Q: What makes the TYMO AIRHYPE hair dryer different from other hair dryers on the market?

A: The TYMO AIRHYPE hair dryer is different from other hair dryers on the market because of its premium design and advanced features. It comes with an LCD display that shows temperature, speed, and ionic settings, three attachments, and a portable bag. Its coolshot button, four temperature settings, three speed settings, and 110,000 RPM motor allow for ultra-fast drying and frizz-free results. Designed for salon hairstylists and professional users who demand the best in their hair care routine, the TYMO AIRHYPE is the perfect tool for achieving unparalleled results.

Q: How many heat and speed settings does the TYMO AIRHYPE hair dryer have?

A: The TYMO AIRHYPE hair dryer has four heat settings and three speed settings, all settings can be seen on the integrated LCD screen, so you can customize your drying experience to your hair type and desired style.

Q: Is the TYMO AIRHYPE hair dryer suitable for all hair types?

A: Absolutely, the TYMO AIRHYPE hair dryer is versatile and designed to work well with all hair types, be it fine, thick, or curly. This hair dryer is crafted to provide efficient performance across the board.

Q: Is the TYMO AIRHYPE hair dryer easy to clean?

Yes, the TYMO AIRHYPE hair dryer has a removable air filter on the air inlet that can be easily cleaned to help maintain optimal performance and extend the life of the product.

Q: Is the TYMO AIRHYPE hair dryer dual voltage?

A: No, the TYMO AIRHYPE hair dryer is not dual voltage and can only be used with US 100-120V power outlets.

Q: How long is the cord on the TYMO AIRHYPE hair dryer?

A: The TYMO AIRHYPE hair dryer comes with an 8.2 ft cord, providing ample length to move around while drying your hair.

Q: What attachments come with the TYMO AIRHYPE hair dryer?

A: The TYMO AIRHYPE hair dryer comes with a smoothing nozzle to create voluminous results, a comb nozzle for lengthening your textured hair, and an adjustable diffuser for curly hair drying and styling.

Q: Are the attachments for AIRHYPE hair dryer also compatible with AIRHYPE Lite?

A: The smoothing nozzle and diffuser nozzle are both compatible with AIRHYPE and AIRHYPE Lite, but the comb nozzle for AIRHYPE does not work for AIRHYPE Lite, the comb nozzle for AIRHYPE Lite should be purchased separately on our Amazon store.

Q: What's the difference between the TYMO AIRHYPE hair dryer and the AIRHYPE Lite?

A: The TYMO AIRHYPE hair dryer features a premium giftable package and an aluminum housing, along with an LCD display that shows temperature, speed, and ionic settings. It also comes with three attachments (a comb nozzle, an adjustable diffuser, and a smoothing nozzle) and a portable bag. The AIRHYPE hair dryer has a coolshot button, four temperature settings, three speed settings, a 110,000 RPM motor for faster drying, and an advanced ionic system. Designed for salon hairstylists and professional users who seek the ultimate hair drying and styling experience, the TYMO AIRHYPE is the perfect tool for achieving unparalleled results with its advanced features and high-performance capabilities, it is a must-have for those who demand the very best in their hair care routine.

The AIRHYPE Lite, on the other hand, does not have an LCD display but features two indicator lights for temperature and speed settings. It also has a coolshot button, four temperature settings, and three speed settings. The AIRHYPE Lite comes with only a smoothing nozzle and is built with premium plastic housing, making it more lightweight than the AIRHYPE. The TYMO AIRHYPE Lite hair dryer offers almost the same high-performance as the AIRHYPE, making it a great entry-level option for those looking to experience a high-speed hair drying experience.

Q: Does the TYMO AIRHYPE hair dryer come with a warranty?

A: Yes, the TYMO AIRHYPE hair dryer comes with a 1-year warranty from the date of purchase.
