USER MANUAL

Wired Remote Controller

XSB-CPG130A ➤

Compatible with CPG130A
Commercial Dehumidifier

Message from WAYKAR

Thank you for choosing Waykar. Established in 2014 with a commitment to protecting indoor climates, Waykar has grown into a leading brand in the HVAC industry, known for premium products that prioritize comfort and health in your indoor space.

Before you start exploring this product, read this manual carefully for necessary instructions first. It's advised to keep it for future reference.

24/7 Full-Time Response

Upon receipt of the product, kindly inspect the package contents immediately for any potential missing or damaged parts. In case of issues, we would appreciate your prompt contact with Waykar support for solutions before initiating a return. Send us an email or scan the QR code to start a live chat.

PARTS ILLUSTRATION

PACKAGE CONTENTS

The wired remote controller kit includes the following items. Upon receiving the package, please inspect the contents for any missing or damaged parts. If you find any issues, contact Waykar Customer Service at support@waykar.com.

INSTALLATION GUIDE

1. Use a slotted screwdriver or pointed tool (Not Included) to press into the two slots at the bottom of the remote controller. The slots should be pressed consecutively to loosen and remove the mounting bracket from the controller interface.

2. Guide the XH Connector end of the connection cable through the rectangular opening at the bottom of the mounting bracket. Then, secure the mounting bracket to a Wall Switch Box using M5*25 screws (Note: The Wall Switch Box and M5 screws are not included).

3. Attach the XH Connector to the corresponding port on the back of the remote controller. Next, reattach the mounting bracket to the controller interface. Align the clasps with the slots, press firmly, and they will click into place.

INSTALLATION GUIDE

4. Insert the 5-Pin Aviation Plug Connector of the connection cable into the external controller connection port on the CPG130A commercial dehumidifier (Not Included).

This wired remote controller, with a 32.8 ft cable, allows you to mount your CPG130A high on the ceiling and operate it conveniently from a distance.

Note:

1. Be sure to unplug the dehumidifier before connecting it to the remote controller.
2. Ensure that the cable is securely attached to the connection port.
3. Once successfully connected, the backlight on the controller will illuminate for 1-3 seconds.

FUNCTION OVERVIEW

1. Control Panel Illustration

2. Button and Indicator Descriptions

	Power Button Turns the connected dehumidifier on or off.		Timer Button Sets the connected dehumidifier for auto on/off.
	Up Button Increases the humidity and timer settings.		Down Button Decreases the humidity and timer settings.
	Humidity Display		Temp./Timer Display
	Compressor Indicator		Full Water Indicator
	Humidity under Control Symbol		Pump Indicator
	Fan Indicator		Timer Indicator

Note:

Press the Up or Down button directly to access the humidity settings.

ERROR CODE EXPLANATION

Serial No.	Error Code	Meaning
①	Ec	Abnormal signal transmission

Troubleshooting Steps for Ec Error

In the event of an Ec error, the remote controller will be unable to operate the dehumidifier. Please follow these troubleshooting steps before contacting the manufacturer:

1. Press any button on the controller to clear the error code.
2. Turn off and unplug the dehumidifier, then ensure the connection cable is securely attached.
3. Wait 10 m, then plug the dehumidifier back in and restart the unit.

Note:

1. If signal loss occurs due to interference from nearby signals, the connection will automatically restore once the interfering signal is removed.
2. If the connection does not restore after trying the solutions mentioned above, please contact Waykar Customer Service at support@waykar.com, as the issue may be related to the circuit board or display panel.

WARRANTY & CONTACT

Warranty

All Waykar products are covered under our 12-month warranty. Customers, whether purchasing directly from Waykar or through an authorized retailer, can reach out to Waykar for support. An order invoice or proof of purchase will be appreciated.

Please note that product damage caused by regular wear and tear will not be covered under warranty, and the warranty will be voided for these behaviors (including but not limited to):

1. Failing to follow the instructions in the manual.
2. Purposeful mishandling of the device.
3. Damaging the device through violent impact.
4. Exposing the device to liquids or infiltrating foreign particles.
5. Unauthorized modification or overhauling of the device.
6. Damage from placing the device upside down.

These are our general terms for warranty service. Customers are more than welcome to contact us for any feedback or advice.

Extend Your Warranty by 1 Year

Register your product at www.waykar.com to extend your 1-year warranty by an additional year.

*Please fill out all required fields and include your Order ID and Date of Purchase if applicable.

Customer Support

For any product-related queries, kindly contact our support team at Waykar. In case of missing, displaced, or damaged dehumidifier parts, you can always reach out to Waykar support for assistance.
