Operating Instruction

SmallRig Camera Cage for Panasonic Lumix GH5/GH5 II and GH5S CCP2646 is a formfitting full cage designed to provide protection and accessory mounts for GH5/GH5S. The cage secures to the camera via a 1/4"-20 screw and each side features an m2.5 thread for further security to prevent twisting. Featuring multiple 1/4"-20, 3/8"-16, and ARRI 3/8"-16 accessory threads for accessories, such as Top Handle 2165, Side Handle 2093, and Monitor Mount BSE2348. You can also attach the HDMI Cable Clamp 1822 to protect the HDMI cable. The cage integrates with a cold shoe on the top for microphone and light, and features a NATO rail on the left side for NATO Handle 2187. A flat head screwdriver is included to secure the camera screw and stores on the bottom of the cage. The 1/4"-20 threaded hole in the bottom front is for attaching a 15mm Rod 915 for follow focus. Besides, the cage provides a strap slot on each side for carry strap. Optional DMW-XLR1 Helmet Kit HTS2367 is sold separately allows for mounting more accessories on the top.

## **Safety Guidelines**

### **1. Environment**

Do not use the product underwater, in extreme temperatures (e.g., freezing or direct heat), corrosive environments, or excessive dust. Dry metal parts immediately after liquid contact to prevent corrosion.

### **2. Load Capacity**

Do not exceed the maximum weight capacity indicated on the product. Overloading risks structural failure, deformation, or accidental drops.

### **3. Cleaning & Maintenance**

Clean surfaces with a dry, soft cloth. Avoid chemicals like alcohol or solvents. Ensure dry and ventilated conditions for long-term storage.

### **4. Structural Integrity**

Do not modify the product (e.g., drilling, cutting)—this compromises structural integrity and increases drop risks.

### **5. Malfunctions**

Stop use immediately if you notice deformation, unusual noises, or loose components, and contact support.
