

IN-DASH INSTALLATION KIT FOR 2004-UP CHEVROLET MALIBU, MALIBU MAXX; 2005-UP EQUINOX, COBALT; 2006 HHR, PONTIAC G6; 2006 SATURN ION

INTRODUCTION

This premium installation kit is for 2004-06 Chevrolet vehicles. Included are all the parts you need to mount your car stereo/cassette or CD player into your vehicle's dash. Refer to the individual instruction in this manual to remove your vehicle's factory radio and assemble the kit.

CAUTION:
DISCONNECT YOUR VEHICLE'S NEGATIVE BATTERY TERMINAL BEFORE THE INSTALLATION TO HELP PREVENT ELECTRICAL DAMAGE. WE RECOMMEND THE USE OF A VOLT/OHM METER OVER A TEST LIGHT TO CHECK WIRING. A TEST LIGHT OR GROUNDED WIRE PROBE CAN CAUSE DAMAGE TO THE VEHICLE'S COMPUTER AND/OR DIAGNOSTIC SYSTEMS. AVOID ALL FACTORY AIR BAG WIRING - AIR BAGS CAN ACCIDENTALLY DEPLOY CAUSING SERIOUS INJURY OR DEATH.

NOTES:

- See your vehicle's instructions for any special tools your installation might require.
- Read all instructions accompanying your car stereo/cassette player for proper wiring and mounting instructions.

RADIO REMOVAL

2006 Chevrolet HHR

1. Using a panel removal tool, remove panel surrounding window controls in center console.
2. Extract (2) 7mm screws from behind window control panel.
3. Using a panel removal tool, unsnap trim bezel that surrounds the shifter.
4. Using a panel removal tool, unsnap the rest of the lower console surrounding shifter.
5. Using a panel removal tool, unsnap dash bezel that surrounds the factory and HVAC controls. Lift away, disconnect, and remove.
6. Extract (8) 7mm screws securing HVAC controls and factory radio. Lift away, disconnect, and remove.

KIT MODIFICATION:

1. Cut along notches to remove the shaded part on kit, for panel to fit for this application.

2006 Saturn ION

1. Using a panel removal tool, remove the trim around the shifter.
2. Using a panel removal tool, remove the top panel of the center console that surrounds the shifter and cup holders.
3. Using a panel removal tool, remove the front dash panel that surrounds the radio and top A/C vents. Disconnect and remove. **(WARNING: DON'T TURN ON THE IGNITION WITH THE PASSANGER AIRBAG LIGHT PLUG DISCONNECTED. THIS WILL FLAG AN AIRBAG LIGHT CODE).**
4. Extract (4) 9/32" bolts securing the radio to the dash. Disconnect and remove.

KIT MODIFICATION:

1. Cut along notches to remove the shaded part on kit, for panel to fit for this application.

2005-UP Chevrolet Cobalt

1. Open glove box. Using a panel removal tool, carefully unsnap dash trim bezel, lift away and remove.
2. Using a panel removal tool, unsnap driver knee panel, lift away, disconnect and remove.
3. Using a panel removal tool, unsnap dash trim bezel on right side of steering wheel, lift away, disconnect and remove.
4. Using panel removal tool, unsnap dash bezel, lift away and remove.
5. Extract (4) 7mm hex bolts securing radio, lift away, disconnect and remove.

2005-UP Chevrolet Equinox

1. Unsnap dash surrounding radio, A/C and shifter. Disconnect and remove.
2. Remove (4) 9/32" bolts securing radio. Disconnect and remove.

2005-UP Pontiac G6
