Pointing at the sensor

Take out

II. LED Strip Feature

1. Multipe Colors & Modes
2. Cuttable
3. Comes with strong back adhesive
4. Easy to use
5. Long Lifetime
6. Brighter but energy saving

III. Specifications

LED Type: 5050 SMD LED
Color: Multiple Colors Selection
Strip Width: 10mm
Color Rendering Index (CRI): Ra85+
Working Tempreture:-20℃ to 50℃
Beam angle: 120 degrees
Lifespan: 36,000Hrs+
Usage: Indoor use only

IV. Control Method

Type: V ersatile Music Remote 2.0
1.15 Steady Color
2. Brightness Diming
3. White Light Brightness Percentage
4. Simulation of sunrise sunset
5. Timing off Mode
6. Music Activation Mode
7. Mutiple Color Changing Mode

VI. Cutting & Connectors Application:

VII. Safety Information

1. FOR INDOOR USE ONLY.
2. RISK OF ELECTRIC SHOCK.
3. DO NOT EXPOSE TO LQUID, VAPOR OR RAIN.
4. Keep away from open flame.
5. Avoid overheating the light bar when power is on. Please unlock the light bar in time.
6. Avoid rough mounting surface. Make sure the surface is clean and dry before installation.

7. Avoid tearing back glue quickly during installation and stick it to the installation surface slowly.

LED mobile phone Bluetooth controller

Ⓢ duoCo Strip

LED mobile phone Bluetooth controller

Product Features
● LED Bluetooth controller is directly via mobile phone control remote distance can reach 20m without the need to set up, easy to connect open the software within 5 seconds you can automatically connect the controller
● Flow the rhythm of the music changes
● Group control
● The software shows that the text is based on the language of the mobile phone set up automatic transformation of Chinese and English
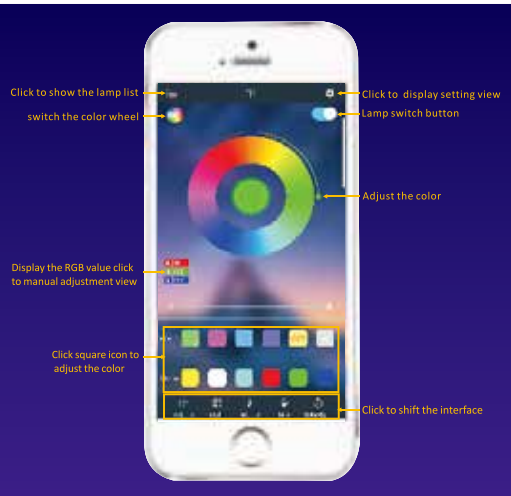

Animation Effect:
● Bluetooth controller is directly via mobile phone control remote distance can reach 20m without the need to set up, easy to connect open the software within 5 seconds you can automatically connect the controller
● Flow the rhythm of the music changes
● Group control
● Colorful gradient
● All kinds of monchrome, double color gradient
● All kinds of monchrome, double color, colorfull flashing
● Colorful jump
● Follow the rhythm of the music chagnes

Product Paramters:
● Bluetooth: BLE V4.2
● Input Voltage: 4.5~26V
● Working Temp: -20~50℃
● Size: 49.5*34.5*22mm
● Weight: 0.06kg
● Max Power:

APP Program Usage

Click to show the lamp list
switch the color wheel

Click to display setting view
Lamp switch button

Adjust the color

Display the RGB value click to manual adjustment view

Click square icon to adjust the color

Click to shift the interface

Notes：
detailed operating instructions, enter the menu" Guide "：

Scan two-dimensional code download APP

① Connect LED color strip and controller, power on controller

② Scan two-dimensional code download APP:

③ Start APP，search and connnect controller

④ Enjoy the Bluetooth wireless control experience

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
