Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Statement: This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

## Safety and Cautions

Never run the model on public roads or streets as it could interfere with other drivers or animals, or damage personal property or injure people.  
Never run the model near rivers, ponds, or lakes as to prevent R/C car from dropping into the water.  
Make sure that no one else is using the same frequency as yours.  
In your running area. Using the same frequency at the same time, another user's signal may cause loss of control with your R/C model resulting in serious accidents.  
To avoid a runaway R/C model or loss of control, always follow the proper procedures:

1 Fully extend transmitter antenna.

2 Switch on the R/C model.

3 Deploy the R/C model.

4 Make sure to turn off the R/C model after running. Take care when handle them.

5 Retract transmitter antenna when not in use.

6 Remove the batteries from model and transmitter when they are not in use.

## Cautions when handling batteries

Do not operate the model on public roads or crowded places or near infant may cause accidents or injury.

As the product includes small and sharp parts, please store this product only in places out of the reach of children.

As the front end of the antenna is very sharp, do not aim it to people.

During the car running and after the motor will be hot. Please do not touch it until it has had time to cool down.

Do not operate the model on public roads or crowded places or near infant may cause accidents or injury.
