Mode 3: Combination Mode
In this mode, sleeves will be inflated and deflated alternately and circularly from lower to upper.

Q3: Why can't I feel the heat?
A3: The heating function is off by default. You can press the "⌘" button to turn it on and wait for 3-5 minutes.

Q4: What to do when the temperature is too high or too low?
A4: This device has 2 levels of heating function, you can choose low temperature or high temperature heating.

Note:
• The heating part is only on the knee part.
• Pay attention to the heating part to fit the knee, so that the heating is normal.

Q5: What should I do if I feel the massage strength is too light or too tight?
A5: There are 3 levels of massage strength selectable, please select the intensity which is fit for you. You can also adjust the strength via changing the tightness of Velcro on the wraps.

Q6: How long should we use it?
A6: We suggest you use 1-2 times everyday, and 20 minutes per time. You can also use it for long time if you feel too tired or want to continue to enjoy.
