

INTRODUCTION

Revolutionize the way you charge on the go with our cutting-edge 15W Super Fast Wireless Charging Gravity Lock Mount. Featuring a sleek mix-clear-plexi design, this mount combines modern aesthetics with high functionality. Equipped with a secure gravity lock mechanism and grip vent clip, it ensures your device stays stable and charged, even during bumpy rides. Whether navigating, streaming, or simply powering up, enjoy seamless charging at lightning speed while keeping your phone within easy reach.

Specs & Features

- 15w Super Fast Wireless Charging
- Mix-Clear-Plexi Gravity Lock Mount
- With Grip Vent Clip
- Overheat Protection

PRODUCT OVERVIEW

HOW TO USE

- Assemble the Mount:**
Attach the grip vent clip to the back of the gravity lock mount. Ensure the connection is secure and tight.
- Install the Mount in Your Car:**
Select a compatible air vent (horizontal, vertical, or angled). Squeeze the clip and attach it securely to the air vent slats. Adjust the position to ensure the mount is stable and within easy reach.
- Connect the Power:**
Plug the included USB-C cable into the port on the mount. Connect the other end of the cable to a car charger or USB port that supports fast charging (adapter not included).
- Place Your Phone in the Mount:**
Position your phone above the mount. Gently place the phone into the cradle. The gravity lock mechanism will automatically secure your phone in place.
- Adjust Viewing Angle**
Rotate the mount’s 360° adjustable head to set your desired viewing angle. Switch between portrait and landscape modes for navigation or media playback.

- Charge Your Phone:**
Ensure your phone is Qi-enabled and wireless charging is activated. The mount will begin charging your device automatically when it’s in place. Check for the charging indicator on your phone to confirm it’s working.

CARE AND SAFETY

- Use a soft, damp cloth to wipe the surface of the mount to keep it free from dust, fingerprints, and debris.
- Avoid using harsh chemicals or abrasive cleaners that could damage the clear-plexi material.
- Do not place metallic or magnetic objects (e.g., coins, credit cards) between your phone and the mount while charging, as this can interfere with the charging process.
