Call Forwarding

You can set your phone up to forward calls to another UK mobile (07)¹ or UK landline (01, 02, 03) number. The charge for a forwarded call is the same as if you made the call yourself from your Sky Mobile to the forwarded number e.g. if you have Unlimited Calls & Texts, forwarded calls to a UK mobile (07)¹ or UK landline (01, 02, 03) number will be inclusive. Any forwarded call will appear on your bill as an Outgoing call.

For details of charges for calling a UK mobile or landline while abroad, see the Roaming section.

Visual Voicemail

Visual Voicemail on compatible handsets is free and will not come out of your data allowance whether you are in the UK or any roaming destination.

Wi-Fi Calling

Wi-Fi Calling allows you to make calls via a Wi-Fi network rather than a normal cellular connection. This could mean using a Wi-Fi hotspot or connection set up at home. Working in the same way as normal calls, Wi-Fi calls are charged at the same rate as normal cellular connection. Wi-Fi Calling with Sky Mobile is currently available on [the following handsets](#).

4G Calling

4G calling allows you to make calls over the 4G network rather than moving your call to 3G or 2G, allowing for a better quality call and connection. Working the same way as normal calls, 4G calling is charged at the same rate as a normal cellular connection.

Footnotes

1. Excludes personal and pager numbers (070 and 076). To check exactly which numbers are personal numbering and radio paging services, please refer to the [Specialised Numbers Guide](#).

UK Service Numbers

For calls to chargeable service numbers (starting 084, 087, 09 and 118), the cost of the call will be broken down into two parts:

An **Access Charge** - this part is what Sky charges you for these calls.

Call Type	£ per minute
Access Charge, (Numbers starting 084, 087, 09 and 118)	£0.75

*Price will increase to £0.95 from 14th February 2025

A **Service Charge** - this is the rest of the call charge. The organisation you're calling decides how much this charge is.

Both the **Access** and **Service** charges make up the total cost of any call to a chargeable service number.

Caps on charges for UK Service Numbers, Voice and SMS short codes.

Under the Payment Services Regulations 2017, Sky is restricted in terms of the charges that can be imposed on.

As a result, we must limit the Service Charges across these services to £40 (i.e. £33.33 ex VAT) for any single transaction and for cumulative combined Access and Service charges to these services to £240 (i.e. £200 ex VAT) across all transactions each month.

We're obliged to ensure our customers stay within these limits, and as a result calls and texts to these numbers will automatically terminate or will not send when the cap is reached.

If you exceed the monthly threshold, then we're required to limit your expenditure by applying a restriction on calls and texts to these services.

Unfortunately, as this is a legal requirement, we are not able to remove these caps even if a customer requests us to do so however the restriction won't affect or limit any other usage or spend.

Charge-bands

There are four different ways the Service Charge can be calculated. The service number you are calling will fall into a 'charge-band' with a corresponding rate (set out in the tables below).

Charge-bands have codes designated to them e.g. 'Service Charge 1'. Each charge-band is explained in more detail below.

A charge-band is assigned to a set of numbers which are charged the same rates.

This Tariff Guide shows the calling charges assigned to the charge-bands. For a list showing which numbers are attached to which charge-bands, please refer to the [Specialised Numbers Guide](#). Use that document in conjunction with this Tariff Guide to find out the cost of a particular call.

Voice Short Codes

Voice Short Code calls (used for voting on TV shows) are charged per connected call and the charge is set by the organisation you are calling, who should explain the cost when promoting the number. A 'charge-band' is assigned to these short codes which are charged at the same rates.

Charge-bands have codes designated to them e.g. 'Voice Short Code 15'. Each charge-band is explained in more detail below.

This Tariff Guide shows the calling charges assigned to the charge-bands. For a list showing which numbers are attached to which charge-bands, please refer to the Specialised Numbers Guide at sky.com/specialisednumbers. Use that document in conjunction with this Tariff Guide to find out the cost of a particular call.

Charge-band	£ per call
Voice Short Code 15	£0.15
Voice Short Code 35	£0.35
Voice Short Code 50	£0.50

SMS Short Codes

SMS Short Codes (used for competitions, marketing, charities and many other services) can be charged per sent message and / or per received message. SMS Short Code messages can be free, charged at Sky's standard rate (£0.30p per message) or charged at a Premium Rate. The charge is set by the organisation you are messaging and they will explain the cost when promoting the number.

Please remember to check the service provider's terms and conditions before using the service. Further information relating to Premium Rate SMS Short Codes can be found [here](#)

Roaming Charges

When you travel abroad, we will attempt to send you a Welcome text which will include roaming charges for the destination you're visiting.

We've also set up a worldwide data roaming spend cap of £45 per month for each SIM so you'll never spend more than you want to on data. If you prefer, you can remove this cap at sky.com/settings.

Calls made to your Sky voicemail from abroad (+44 7488 222000) will be charged at the same rate as calls to UK landlines from abroad.

Calls made to Sky Mobile Customer Service from abroad are inclusive only when calling: +44 131 2783778, +44 3442 414141 and 150.

Picture messages can only be sent to UK mobile numbers.

Roaming Passport Plus (RPP)

Roaming Passport Plus gives you access to your UK plan in over 55 popular roaming destinations including the EU/EEA⁴ for £2 a day. It will be automatically activated and added to your account when you make a call, send a text or use more than 10MB of data a day¹.

The Pass lasts for 24 hours and you will only be charged for the days you use. It's based on UK time (not from midnight to midnight) and will reset after 24 hours.

When your 24 hour pass has expired further passes will trigger when the above thresholds are reached or if you are travelling to another RPP destination within 24 hours except when travelling within the EU/EEA⁴ (including Switzerland) where one 24-hour pass can be used across multiple EU/EEA⁴ destinations. For example, if you're travelling across country borders within the EU/EEA⁴ in a 24-hour period you'll only be charged once.

If you run out of data when roaming in a Passport Plus destination, you can still roll your Piggybank data, just like you would do in the UK.

Roaming Passport Plus is available in the following destinations:

Roaming In Channel Islands, Isle of Man, Ascension Island and Republic of Ireland

Calls and messages made or sent whilst roaming in the Channel Islands, Isle of Man, Ascension Island and Republic of Ireland to numbers in destinations outside of the Channel Islands, Isle of Man, Ascension Island and UK will be charged as follows:

- Unlimited Calls and Texts customers – you'll pay the charge set out in the International Charges section below.
- Pay As You Use customers – you'll pay charges set out in the International Charges section below.

You can still roam in the Republic of Ireland at no extra cost, but charges still apply to calls and texts to local (+353) and other non-UK destinations.

Roaming in the USA

From the 1st of January 2023 the USA will start to switch off 2G & 3G services meaning they'll no longer be available. 4G & 5G will still be available so you'll need a compatible handset to use mobile service such as calls, including emergency calls and texts. Data will continue to work on 4G/5G devices. **For more info and how to check for compatible devices visit www.sky.com/roamingusa**

Footnotes

1. Please note 10MB data threshold is on a per destination basis (EU/EEA destinations inc. Switzerland are treated as a single destination). The threshold resets each day at midnight UK time.

2. Exceptions apply to : Ireland (Republic of) which is charged at £0.50 per minute

3. MMS can only be sent to a UK Mobile.

4. Excludes Republic of Ireland

5. Roaming in Cyprus will trigger an EU/EEA RPP. Roaming in Northern Cyprus will trigger a Turkish RPP. When roaming, any Calls and Texts made to Northern Cyprus will be charged the same as Calls and Texts to an EU/EEA

destination.6. Calls and text to Ukraine will be charged the local roaming rate + £2.50 per minute for calls and £0.75 per text.

Rest of the World

When roaming outside of Roaming Passport Plus destinations, you will incur charges for any calls, texts and data that you use.

The table below details the charges for each destination where you are able to roam.
