BROADCAST MULTI PAIRING TOWER SPEAKER

GIFTBOX: BLACK 8435430626070 WHITE 8435430626094
EXPORT CARTON: 8435430626087 8435430626100

DESCRIPTION

- Wireless speaker compatible with Bluetooth 5.4 technology.
- It also offers various other connection possibilities: optical input for connecting a TV, USB input, FM radio, and auxiliary audio input.
- It incorporates Broadcasting function, allowing up to 99 units to be connected in series to enjoy the same content on all of them, whether via Bluetooth, FM radio, USB, or AUX IN.
- It also includes a 6.3mm jack microphone input for enjoying the best karaoke at your parties.
- Thanks to its remote control, you can control all functions from the sofa or from a distance.
- Elegant and minimalist design, with a white or black finish and a base to place on the floor that fits into any space.
- High-quality wood finish that provides better sound quality.
