2.4 GHz Accessories

Connect patients wirelessly to their world with our versatile line of 2.4 GHz accessories, including our popular Table Microphone.

Compatible with Evolv AI hearing aids

thrive

New setup screens and connectivity enhancements make our Thrive Hearing Control app easier to use and more robust than ever.

thriveCare

The world's first and only hearing app for caregivers, Thrive Care provides peace of mind by letting Evolv AI patients share certain Thrive app information with whomever they choose.

Apps may have slight differences depending on phone and/or hearing aid model.

# SurfLink Accessories

Our SurfLink accessories provide the personalization and control that each patient needs for their unique lifestyle.

Compatible with wireless Picasso products
