- Monitor room temperature remotely via the app
- For indoor use only
- Lithium battery
- Integrated ZigBee HA 1.2 connectivity
- Detection area: 15 feet
- Detection angle: 100°
- Passive infrared

Light has never been so enriching, helpful, individual and networked. SYLVANIA LIGHTIFY brings the future of lighting into your home or business today. Experience intelligent, connected solutions that adapt at any time to your desires and lifestyle easily via existing mobile devices and a free, simple to use app.

The LIGHTIFY lighting system begins with a wireless Gateway that can be plugged into a standard wall outlet anywhere in your home or business, and wirelessly syncs with your existing WiFi network. The Gateway connects to LIGHTIFY devices (up to 50 per each Gateway) via standard ZigBee Home Automation protocols. The free, user-friendly LIGHTIFY App, which runs on Apple iOS7 or above and Android 4.1 or above, offers a variety of practical and playful options to control the lighting system and is simple to use, convenient and secure.

The LIGHTIFY Smart Sensor allows you to automate your lighting experience by controlling when your lights turn on and off. As an added feature it will also monitor the temperature of your room.
