Vanguard Setup

- Remove the bolt and washer from the brake wheels.

- Insert the brake wheels into the vanguard and install the washer.

- Now attach the nut with the bolt and tighten it properly with the help of a spanner (17 mm).

NOTE: Two-front wheels swivel 360° for easy rolling and steering on uneven surfaces and have brakes for reliable parking. These easy rolling wheels are air-free, and their highly textured design offers a better grip on gravel, grass, debris, and other difficult surfaces .

- Remove the bolt with the help of a spanner (19mm) and insert the wheels.

- Then insert the bolt into the wheel and tighten it properly with the help of a spanner (19mm). Repeat this process again for the other wheel.

NOTE: The cart is an absolute stunner, offering you maximum efficiency on any ground with its impressive loading capacity, fully collapsible design, top-class craftsmanship, and, obviously, resilient wheels.

- Now insert both the knobs into the bottom side of the cart and tighten it properly, as shown in the image.

- Push the handle of the cart downwards and then push the handle upwards.

NOTE: The handles easily collapse by a foot release bar at the bottom of the cart, making carts easily fit for any car trunks.

- Repeat the same with the other side as well.

NOTE: The cart has an outstanding trait— its impressive capacity to haul up to 250kg/ 550lb load in a single go.

- Loosen both the knobs.

NOTE: The cart is totally geared toward safety there are eyelets for hooking and strapping any even or unevenly shaped equipment, ensuring complete protection.

- Increase the length of the legs and properly tighten its knob.

NOTE: It offers an extendable bed that extends the cart length from 30" to a very long 52", making it more spacious.

YOUR PROAIM VANGUARD COLLAPSIBLE UTILITY PRODUCTION CART ALL DRESSED UP AND READY TO GO!

(SHOWN WITH OPTIONAL ACCESSORIES)
