Hardware List

- The instructions are general versions for reference only. The installation methods are basically the same. If you have any doubts, please contact customer service.
- Carefully remove all the parts from the carton and place them individually on a softcloth to prevent scratches or other damage.
- Carefully and strictly follow these assembly&installation instructions to ensure a completed product as designed.

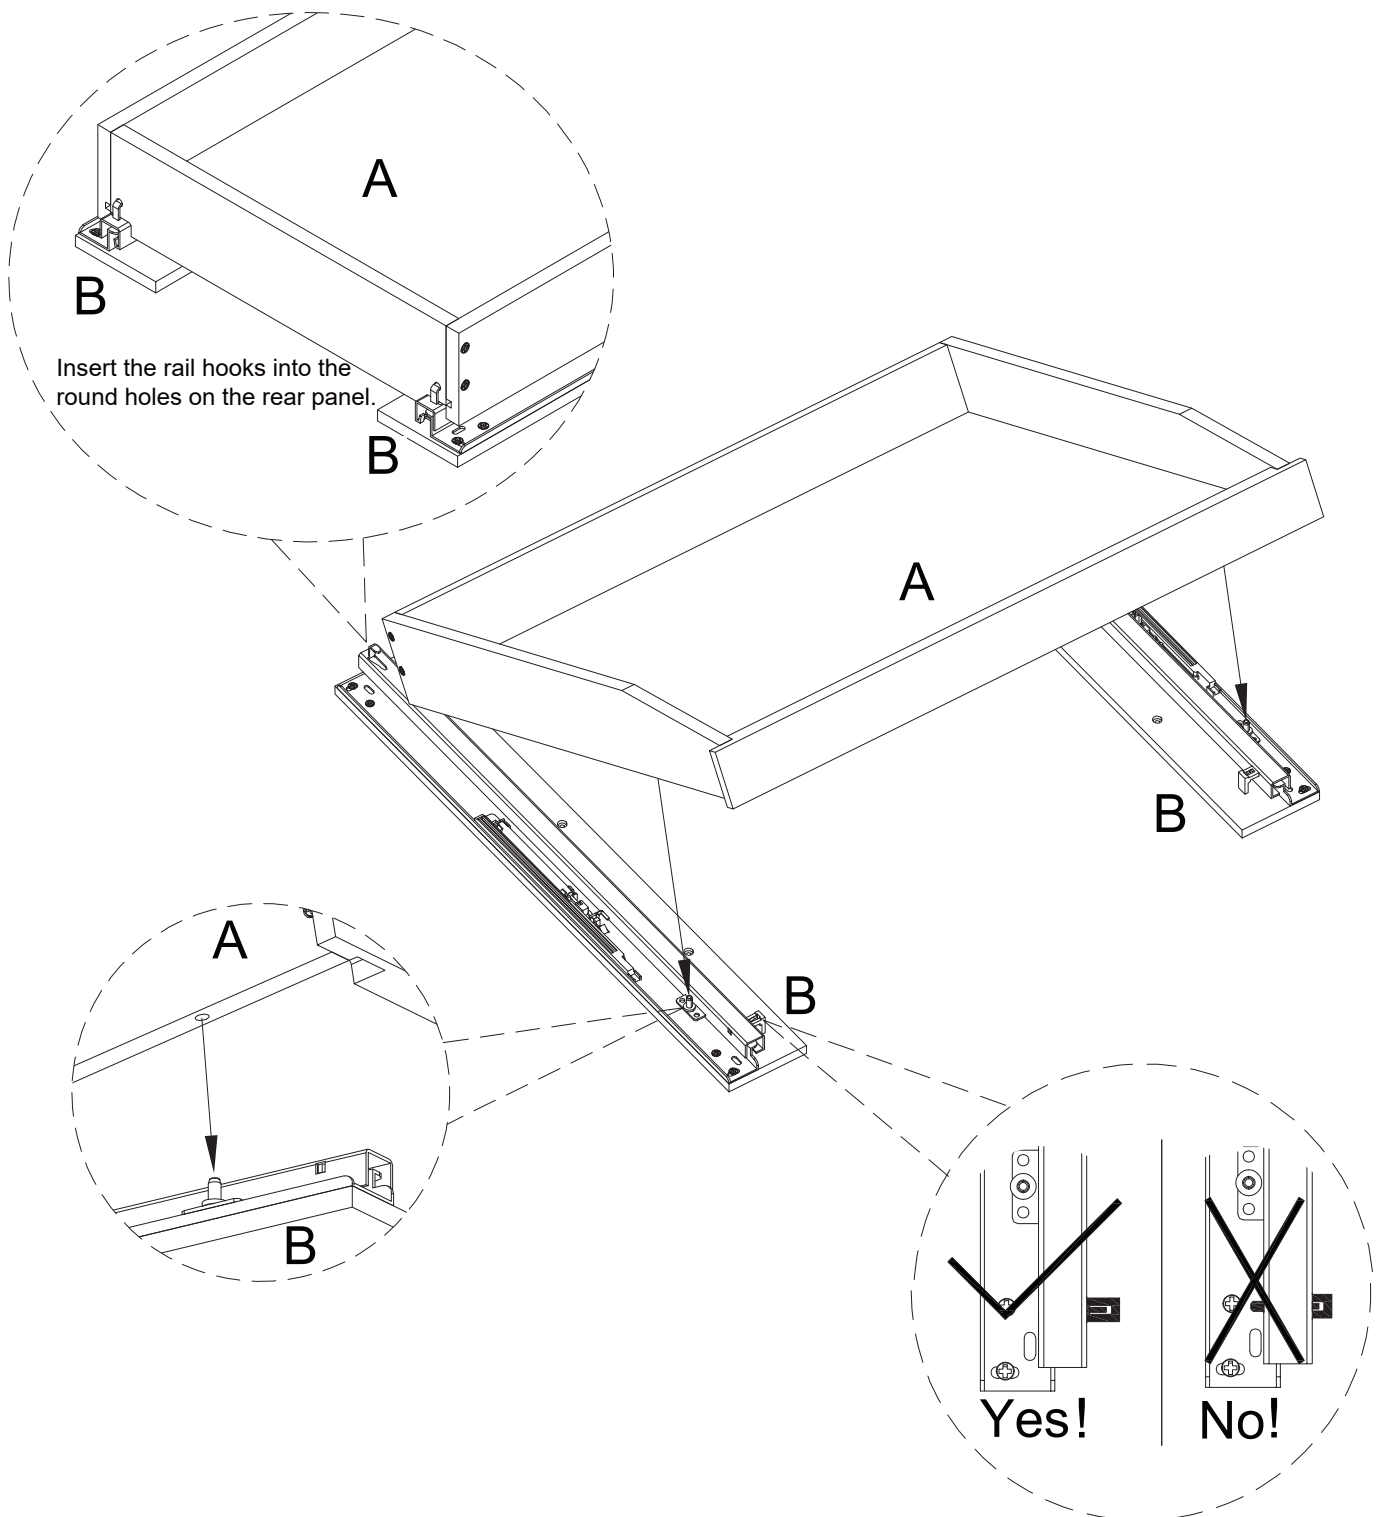

Number	Parts	Quantity	Number	Parts	Quantity
A	 Wood block	1 PC	C	 Screw 3.5*16mm	6 PCS (+2 extra)
B	 Slide Rail	1 SET			

TOOLS REQUIRED (not included)

Electric Drill

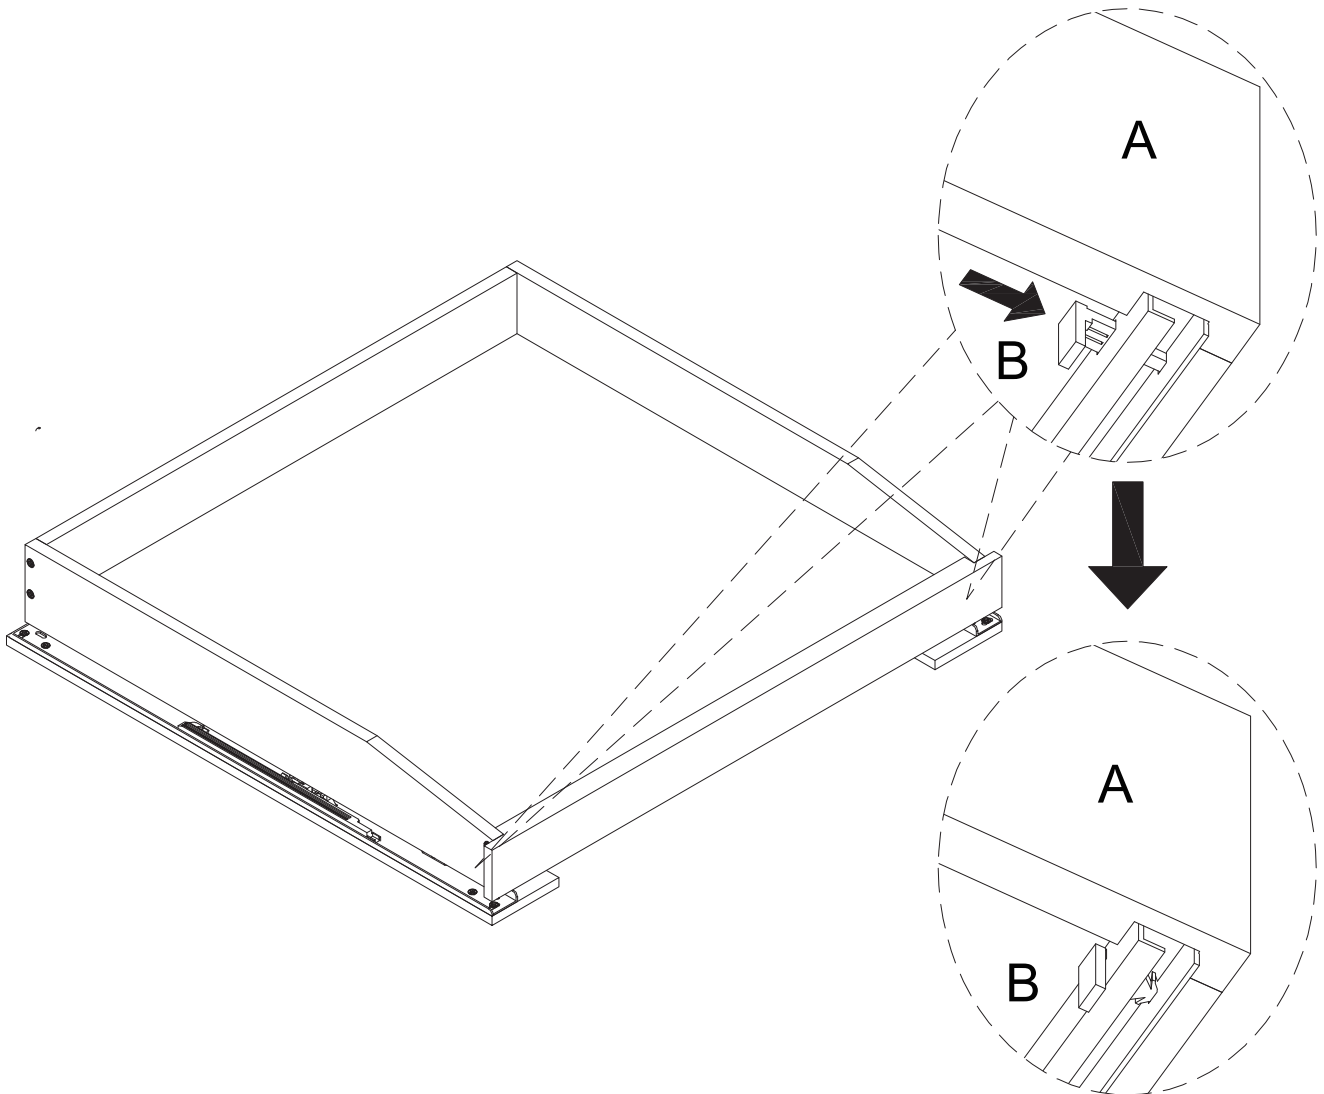

Step 1

Notice: There is a small white plastic buckle in the front section of the slide rail, pull it out first, and then place the storage box on the slide rail.

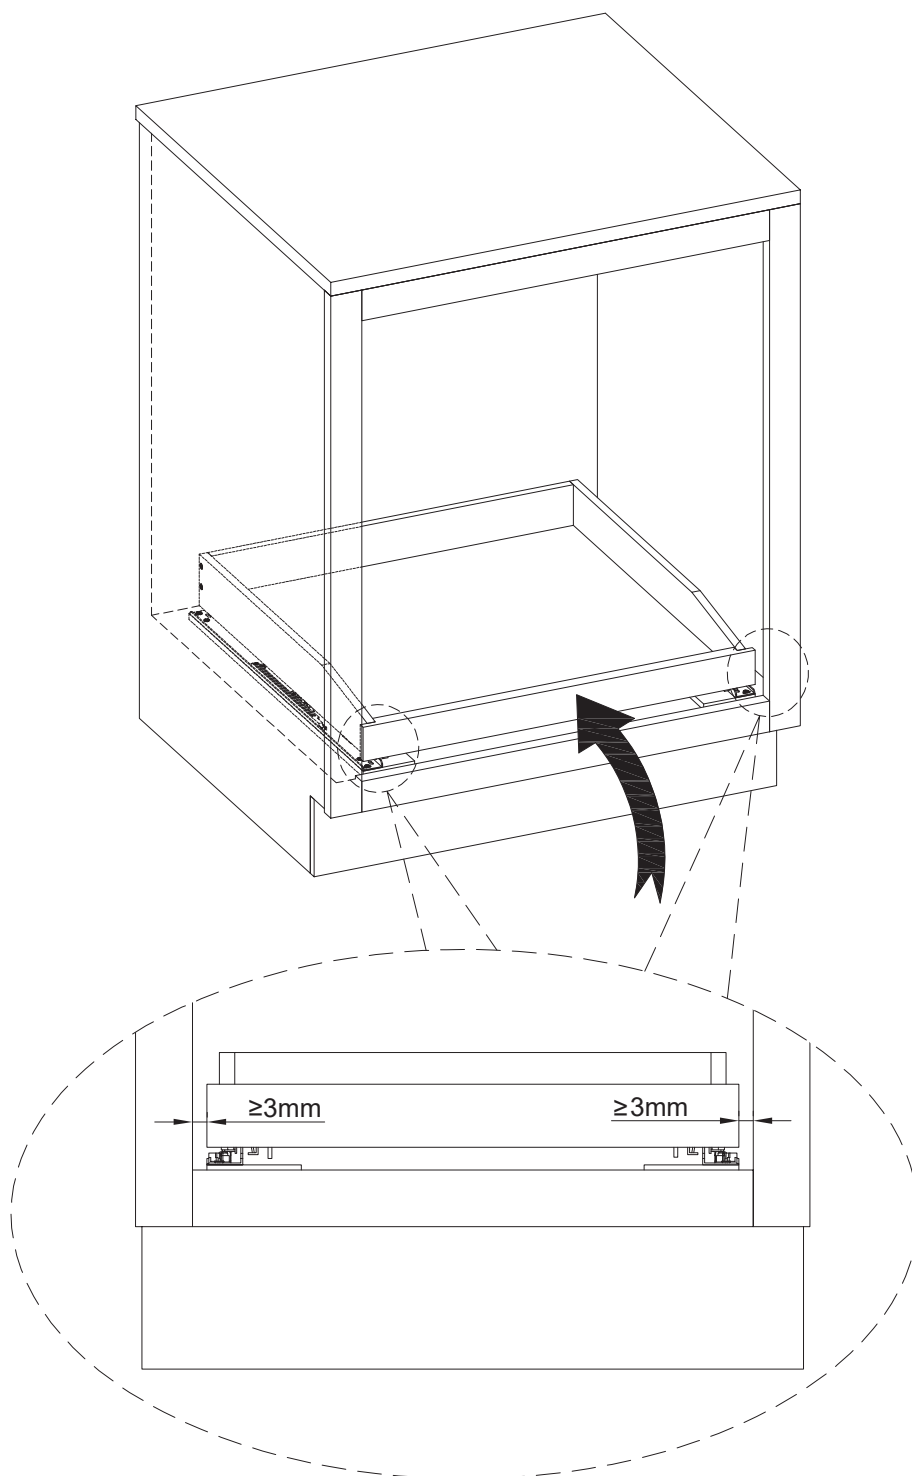

Step 2

- Push the plastic clasp back into place to hold the box in place.

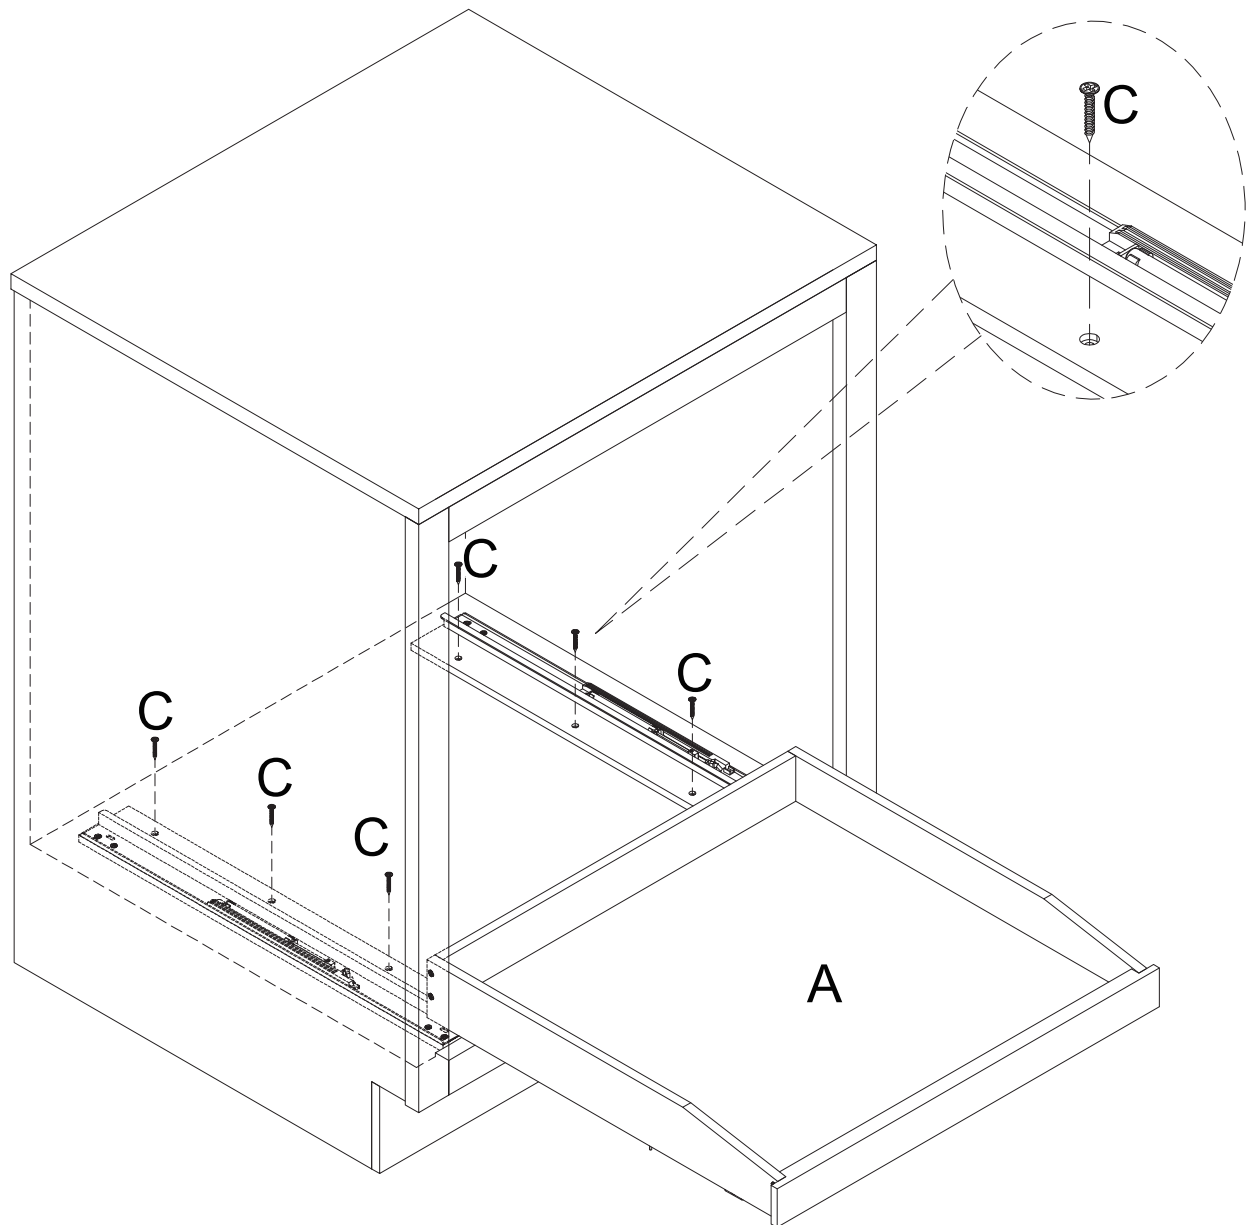

Step 3

- After placing the storage organizer into the cabinet, pay attention to the distance reserved from the edge of the cabinet to ensure that the storage organizer can be used properly.

Step 4

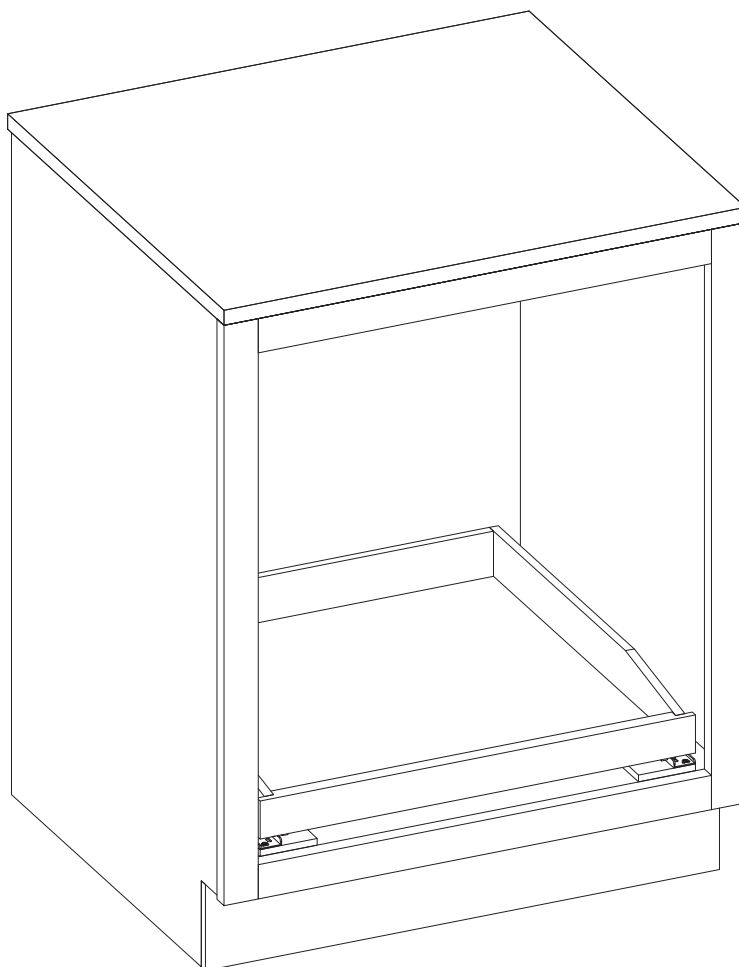

- Pull out the storage box and secure the slide with screws.

Step 5

- Pull the pull-out unit back out and into the cabinet several times to check whether it can realize the function of smooth soft-close.

Note: If the pull out unit is too tight or too loose, loosen the screws in the cabinet rails to make the rail position adjustments, then re-tighten the screws.
