

PRODUCT SPECIFICATIONS

- Model : WL-BSKLDSPK-ORN
- Speaker Power: 5W
- Power: 3.7V /1200MAh
- Power Input: DC5V /500MAh
- IP Rating: IPX4
- Frequency: 50Hz-20kHz

PACKAGING CONTENT

- Slam Dunk Wireless Speaker
- 1 USB-C Cable
- 1 Remote Control (battery included)
- 1 User Manual

PRODUCT INSTRUCTIONS

Press and hold the power button on the audio system to turn it on/off.

2. After turning on the phone, turn on the Bluetooth and search for the Bluetooth pairing name: **THROWBACK**. After successfully connecting and pairing, you can play music.

3. After turning on, the remote control can be used for operation:

① Press the LED button to turn on and off

the lights, and press the corresponding button on the remote control to change the color of the lights.

② When playing music, press the

corresponding button on the remote control to adjust the volume, switch up and down songs, play and pause music.

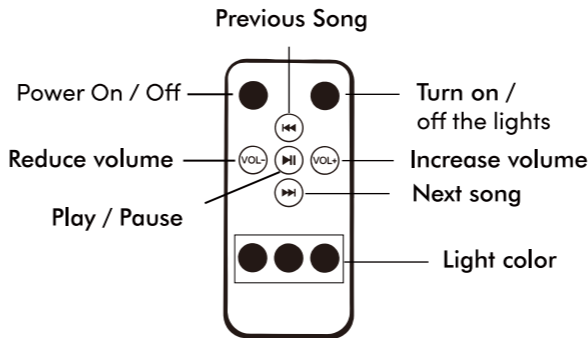

③ Press the power button on the remote

control to turn on and off the audio function.

4. When the power of the speaker is low or it automatically shuts down when there is no power, you can plug in a USB-C cable to charge the speaker with a charging voltage of DC5V.

5. Remote control battery specification: 2AAA (battery included)

6. Remote control picture:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radiocommunications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio /TV technician for help.

The device has been evaluated to meet general RF exposure requirement.
