you connect the lighting strip to TRÅDFRI driver, FÖRNIMMA power supply cord and TRÅDFRI wireless dimmer you can easily turn on, turn off and dim your lighting as needed. Add the TRÅDFRI gateway and IKEA Home smart app for control through Amazon Alexa, Apple HomeKit or Google Home.

TVÄRDAG cabinet lighting. The traditional expression of the lamp goes nicely with the cabinets in the HAVSTA and HAUGA series. The metal shade creates a direct light that illuminates your cabinet or wardrobe. If you want the lamp's light to be directed into your display cabinet, just angle the lamp head inwards. Provides a focused light that is good for lighting smaller areas. You can dim your lighting wirelessly and easily adapt the lighting based on activity. The bracket makes it possible to slide the lamp back and forth. You easily attach it with screws – or with double-sided adhesive tape on glass and metal surfaces. The LED light source consumes up to 85% less energy and lasts 20 times longer than incandescent bulbs. You can turn up to 6 light sources on and off simultaneously if you complete with ANSLUTA driver. If you also want to be able to dim, choose TRÅDFRI driver and remote control instead. Sold separately.

Black 305.314.51 **\$30**

YTBERG cabinet lighting. The lamp's slim and neat design goes with most styles and is perfect if space is limited between the top of your wardrobe or cabinet and the ceiling. You can easily direct the light where you like since the flexible gooseneck arm can be bent and angled – perfect when it's time for homework, arts and crafts or cuddling up with a good book. Spreads a soft light that creates a cosy atmosphere in the room. The bracket makes it possible to slide the lamp back and forth.
