COOPER
Lighting Solutions

COOPER
Lighting Solutions

At Cooper Lighting Solutions, we deliver industry leading indoor and outdoor lighting products, lighting controls, smart lighting systems, programs and services.

MARKET**PRO**
Stock Lighting Solutions

Readily-available solutions for all projects

The MarketPro program provides our distributor partners and contractors with our top selling lighting and controls products from our industry-leading brands. Designed for their trusted performance, reliability and quality, these products are in-stock and ready to ship.

Why **MARKETPRO?**

Proven Best Sellers
Our top selling lighting and controls products and smart lighting systems

Top Brands
Industry-leading brands satisfying customers for over 60 years

In-stock
Our essential products are in stock and readily-available

Innovation
State-of-the-art product innovation, reliability and quality

Utility Incentives
Products qualify for ENERGY STAR® and DLC®, saving money and adding value
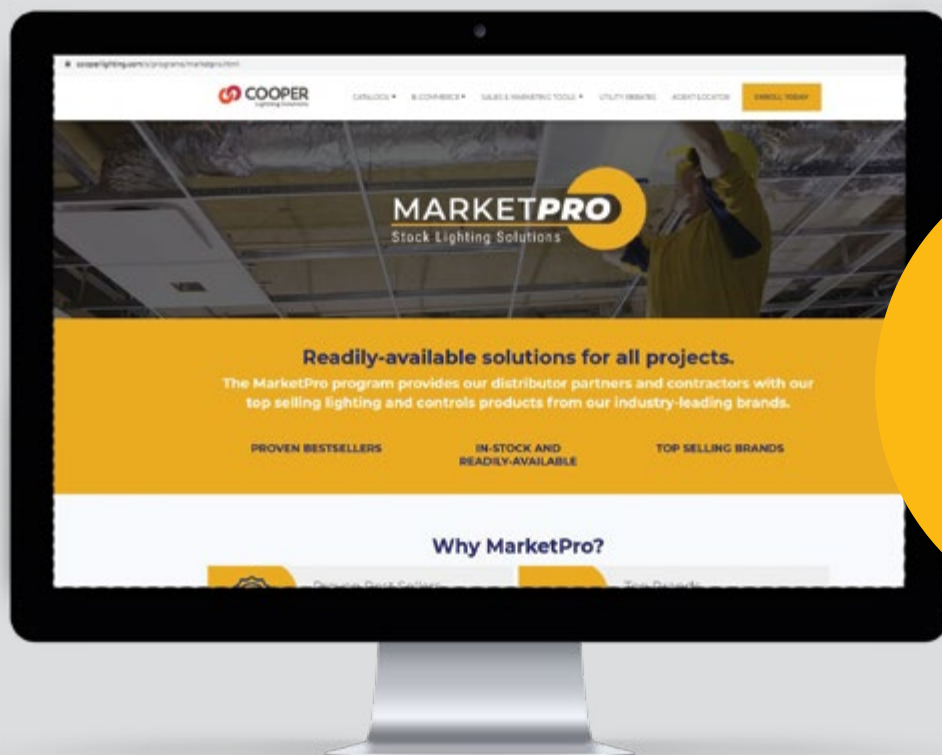

Training & Education
Online and instructor-led classes to expand your lighting and controls knowledge

See terms and conditions for details.

Find Everything You Need, When You Need It!

MARKETPRO ONLINE

Everything you need to know about the MarketPro Stock Program is conveniently located on one website.

Direct Mount Mounting Frame

HALO

- 4, 6 and 8-inch new construction frames for round and square products; Knock-outs allow square fittings
- Accepts fixtures including remodel housings and direct-mount downlights
- Use to reserve the ceiling location or install products that need bar hangers
- Provides routing guidance for the drywall contractor
- Bar hangers adjust up to 24-inches wide and can be shortened without removal
- Compatible with the HLB, RL, RA, HLA and LCR direct mount series

HALO®

HU11 LED Undercabinet

Sleek and Seamless

Ideal undercabinet lighting for commercial and residential applications. The HALO Undercabinet low-profile design delivers maximum energy savings with easy installation.

HU11 LED undercabinet

seleCCTable™ colors

PLUG-IN/DIRECT WIRE   **LINKABLE**   **DIMMABLE**   **LOW GLARE OPTICS**

- SeleCCTable™ color temperature for flexible lighting effects and applications (2700K, 3000K or 4000K)
- Sleek and seamless <1" profile
- Delivers up to 60 Lumens per Watt
- Dimmable down to 5% with select 120V dimmers

- Multiple wiring options including flexible conduit, romex or plugin
- 120V input
- Lasts for 50,000 hours
- 5-year warranty
- Damp location listed

HU11 LED Undercabinet

HALO

- Low-profile design delivers maximum energy savings and long life
- Ideal for task, accent, office, cove, utility and display lighting
- Field SeleCCTable™ CCT: 2700K, 3000K or 4000K
- Plug-in, direct-wire, easy-access mounts and linkable install features for easy installation

HALO Home Controllers and Accessories

These controls and accessories expand the convenience, reach and features of HALO Home. Add "Smart" devices to standard lights to bring them into the wireless network, enabling grouping and scheduling. Install HALO Home controls like the Scene Keypad, Anyplace and Accessory Dimmers to control HALO Home lights and lights connected to HALO Home "Smart" devices. Finally, extend the system's reach with the optional Bridge to enable voice control and secure lighting control from anywhere.

In-Wall Accessory Dimmer

• Remote control dimmer wirelessly commands any HALO Home device or group
• Use multiple Accessory Dimmers for multi-way control of HALO Home "Smart" Lights
• Bluetooth enabled; No internet or bridge needed
• Provides constant power for up to 300W HALO Home Smart Lights
• Neutral wire required; Includes an airgap switch to easily disconnect power

Controls HALO Home devices

CONTROLS
GREENGATE

0-10V WBSD Decorator Dimmer

Greengate

- Provides a full-range of linear-slide dimming control of 0-10V compatible light sources
- Allows user to return to previous light level when turning lights ON
- Can be used in single-pole (1 location) and 3-way (multi-location) applications
- Neutral wire is not required for installation of device
- Ideal for light commercial applications; Compatible with decorator style devices and wallplates

Catalog Number	Product Description	Finish	Voltage	Pallet Quantity	UPC
WBSD-010DEC-C1	0-10V Decorator Dimmer	White, Ivory, Almond	120V/277V	1,350	080083735266

0-10V WBSD Preset Slide Dimmer

Greengate

- Full-travel slide control; LED ready
- Class 1 or Class 2 wiring capabilities
- Can be used in single-pole (1 location) and 3-way (multi-location) applications
- Works with the SP20-RD4 or directly controls the load
- White face assembled on device, Ivory and Light Almond color change kits included

Catalog Number	Product Description	Finish	Voltage	Pallet Quantity	UPC
WBSD-010M-C1	0-10V Preset Slide Dimmer	White	120/277 VAC	960	080083834983

0-10V OSW Wallbox Dimmer Sensor

Greengate

- 3-in-1 solution that combines functionality of a switchpack, a sensor and a 0-10V dimmer
- Saves labor costs, reduces installation time and meets energy codes and standards
- 0-10V dimming with passive infrared (PIR) occupancy sensing; Surge protection built-in
- Can be used in single-pole (1 location) as well as 3-way (multi-location) applications
- Compatible with Cooper Lighting Solutions' decorator style devices and wallplates

Catalog Number	Product Description	Finish	Voltage	Watts	Detection Type	Coverage	Pallet Quantity	UPC
OSW-P-010-W	0-10V Wallbox Dimmer, Sensor	White	120/277V	1200W/2200W	PIR	1000 sq ft.	1,920	080083758661

0-10V Dual Tech Occupancy Sensor Dimmer

Greengate

- 3-in-1 solution that combines functionality of a switchpack, a sensor and a 0-10V dimmer
- Saves labor costs, reduces installation time and meets energy codes and standards
- Ultrasonic occupancy (US) and passive infrared (PIR) sensing; Daylight harvesting
- Can be used in single-pole (1 location) as well as 3-way (multi-location) applications
- Compatible with Cooper Lighting Solutions' decorator style devices and wallplates

NeoSwitch ONW Occupancy Wall Sensor

Greengate

- Passive Infrared (PIR) single level occupancy sensing switch for motion sensing control
- Also a conventional wall switch; Designed for energy savings and convenience
- Detects motion from a heat-emitting source (such as a person entering a room) within its field-of-view and automatically switches lights ON
- Neutral and non-neutral wiring options for installation; Ideal for retrofit applications

OAC MicroSet Dual Tech Ceiling Sensors

Greengate

- Combines ultrasonic and Passive Infrared (PIR) technologies, eliminates false deactivations
- MicroSet self-adjusting technology provides an adaptive and airflow tolerant technology
- Ideal for spaces that have increased airflow due to higher occupant levels
- Drastically simplifies and reduces installation and adjustment time
- Available in line-voltage and low-voltage versions; Compatible with SP20 switchpacks

Sensor/Control

LightKeeper 8 Lighting Control Panel

Greengate

- An all-inclusive premium grade system, stand-alone lighting control panel
- For applications that would traditionally use a time clock in conjunction with contactors
- Control up to 8 relays per panel; Manual and programmable control of each relay
- Time schedules with astronomic clock; Occupant warn-off and overrides
- Prioritization and masking of switch inputs, schedules and remotes

Catalog Number	Product Description	Finish	Voltage	Watts	Pallet Quantity	UPC

ControlKeeper CK4A Series

Greengate

- Cost-effective, specification grade lighting control system
- Control 4 relays per panel
- Network up to 254 ControlKeeper panels for a state-of-the-art lighting control system
- Capable of mixed load voltages (120/277 VAC) as well as mixed sources
- Time schedules with astronomic clock; NEMA 1 enclosure; UL listed, UL 916 Standard

Control Panel/Digital Switch

GDS - Digital Switch

Greengate

- For the ControlKeeper and LiteKeeper 32, LiteKeeper 16 and LiteKeeper 8 lighting control panels
- Offers ON/OFF control of any relay or group of relays in the lighting control network
- Permits multiple control stations to be connected to the lighting control panels
- Provides override and status feedback; Create custom configuration for each button
- Suitable for standard single and multi-gang NEMA wall box; Class 2 low-voltage wiring

Catalog Number	Product Description	Finish	Voltage	Pallet Quantity	UPC
GDS-1TLB-W	Digital Switch, 1 large button	White	24VDC	1200	080083162130

Room Controller

Greengate

- Code-compliant lighting, emergency and plug load control
- Low-voltage control panel for ON/OFF and dimming loads
- Click & Go ready with RJ45 QuickConnect ports eliminates wiring errors
- Wallstations are pre-engraved low-voltage switches; Fits in standard decorator opening
- Input/Output Device provides connection of any Greengate low-voltage occupancy sensor

Open Loop Daylight Sensor/IR Receiver

Greengate

- Measures natural light in order to automatically adjust the lighting zones
- Light sensor ranges: Low (3-300 lux), High (30-3000 lux), Direct Sun (300-30000 lux)
- High light range is selected by default, but can be adjusted using IR handheld remote
- Easy installation in suspended fixture or drop ceiling; RJ45 connection
- Mounting bracket for installation in light well or hard ceiling

Heavy Duty Switch Pack

Greengate

- Provides 15 VDC operating voltage to all low-voltage, 15 VDC, occupancy sensors and daylighting controllers
- A single switchpack can provide power for up to 5 sensors
- Up to 10 switchpacks can be connected to 1 sensor for control of multiple circuits
- Replaces separate transformer and relays; Capable of switching up to 20 amps
- Isolated contacts may also be used to control HVAC, contractors and motors, etc.

Catalog Number	Product Description	Finish	Voltage	Watts	Pallet Quantity	UPC

SP20 Switch Pack

Greengate

- Robust switchpack with a wide array of switching solutions in a single unit
- Exclusive fail-safe circuitry: In an event of failure, return to close (ON)
- Reliable mechanical latching relays; Daylight harvesting; Bi-level switching
- Configurable for energy code requirements
- Designed to handle high inrush electronic ballast loads

Emergency Power Control

Greengate

- Allows control of emergency lighting by any Greengate lighting control panel or occupancy sensor
- Eliminates energy waste by allowing emergency lighting to be switched
- Senses a local single normal power circuit
- Wired as either a control device along with a relay panel and occupancy sensor or as a shunt to bypass line voltage devices when normal power fails

Rapid Response and Quick Ship Programs

Expanded selection now available with customizable lighting products

cooperlighting.com/marketpro

Rapid Response

5 days or less

Fill your small projects on time and on budget

The Rapid Response program is designed to offer the most popular Metalux commercial and industrial lighting products with options delivered to you when you need them.

- ☑ Customizable Metalux commercial and industrial products
- ☑ Troffers, high bays and strips
- ☑ **Options include:** sensors, battery packs, flex, modular wiring, Chicago rated products

QS Quick Ship

10 days or less

Stay ahead of demanding project schedules

The Quick Ship program focuses on the most popular and recently introduced LED luminaires that cover a wide array of architectural lighting applications.

- ☑ Customizable Corelite, Neo-Ray & Shaper architectural products
- ☑ Suspended and recessed slot fixtures available up to 1,000 feet
- ☑ Options include: sensors and battery packs

Code Compliance

The largest verified list of high performing LED lighting products.

cooperlighting.com/marketpro
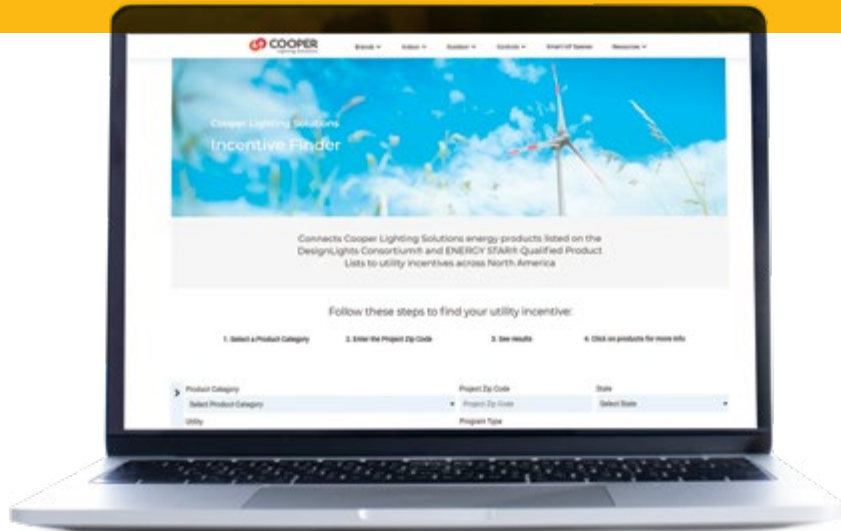

By using our online Incentive Finder, you can search by state and zip code to find local rebates to save money and add value for your customers. We've also identified within the MarketPro catalog the **ENERGY STAR**® and **DLC**® product ID numbers for your convenience.

Cooper Lighting Solutions has the largest portfolio of **ENERGY STAR**®-certified recessed downlights and **DesignLights**® **Consortium (DLC) -** qualified commercial luminaires, meeting high-quality, energy-efficient standards.
