# LIST OF ACCESSORIES

1×Tripod

1×  
Connection Piece

1×Electric Heater

1×M6\*60  
Screw

1×M6  
Butterfly Nut

## HOW TO INSTALL

**Step1:** Let the tripod stand on the ground, adjust it to the suitable height, then lock it and make sure it will not loosen. Finally, insert the connection piece like the picture A

**Step2:** Place the wall bracket on the screw on the back of the heater, and then adjust the wall bracket to the proper position with the nut from the accessory bag to lock it and make sure it will not loosen.

**Step3:** Match the bracket on the back of the heater and the connection piece of the tripod stand, adjust the heater to a suitable position, and lock it with the M6 Butterfly Nut and M6\*60 Screw from the accessory to ensure that it will not loosen

**Step4 :** We recommend attaching a sandbag or other weighted object to the base of the tripod for increased stability when using it.
