World's No.1 Dishwasher Brand.

For dishwashers. Source: Euromonitor, volume sales, 2017.

Quality comes from experience

No appliance leaves our factory until it has been proven to meet our high standards of quality, performance and sustainability. This was Robert Bosch's promise when he opened his first workshop in 1886, and this is the promise we strive to keep today. To help us achieve this, we are constantly developing new manufacturing processes.

All Bosch ActiveWater™ dishwashers undergo 200 individual quality control checks before being released from the factory.

ActiveWater™ is a revolutionary dishwashing system that uses every single drop of water to the maximum. Our ActiveWater™ dishwashers are amongst the most resource-efficient in the world, generating the cleaning power of over 3,600 litres from as little as 12 litres per wash.

Bosch – a brand you can trust.

Reliability guaranteed. No compromises.

All Bosch home appliances are produced using high-quality materials with maximum care.

We promise this in our two year manufacturer's warranty on all appliances.

10 year rust-through warranty for the inner tub

We have developed special surface treatments as well as production and joining technologies that are precisely tailored to the materials used in the interior of our dishwashers. We also use high-quality sheets of stainless steel. As a result, we are able to offer a 10 year warranty against interior rust-through on our dishwashers as standard.

Lifetime anti-flood warranty

AquaStop™ Plus anti-flood protection, guaranteed for the life of the dishwasher. For added security and safety, all Bosch dishwashers have an AquaStop™ Plus device that cuts off the water supply directly at the tap outlet in case of leaks. Unlike other anti-flood devices, the AquaStop™ Plus operates 24 hours a day, 7 days a week, provided the dishwasher is switched on at the mains.

Sustainability

This signet denotes products that focus on energy and water efficiency while achieving top performance based on Bosch technologies – and, like all Bosch products, have been manufactured with the aim of minimising their impact on the environment. The signet stands for the resource-efficiency of our products – quite simply, for their 'Green Technology'.

Choose the right design and fit for your kitchen.

Freestanding

Freestanding dishwashers can be **installed anywhere** in your kitchen

- ▶ Designed to stand alone
- ▶ Removable worktop (to accommodate benchtop height)
- ▶ Elegant curved fascia

Built-under

Built-under dishwashers **fit into a new or existing kitchen** with style

- ▶ Flat control panel
- ▶ Adjustable height for flush fit
- ▶ Option of continuous kick panel flush with kitchen cabinetry

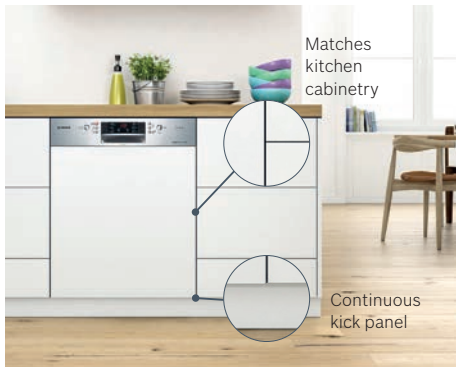

Slimline

These **slimline 45cm dishwashers** are ideal for kitchens with **limited space**

- ▶ Available as a **freestanding** stand-alone model
- ▶ Available as a **built-under** model with adjustable height for a flush fit

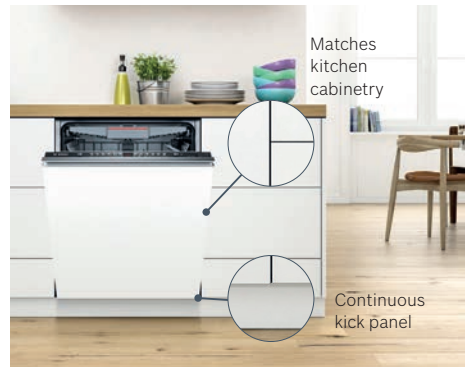

Semi-integrated

Integrate your dishwasher for a **seamless look**

- ▶ Can be fitted with a door panel to match the design of your kitchen cabinetry*
- ▶ Continuous kick panel provides seamless integration

Fully integrated

Fully integrated dishwashers are designed to **fit your new kitchen to perfection**

- ▶ Can be concealed entirely behind a door panel to match the design of your kitchen cabinetry*
- ▶ Control panel neatly integrated into the top of the dishwasher door
- ▶ Continuous kick panel provides seamless integration
- ▶ Optional stainless steel front panel accessory

Modular built-in

These modular dishwashers offer the freedom to **perfectly coordinate your kitchen**

- ▶ ActiveWater™ Smart modular dishwashers can be installed individually
- ▶ Ideal for grouping together with matching Bosch appliances

*Door panel not included.

There's more to discover. Find the right dishwasher for all your needs.

Our dishwashers offer a range of advanced technologies as standard and additional options across the range to suit your individual requirements. To help you choose the right Bosch dishwasher, we have divided them into the ranges below.

Series 8: Best in class.

Our **Series 8** range combines cutting-edge design and advanced technologies for optimum cleaning performance and hygiene. Their 5 star water rating and 4 star energy rating is best in class and helps you cut down your utility bills. With **VarioFlex® Pro** these models offer you the ultimate flexibility in loading solutions and are exceptionally quiet at 42dB.

Freestanding

Built-under

Semi-integrated

Fully integrated

Series 6: Want a bit more?

Our **Series 6** range comes packed with technology, from energy and water saving modes to quick washes for when time is limited. They also feature **VarioFlex® Plus** and flexible loading solutions to accommodate dishes of all shapes and sizes.

Freestanding

Built-under

Semi-integrated

Fully integrated

Series 4: Your everyday dishwasher.

Our **Series 4** range offers great value for money whilst maintaining Bosch high quality and reliability standards. Including advanced energy and resource saving features in addition to **VarioFlex®** baskets that have foldable racks in the upper and lower baskets.

Freestanding

Built-under

Semi-integrated

Freestanding

Series 2: The proven performer.

Our proven performer and Choice recommended appliance. Brilliant cleaning results with auto program and fast wash option. A great fit for first-time dishwasher buyers - your only regret will be that you didn't get one earlier!

No matter what is on your plate, we have you covered.

When it comes to food, we like to vary what we put on our table. But for every meal, dishes and cookware are needed. And sometimes there are more dishes to clean. Thanks to their flexibility, our Bosch dishwashers make it easy for you to get all your dishes cleaned at once – even larger pots and pans.

Discover our flexible drawer and basket systems:

VarioDrawer™ and VarioDrawer™ Pro

A third loading level for cutlery and utensils. VarioDrawer™ Pro provides loading flexibility for larger items.

Rackmatic™ Plus

Height-adjustable upper basket provides nine different loading positions for easy loading. Can be adjusted on an angle to accommodate taller plates in the bottom basket and taller glasses in the upper basket.

Basket systems:

- Vario® 2 folding racks
- VarioFlex® 4 folding racks
- VarioFlex® Plus 8 folding racks, red touchpoints
- VarioFlex® Pro 14 folding racks, red touchpoints and premium handles

High energy efficiency and low water consumption.

Bosch dishwashers have many innovative features to assist in saving water and energy:

Eco Wash 45°C uses just 0.64kWh per cycle and 12 litres of water for a full wash and dry cycle.

Auto programs automatically adjust water and energy use according to the level of soiling.

HalfLoad allows washing of smaller loads up to 7 place settings anywhere within the dishwasher.

Did you know?

You can save up to 12,000 litres of water per year* with a Bosch ActiveWater™ Dishwasher. ActiveWater™ is a revolutionary dishwashing system that uses every single drop of water to the maximum. Our ActiveWater™ dishwashers are amongst the most resource efficient in the world, generating the cleaning power of over 3,600 litres from as little as 12 litres per wash.

*In one year, household average of 4 washes per week. Colmar Brunton Dishwashing Study 2009, Nielsen PIP Dipstick 2017.

Talking

74dB

So quiet we had to add a light to let you know it's running.

At Bosch, we know that the kitchen is a central part of the home where people gather. With this in mind, we have designed a range of whisper-quiet dishwashers with an ExtraQuiet program that operates at just 40dB. That's even quieter than the sound of a buzzing bee!

Bosch Built-under Dishwasher

ExtraQuiet program

40dB

30dB Leaves rustling

Discover the features available as standard in our new range of dishwashers.

Bosch dishwashers come with many convenient features included as standard. Quieter, more efficient and with improved safety features, you can enjoy more family time and perfectly clean dishes every wash.

We've increased our standard. So you can do the same.

EcoSilence Drive®

Our advanced motor has been built to provide you with maximum efficiency, economy and durability. EcoSilence Drive® wash and drain pumps work without brushes, resulting in ultra-silent performance and top results.

Heat Exchanger

Uses residual heat to rinse and dry dishes, saving energy, reducing temperature shock, and providing hygienically clean results by not drawing air from outside of the dishwasher.

DosageAssist™ detergent system

Unique to Bosch, DosageAssist™ maximises the effectiveness of the detergent tablet by dropping it into a specially engineered tray that is targeted by water jets, resulting in a tablet that dissolves evenly. For superior cleaning performance and a quieter wash.

AquaStop™ Plus

The AquaStop™ Plus system consists of a double-walled supply hose, a safety valve, as well as a floor sump with float switch, offering 100% protection against water damage. Guaranteed by Bosch.

Last Program Used Memory

The last program used is remembered for ultimate convenience. Simply press 'Start' for clean dishes.

Anti-fingerprint finish

The anti-fingerprint stainless steel finish ensures no prints are left behind and the dishwasher always looks its best.

Child door and button locks

For added safety, the door can be locked manually to prevent children from inadvertently opening the door. The buttons can also be locked to prevent tampering during operation.

Whisper quiet washing

Bosch dishwashers are amongst the quietest in the world. With brushless motors and advanced sound insulation technology for whisper quiet operation from just 40dB. Quieter than a buzzing bee!

Three stage self-cleaning filter

An additional nozzle in the spray arm cleans the bottom of the dishwasher while also breaking down food to pass through the filter and prevent blockages.

AutoBrilliance™ automatic detergent sensor

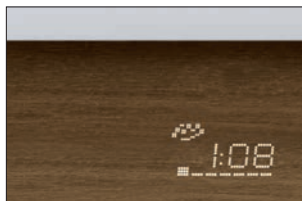

The AutoBrilliance™ function adapts the temperature for multi-function detergent tablets, ensuring the rinse aid is fully utilised, delivering sparkling results every time.

AquaSensor™ technology

The AquaSensor™ helps you save more water as it measures the amount of soiling at the end of the pre-rinse cycle, reusing water when it can, saving up to 20% for the entire wash.

Introducing our innovative features in selected models.

Our clever dishwashers include advanced features that offer even more convenience and flexibility.

TimeLight®

You might not hear anything coming from your dishwasher, but it may still be on. To prevent you from interrupting the cycle, the TimeLight® illumination projects the remaining wash cycle time onto the floor when the dishwasher is in operation.

EmotionLight

Show off your sparkling clean glassware beautifully with the interior illumination with EmotionLight. The LED lights never need to be changed and will last for the lifetime of your dishwasher.

10 year anti-rust warranty

Our appliances are made from top-quality materials and, in addition to our standard appliance warranty, we provide a 10 year warranty against rusting-through of the dishwasher's stainless steel inner cavity.

InfoLight®

Selected models feature InfoLight® – a red LED light that discreetly beams onto the floor during the wash cycle and disappears after the drying cycle is complete.

Full colour TFT display

The multi-coloured TFT display shows wash progress, time remaining, and thanks to the advanced technology, displays the predefined water and energy consumption for each wash option.

Polinox® inner tub

Extremely durable, odourless and rust-free, the patented Polinox® inner tub on Series 4 and selected Series 6 models is German engineered with robust materials that withstand dints, scratches and discolouration, based on 10 year simulation tests.

Your guide to our wash programs and options:

Wash programs

Automatic programs

By choosing the automatic program, your dishwasher will assess how soiled the items are and adjust the program time and temperature accordingly.

Eco Wash 45°C

Save on your utility bills and reduce the impact on our environment by using this water and energy efficient program for mixed loads.

Pots & Pans 70°C

An intensive wash cycle designed for heavily soiled dishes such as pans with baked-on food.

Quick 60mins 65°C

A 60 minute wash and dry cycle for dishes of various soiling levels for situations when time is of the essence.

Quick 29mins 45°C

A 29 minute* express wash designed to clean lightly soiled dishes in a short time, such as drinking glasses at a dinner party.

ExtraQuiet 40dB 50°C

Washes dishes exceptionally quietly at just 40dB, perfect for eat-in kitchens, open spaces or running your dishwasher at night.

Pre-Rinse

Uses only cold water to rinse dishes, ideal for odour reduction of dirty dishes between full wash cycles.

Glass Wash 40°C

Gently cleans glasses such as high-quality crystal stems while providing optimum drying to add an extra sparkle to your glassware.

Super Wash 60°C

With high water pressure and high temperatures, the Super Wash program leaves even the dirtiest of dishes brilliantly clean and dry.

Features vary depending on models. Please check individual product specifications.

* With use of rinse aid.

Wash options

SpeedPerfect® & VarioSpeed

Reduces program time by up to 50% for the fastest wash possible – perfect for when time is of the essence.

ExtraDry

Uses a higher temperature final rinse, providing even better drying results. Especially useful for drying glassware and plastics.

HalfLoad Plus

Provides perfect wash performance for up to seven place settings stacked anywhere in the dishwasher while operating resource-efficiently.

Machine Care

Helps remove grime and limescale build-up from your dishwasher to keep it clean and fresh. We recommend using this function once a month or after every 30 wash cycles.

IntensiveZone™

Transforms the entire bottom basket into a power cleaning zone by increasing the water pressure, saving you the chore of scrubbing heavily soiled pots and pans.

HygienePlus™

Utilises a hotter final rinse, perfect for removing bacteria from your cooking utensils, chopping boards and baby bottles.

For baby bottles, we recommend using traditional sanitation methods in conjunction with this option.

Accessory

Wine glasses should be washed by hand. Or by Bosch.

The GlassSecure Tray protects your glasses. Designed for Bosch dishwashers equipped with any VarioFlex® basket system, this unique tray securely holds four long stemmed glasses in place. The locking mechanism lifts and secures all four glasses at once. Glasses are angled and positioned to provide optimum cleaning and drying with the highest glass protection.

This much is for sure: you can trust our service.

Reliable, experienced, fast. The customer service of Bosch; before and after purchase.

Quality service straight from the manufacturer. Original Bosch.

We are committed to quality even when it comes to after-sales service because no one knows Bosch appliances better than our highly trained service engineers. Working with the latest equipment for measuring, diagnostics and repairs, Bosch service engineers only use original Bosch spare parts.

Reliability guaranteed. No compromises.

All Bosch home appliances are produced with maximum care using high-quality materials. We promise it in our two year manufacturer's warranty on all appliances.

Lifetime service. It goes without saying at Bosch.

Once your warranty period is over, we are still there to assist you. You can rely on expert care and first-rate service throughout the life cycle of your appliance. From missing instruction manuals to appliance repair – we take care of everything.

Original accessories.

Effective care products.

Take a look at our extensive range of accessories for some inspiration: discover additional uses, replace old materials for optimum operation or simply give a trusty home appliance a good work-over. With the right care, you will be able to enjoy your high-quality appliance for many years to come. To help you do so, we offer a wide range of Bosch certified cleaning and care products.

**Extensive customer service network.
Just a call away.**

Customer Care

Our friendly Bosch Customer Care team is on-hand to provide competent, reliable assistance. Before or after purchase, the Bosch team will be happy to advise you on products, their use and special functions.

Service & Repairs

Our team is there to provide the right advice on faults, arranging a visit of a service engineer and ordering the right accessories or spare parts.
