SCANSTRUT®

IMPORTANT

Wedge Mounts are only compatible with marine electronics devices as stated in the latest Scanstrut Product Guide – subject to change without prior notice.
Use of the Wedge Mounts with unapproved products, or overloading, invalidates any product warranty.
Scanstrut does not supply fastenings to fix this product to the chosen surface. Please choose suitable fastenings for this purpose.
No liability is accepted for damage caused by incorrect installation.
The installation and assembly must be regularly inspected for evidence of damage or loose parts.
Product has been designed specifically for the mounting of approved marine electronics under normal boating conditions.

IMPORTANT

Supports de cale sont uniquement compatibles avec les appareils d'électronique marine repris dans le dernier Guide Produits Scanstrut – sujet à Modification sans préavis.
L'usage des Supports de cale avec des produits non validés, ou la surcharge de ces supports, annulent toute garantie.
Scanstrut ne fournit pas les fixations pour sécuriser ce produit à la surface de choix. Veuillez utiliser des fixations appropriées pour cette opération.
Scanstrut décline toute responsabilité pour les dégâts résultant d'une installation incorrecte.
L'installation et l'assemblage doivent être inspectés régulièrement afin de détecter des dégâts ou des pièces desserrées.
Ce produit a été spécifiquement conçu pour le montage d'appareils d'électronique marine approuvés dans des conditions de navigation normales.

WICHTIG

Keilhalterungen sind nur mit Elektronikgeräten für die Schifffahrt kompatibel, wie in der aktuellen Scanstrut Produktübersicht erwähnt. Änderungen ohne vorherige Ankündigung vorbehalten.
Durch die Verwendung mit nicht genehmigten Produkten bzw. durch Überlastung wird jegliche Garantie ungültig.
Befestigungsteile für die Montage dieses Produkts auf der gewählten Oberfläche. Bitte wählen Sie geeignete Befestigungsteile für diesen Zweck.
Für Schäden aufgrund unsachgemäßen Einbaus wird keine Haftung übernommen.
Der Anbau und die Baueinheit müssen regelmäßig auf Anzeichen von Schäden oder lockere Teile geprüft werden.
Dieses Produkt wurde spezifisch für die Befestigung genehmigter Elektronikgeräte für die Schifffahrt unter normalen Boots-fahrtsbedingungen entwickelt.

IMPORTANTE

Supporti a cuneo sono compatibili solo con apparecchiature elettroniche navali come indicato nella più recente Guida ai Prodotti Scanstrut – fatte salve eventuali modifiche senza preavviso.
L'uso di supporti a cuneo con prodotti non approvati, o un loro sovraccarico, invalida qualsiasi garanzia.
Scanstrut non fornisce dispositivi per fissare questo prodotto alla superficie prescelta. Scegliere dispositivi di fissaggio adatti a questo scopo.
Si declina qualsiasi responsabilità per danni causati da un'installazione erranea.
L'installazione e il montaggio devono essere ispezionati con regolarità per verificare la presenza di danni o di pezzi allentati.
Questo prodotto è stato studiato appositamente per il supporto di apparecchiature elettroniche navali approvate in normali condizioni di navigazione.

IMPORTANTE

Montajes de cuña son compatibles únicamente con equipos electrónicos marinos según se establece en la última Guía de Productos Scanstrut– sujeto a cambios sin previo aviso.
El uso de los montajes de cuña con productos no aprobados, o bajo exceso de carga, invalidará cualquier garantía.
Scanstrut no suministra anclajes para fijar el producto sobre la superficie elegida. Escoja el sistema de fijación más adecuado para este propósito.
No se aceptará ninguna responsabilidad por los daños causados por una instalación incorrecta.
La instalación y ensamblaje deberá inspeccionarse regularmente, comprobando cualquier evidencia de daños o piezas aflojadas.
Este producto ha sido específicamente diseñado para el montaje de equipos electrónicos marinos aprobados bajo condiciones normales de navegación.
