■ Welcome To Proaim!

Dear Client,

On behalf of all the people that work so hard to provide you with the most up-to-date, flexible and cost-efficient production gear, we would like to welcome you into the Proaim family.

By purchasing your Flowline Steady Camera Support Rig, you have just joined a host of designers, engineers, machinists, assembly, customer service and office staff that take great pride in all that they do. Our mantra of continuous improvement has been the guiding principle of how we conduct our business since day one.

Once you have the opportunity to experience your new Flowline Steady Camera Support Rig, we hope you will agree that we craft quality products at a competitive price. Products designed to meet and exceed the standards of today's real production world.

Standards set by our valued clients and standards we strive to maintain.

With Best Wishes,
Proaim Team

■ Introduction

The Flycam Flowline is here to support & carry the heavy necessities. Flowline is a remarkable gear that has already shaken the film industry with its performance. Its outstanding functionality will make you addicted to it. It relieves you from all kinds of strain usually faced on day long shoots. Specifically designed for carrying cameras from 3kg to 7.5kg, it provides you incredible freedom of movement. This must have equipment allows you to capture the most beautiful moves for all occasions.

■ What's In The Box

Please inspect the contents of your shipped package to ensure you have received everything that is listed below.

Flycam Flowline Camera
Support

Camera Plate

2 x Front Handles

Top Handle

2 x Rods

Shoulder Pad

Storage Bag

■ Assembling

- Connect Section-1 Support Jacket with Section -2 Support Bar by simple push-fit technique.

- Remove side knobs of Section-2. Join Section-3 with Section-2 and tighten the knobs back.

- Adjust & tighten the buckles provided at both waist & chest, as show in image, until you find it comfortable.

- Loosen the knob on hook and attach camera with it. Tighten the knob back to ensure slip-free connection.

NOTE 1: Slightly loosen all the four knobs provided on back of Support Jacket to adjust the height of Support Bar.

NOTE 2: By adjusting side Support Bars, weight can be easily shifted to your shoulders and hips.

NOTE 3: Through Adjustment Knob you can adjust the tension in anti-clockwise direction, according to the weight of your setup.

- Loosen knob at Support Bar and adjust the position of camera according to your eye-level, if required.

Assembling of Shoulder Mount Rig

- Insert both Handles into Camera Plate and tighten the Handle Adjustment Knob.

- Now insert both the Rods into Camera Plate and tighten the knobs accurately.

- Then insert Top Handle into the handle holder and tighten it with the knob.

NOTE: You can loosen this knob to adjust the height of top handle, according to your setup requirement.

- Now take Shoulder Pad. Remove a bolt with the help of allen key to change the position of rod. Insert the bolt again and tighten with the help of allen key.

- Then attach your Shoulder Support with Camera Plate and tighten the knob to secure it properly.

- Finally, loosen the knob on hook and attach Shoulder Mount Rig. Tighten it back to ensure slip-free connection.

YOUR FLYCAM FLOWLINE CAMERA SUPPORT RIG ALL DRESSED UP AND READY TO GO!

WARRANTY

We offer a one year warranty for our products from the date of purchase.

We will repair or replace your product, free of charge, in the event of a defect in materials or craftsmanship obtained during normal use or handling based on the user manual. Please note that we will not cover any shipping costs for returning the product to us. If any VAT or import duties are applied to the return, we will also charge these costs to the customer.

The warranty does not include, by the way of example, damage caused by products that we do not supply or from mishandling in transit, accident, misuse, neglect, lack of care of the product , or service by anyone other than our company.

We are not liable for incidental or consequential damages resulting from the use of the unit or occurring due to any breach of this warranty.

Replacement parts of the product will be provided at nominal cost (covering the cost price of the replacement parts only) to the customers after the Warranty Period has expired. We will cover

the complete cost of sending replacement parts within the warranty period. After that, Nominal cost of the product & Actual shipping cost will be charged.

Do not send the unit to us without first getting a response and getting the approval to send back the item.

In case of any kind of dissatisfaction, we urge you to **Contact us** immediately and we shall do our Best to help you out. For any other assistance you can reach us via email.
