

EDIFIER[®]

W830BT

Wireless Stereo Headphones

Operating instructions

■ Introduction

Before use the headphone, please read these operating instructions carefully. Keep the operating instructions safe for future reference.

■ Features

- 40mm drivers delivers deep powerful bass ideal for all music genres
- 90°-degree swivel ear pads optimise movement while ensuring overall comfort
- Bluetooth V4.1 supports HSP, HFP, A2DP and AVRCP protocol
- CSR8645 chip with AAC and Qualcomm® aptX™ audio decoding technology
- Supports 95 hours of continuous play
- Bluetooth connects up 10 meters
- Sleek metal bracket and headband styled with soft leather ear caps and head cushion
- Accessories include: Travel case x1
3.5mm audio cable x1
USB charging cable x1

■ Specifications

Bluetooth Version: Bluetooth V4.1

Bluetooth Profiles: HFP, HSP, A2DP, AVRCP

Audio Decoder: Qualcomm® aptX™

Operating Distance: 10m

Operating Time: About 95 hours

Charge Time: About 4 hours

Rated Power Input: 5.0V = 1A

Frequency Range: 20Hz-20KHz

Sensitivity (SPL): 96dB

Nominal Impedance: 24ohm

Frequency Band: 2.402GHz - 2.480GHz

RF Power Output: ≤20 dBm (EIRP)

■ Box Content

Headset

Travel case

User manual

USB charge cable

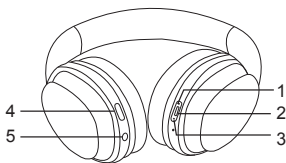

3.5mm audio cable

■ Operating Instructions

I. Diagram

1. Press: volume increase /press and hold: next track
2. Multi-function key
3. Press: volume decrease/press and hold: previous track
4. micro USB charging port
5. 3.5mm audio jack

II. Charge batteries

The headset is equipped with a built-in rechargeable battery. Fully charge the battery before first use. While in use, the headset will beep and flash red light to indicate battery low. You shall recharge the device.

1. Attach the USB charge cable to a standard USB power adapter.
2. Attach the charge cable to the Micro USB charge port on the headset.
3. Charge time: approximately 4 hours for a full charge.

Red light on = Charging

Battery full

Red light off = Charge complete

Battery low

Warning: The rechargeable batteries that provide power for this product must be disposed properly for recycling.

Do not dispose of batteries in fire to preventing an explosion.

■ Using the Headset

I. ON/OFF

Function	Operation	Indicator
ON	Long press the multi-function key for 3 seconds	The blue light flashes quickly
OFF	Long press the multi-function key for 3 seconds	Indicator off

II. Connection

1. Bluetooth connection

Please complete the connection with your mobile before use.

Follow the steps below:

- The distance between your mobile and the headset should be kept within 1m. The closer the better.

- Switch on the headset. Press and hold the multi-function key for 5 seconds to enter pairing mode.
- Enable your mobile's Bluetooth and search for Bluetooth devices. Select "EDIFIER W830BT" to pair. Once successfully paired, LED flashes blue slowly and you hear prompt beep.

Note:

- While in pairing state, if a connection cannot be established within 3 minutes, it will automatically exit the pairing mode;
- If prompted for a passkey, enter "0000";
- Once successfully paired, the headset and your mobile will remember each other. When the headset is turned on again, it will connect to the last connected device automatically.

2. NFC connection

If your Bluetooth mobile supports NFC (Near Field Communication), enable your mobile's NFC function first and switch on the headset. Then touch the NFC area of W830BT with the NFC area of your mobile to pair your devices.

Note:

- When the mobile hibernates or is screen-locked, it cannot pair with NFC.
- The first time you try to pair, it requires keeping your mobile in touch with W830BT for slightly longer time. Wait till W830BT entering the pairing mode before you take away the mobile.
- If no device is connected, you may use NFC to establish pairing; if a device is already connected, NFC function can also be used to disconnect.

3. Pair another device

The headset can simultaneously connect two Bluetooth devices.

Follow the steps below:

- Pair your headset with Device 1.
- Switch off the headset. Long press the multi-function key to restart the headset and enter pairing mode. Connect device 2.
- Now operate on the device 1. Tap the headset in Bluetooth connection settings to connect and complete pairing with two devices.

Note: When two connected mobiles have different operating systems (e.g. One on Android™ and the other one on iOS®), certain cross-system operations may show some delay (e.g. The song in mobile A will pause while play the song in mobile B). This is considered normal.

III. Making calls

1. Basic operations

Function	Headset status	Operation
Answer a call	Incoming ring	Short press the multi-function key
Reject a call	Incoming ring	Long press the multi-function key for approx. 2 seconds
End a call	Talking	Short press the multi-function key
Increase volume	Talking	Tap the volume + key
Decrease volume	Talking	Tap the volume - key
Direct a call to the mobile	Talking	Long press the multi-function key for approx. 2 seconds
Direct a call to the headset	Talking	Long press the multi-function key for approx. 2 seconds
Mute the mic	Talking	Long press the volume – key for approx. 2 seconds
Unmute	Talking (with mic muted)	Long press the volume + key for approx. 2 seconds
Call back last call	Device connected	Long press the multi-function key for approx. 2 seconds
Enable voice assistant	Device connected	Double press the multi-function key

2. Three-way calling

Function	Headset status	Operation
Answer new call and end the current call	Second incoming call	Tap the multi-function key once
Answer new call and keep the current call on hold	Second incoming call	Tap the multi-function key twice
Switch between calls	Talking (on hold)	Double-tap the multi-function key
End current call	Talking (on hold)	Tap the multi-function key once

3. Calls with two mobiles connected

Function	Headset status	Operation
End call with mobile 1 and answer a call from mobile 2	Talking with mobile 1 while 2nd mobile calling	Tap the multi-function key once
Put the call from mobile 1 on hold and answer the call from mobile 2	Talking with mobile 1 while 2nd mobile calling	Tap the multi-function key twice
Switch calls	Talking with one while the other call is on hold	Double-tap the multi-function key
End the current call and switch back to the mobile on hold	Talking with one call while the other call is on hold	Tap the multi-function key once

IV. Play music

1. Bluetooth audio mode

When the headset is connected to a mobile that supports Qualcomm® aptX™, you may enjoy WIFI music via the headphones:

Function	Headset status	Operation
Increase volume	Play music	Tap + key
Decrease volume	Play music	Tap - key
Last song	Play music	Long press - key
Next song	Play music	Long press + key
Pause play	Play music	Tap the multi-function key once
Resume play	Pause play	Tap the multi-function key once

Note:

- When the headset is turned up to its maximum volume, you will hear a prompt tone from the headset.

2. AUX IN audio mode

The headset supports AUX IN audio input. Using 3.5mm to 3.5mm audio cable to connect the headset to a music player and enjoy the music on line.

Note:

- Plugging in a 3.5mm audio cable will turn off the headset and automatically disconnect the connection with the Bluetooth. AUX IN audio input is now in effect.
- If you want to go back to Bluetooth, unplug the 3.5mm audio cable and restart the headset to pair.

V. Restore factory setting

Headphone is under power off and charging status, press and hold the Volume + key and volume - key simultaneously for about 3 seconds. The blue light flashes 3 times quickly. The factory settings are restored.

Note:

Once the factory settings are restored, the pairing list of the headphone is erased. When you power on the headphone again, it will automatically begin the pairing process rather than automatic connecting. If it needs to connect a device, you will have to go through the pairing again.

■ Maintenance

- Do not place the product in wet places to avoid adverse effect to internal circuits of the product.
- Do not expose the product to direct sun light or heat. High temperature will shorten electronic components' life, damage battery, and cause deformation of certain plastic parts.
- Do not expose the product to excessive cold to avoid damage to internal circuits.
- Do not attempt to disassemble the product. A non-professional is likely to damage the product.
- Do not drop, intensively vibrate, or impact the product with hard object. It will damage the internal circuits.
- Do not clean the headset with harsh chemical solvents.
- Do not scratch the product surface with sharp objects. It will damage the housing and appearance.

In the event the product does not work properly, take it to an authorized service center. The staff will help you solving the problem.

■ FAQs

Red light flashes in place of blue.

- It tells that your headset battery is low and need to recharge.

The red light does not light up during charging.

- Make sure the charge device connects to the headset properly.
- The battery hibernates when the headset is not used for an extended period of time. In this case, it needs about 30 minutes of charge before the red light lighting up.

Don't hear anything in the headset.

- Make sure the headset is on.
- Make sure the headset is set to a proper volume.
- Make sure the headset has a valid connection with the mobile.
- Make sure the headset is within a normal working range.

Headset's call quality is bad.

- Make sure the mobile is in a location with strong signal.
- The headset has an effective working range of 10m. Please make sure the headset is within the working distance without obstacles between the headset and the mobile.

During playing, why the headset cannot perform controls over pause, resume, last song and next song?

- This function requires that the device paired with your headset must support AVRCP (Audio/Video Remote Control Profile).

Cannot use NFC for pairing.

- Make sure your mobile's NFC function has been enabled.
- When pairing at the first time, you need to keep your mobile in contact with the headset for about 3 seconds until the blue and red lights of the headset flash alternatively before taking away the mobile or a pairing may not be successful.

CAUTION

Danger of explosion if battery is incorrectly replaced.

Replace only with the same or equivalent type.

A warning that batteries (battery pack or batteries installed) shall not be exposed to excessive heat such as sunshine, fire or the like.

- "To prevent possible hearing damage, do not listen at high volume levels for long periods."
 - "Fully understand user manual before use."
 - "Ensure your player at low volume levels or power off before you leaving."
-

Correct Disposal of this product. This marking indicates that this product should not be disposed with other household disposal, recycle it responsibly to promote the sustainable reuse of material resources.

To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.

WARNING!

Danger of explosion if the battery is incorrectly replaced. Replace only with the same or equivalent type.

For products with removable battery, the battery must be properly recycled or disposed. For products with built-in battery, disassembling is prohibited.

Never disassemble, hit with force, squeeze batteries or dispose of batteries in fire. Do not expose batteries in conductive materials, liquid, fire or heat. Do not let metal object contact two battery poles. If the battery looks swollen, leaking, discolored, having odor or any abnormal appearance, stop using it. Do not use the battery after immersed in water.

Improper use of battery may lead to explosion or leakage, causing skin burn or other injuries; in the event of battery leakage, handle it with care and immediately dispose of the battery in the manner in compliance with applicable laws and regulations in your locality.

EN • Warning!

To guarantee your personal safety, please do not wear or keep earphones in the vicinity (closer than 10cm) of a pacemaker.

Supervise children when using the equipment, the product is not a toy.

Earphone listening at high volume levels – particularly, over extended periods of time – may damage your hearing.

The operation of switches on your hi-fi system or plugging in the earphones may cause clicks which at high volume setting may affect your hearing. Therefore, always set the volume control to minimum before switching between different sources (tuner, turntable, CD player, etc.) or plugging in the earphones.

For traffic safety, do not use earphones while driving or cycling.

CN · 安全注意事項!

為保證您的人身安全，請勿將該耳機佩戴或放置在離心臟起搏器過近的位置（小於10CM）。

兒童應在成人監督下使用本設備，本產品並非玩具。

在高音量下使用耳機——特別是長時間使用——可能會對您的聽力造成損傷。

操作高保真音響開關或插入耳機時可能會發出尖利的聲音，其在高音量設置下可能會影響您的聽力。因此，在切換各種音源或插入耳機前，請將音量控制設置為最低。

為交通安全起見，駕駛時或騎自行車時請勿使用耳機。

FR • Conseils de Sécurité!

Pour votre sécurité, ne portez pas et ne posez pas ce casque à proximité immédiate (moins de 10 cm) d'un pacemaker.

Surveillez vos enfants s'ils utilisent l'appareil. Ce produit n'est pas un jouet.

Un casque d'écoute utilisé à un volume élevé risque de provoquer de troubles de l'audition, en particulier s'il est porté de façon prolongée.

Lorsque vous procédez à un réglage sur votre installation hi-fi ou que vous branchez le casque sur l'installation, des bruits dangereux pour l'oreille peuvent se produire si le son est réglé sur un volume élevé. Pour cette raison, il faut toujours mettre le son au minimum avant de passer d'une source à l'autre (radio, platine, lecteur de CD...) ou de brancher le casque.

Pour ne pas mettre en danger votre sécurité au volant ni celle des autres usagers de la route, n'utilisez jamais le casque lorsque vous conduisez ou que vous roulez à vélo.

IT • Attenzione!

Al fine di garantire la sicurezza personale, fare attenzione che queste cuffie non siano posizionate in prossimità del proprio eventuale pace maker (con una distanza inferiore a 10 cm).

Sorvegliare i bambini quando utilizzano il dispositivo. Questo apparecchio non è un giocattolo.

L'utilizzo delle cuffie ad alto volume, soprattutto se prolungato, può danneggiare l'udito.

Maneggiare le manopole del Vostro sistema hi-fi o inserire le cuffie quando il volume è troppo alto, potrebbe produrre dei rumori che potrebbero danneggiare l'udito, soprattutto se il volume è alto. Si consiglia pertanto di regolare il volume al minimo prima di passare da una fonte all'altra (radio, giradischi, lettore CD, ecc.) o prima di collegare le cuffie.

Per la sicurezza nel traffico, si prega di non usare mai le cuffie mentre si guida o si va in bicicletta.

ID • Peringatan!

Untuk menjamin keselamatan diri Anda, jangan memakai atau menyimpan earphone di sekitar (dekat dari 10 cm) alat pacu jantung.

Awasi anak-anak saat menggunakan peralatan, produk ini bukan mainan.

Mendengarkan earphone pada tingkat volume tinggi – khususnya, selama waktu yang lama – dapat merusak pendengaran Anda.

Penggunaan sakelar pada sistem hi-fi Anda, atau penyumbatan pada earphone dapat menimbulkan klik yang pada pengaturan volume tinggi dapat memengaruhi pendengaran Anda.

Karena itu, selalu mengatur kontrol volume paling rendah sebelum beralih di antara berbagai sumber (penala, pemutar piringan hitam, pemutar CD, dll) atau penyumbatan pada earphone.

Untuk keselamatan lalu lintas, jangan gunakan earphone selama mengemudi atau berkendara.

NL • Waarschuwing!

Om uw persoonlijke veiligheid te garanderen, dient de koptelefoon niet te worden bewaard of gedragen in de buurt van (minder dan 10 cm) een pacemaker.

Houd toezicht op kinderen tijdens het gebruik van het apparaat; dit product is geen speelgoed.

Luisteren met de koptelefoon op hoog volume – met name gedurende een langere periode – kan leiden tot schade aan uw gehoor.

De bediening van de schakelaars op uw hifisysteem of het insteken van uw koptelefoon kan leiden tot harde klikgeluiden wat uw gehoor kan aantasten. Om deze reden dient de volumeknop altijd op een minimum te worden geschakeld, voordat er tussen de verschillende bronnen (tuner, draaitafel, cd-speler, enz.) wordt geschakeld of de koptelefoon wordt aangesloten.

Met het oog op verkeersveiligheid dient de koptelefoon niet te worden gebruikt tijdens het rijden of fietsen.

KR · 경고!

안전상의 이유로, 이 헤드폰은 심장박동 조절장치 근처 (10cm 이내) 에 두어서는 안됩니다.

어린이가 헤드폰을 사용할 때는 보호자의 주의 깊은 관찰 이 필요합니다. 이 제품은 장난감이 아닙니다.

헤드폰을 높은 볼륨상태에서 특히 장기간 사용할 경우 청 각에 해가 될수 있습니다.

하이파이 오디오 시스템상에서 스위치를 바꾸거나 헤드 폰을 하이파이 오디오 시스템에 연결할 경우, 높은 볼륨상 태에서는 청각에 해를 줄수 있는 클릭소리가 날수 있습니다. 그러므로 하이파이 오디오 시스템상의 한 소스기기에 서 다른 소스기기 (라디오, 레코드 플레이어, CD-플레이어...) 를 선택하거나 헤드폰을 연결시킬 경우에는 항상 볼륨을 최저상태로 조정해 놓으십시오.

여러분의 운전상태와 다른 운전자들의 안전을 보호하기 위해 운전 중이거나 자전거를 타고 이동할 시에는 헤드폰 착용을 삼가 해 주십시오.

DE • Sicherheitshinweis!

Um Ihre persönliche Sicherheit zu garantieren, achten Sie bitte darauf, dass dieser Kopfhörer nicht in nächster Nähe (näher als 10cm) zu Ihrem Herzschrittmacher getragen oder aufbewahrt wird.

Beaufsichtigen Sie ihre Kinder bei der Benutzung des Geräts.
Das Produkt ist kein Spielzeug.

Die Verwendung von Kopfhörern kann bei großer Lautstärke – vor allem im Dauerbetrieb – zur Schädigung des Gehörs führen.

Bei Umschaltvorgängen an Ihrer HiFi-Anlage oder bei Anschluss des Kopfhörers an die Anlage können Knackgeräusche auftreten, die bei hoher Lautstärke das Gehör beeinträchtigen. Drehen Sie daher den Lautstärkeregler immer auf Minimum, wenn Sie an Ihrer HiFi-Anlage zwischen verschiedenen Quellen (Radio, Plattenspieler, CD-Player...) wählen oder den Kopfhörer anschließen.

Um Ihre Fahrtüchtigkeit und die Sicherheit anderer Verkehrsteilnehmer nicht zu gefährden, verwenden Sie Kopfhörer keinesfalls beim Lenken eines Kfz oder beim Radfahren.

ES • ¡Atención!

Por su propia seguridad, procure no llevar ni guardar estos auriculares muy cerca de su marcapasos (a menos de 10cm).

Vigile a sus hijos al utilizar el equipo. Este producto no es un juguete.

La utilización de auriculares a un volumen muy alto – sobre todo al utilizarlos durante largos períodos – puede conducir al deterioro del oído.

Al operar los interruptores de su sistema HiFi o al conectar los auriculares al sistema puede hacer clic, lo que a un volumen muy alto puede deteriorar el oído. Por lo tanto disminuya el nivel de volumen al mínimo al seleccionar entre diferentes fuentes (radio, tocadiscos, reproductor de CD...) en su sistema HiFi o al conectar los auriculares.

Para no poner en peligro ni su capacidad de conducir, ni la seguridad de otros usuarios de la vía pública, no utilice en ningún caso sus auriculares al conducir un vehículo o al andar en bicicleta.

RU • Предупреждение!

В целях гарантии вашей безопасности просим не надевать и не держать наушники вблизи (ближе 10 см) кардиостимулятора.

При использовании прибора присматривайте за детьми, так как это оборудование не является игрушкой.

Прослушивание музыки через наушники на высокой громкости, особенно длительное время, может навредить вашему слуховому аппарату.

Включение и выключение переключателей на высококачественной системе воспроизведения или подключение наушников может привести к возникновению щелчков, которые на высокой громкости могут нанести вред вашему слуховому аппарату. Таким образом, всегда устанавливайте громкость на минимальный уровень, прежде чем производить переключение между различными источниками (тюнер, диск проигрывателя, CD-проигрыватель и т.д.) или подключать наушники в систему.

Для безопасности дорожного движения не используйте наушники во время езды на велосипеде и вождения автомобиля.

SA . تحذير!

لضمان سلامتك الشخصية، يرجى عدم ارتداء سماعات الرأس أو الاحتفاظ بها بالقرب من (أقرب من 10 سم) جهاز تنظيم ضربات القلب.

احرص على الإشراف على الأطفال عند استخدام الجهاز، فالمنتج ليس لعبة.

الاستماع من خلال سماعات الأذن عند مستويات الصوت العالية، خاصة على مدى فترات طويلة، قد يضر بسمعك.

تشغيل المفاتيح في نظام واي فاي الخاص بك أو إدخال سماعات الرأس قد يسبب نقرات والتي قد تؤثر على سمعك في مستويات الصوت العالية.

لذلك، قم دائما بضبط زر التحكم في مستوى الصوت على الحد الأدنى قبل التبديل بين المصادر المختلفة (موالف، قرص دوار، مشغل أقراص مدمجة، الخ) أو عند توصيل سماعات الرأس.

من أجل السلامة المرورية، لا تستخدم سماعات الرأس أثناء القيادة أو راوب الدراجات.

JP・安全指摘事項!

安全のために、このヘッドフォン-スメ-カ-の近く(10cm以内)で使用または保管することは避けてください。

お子様が使用になる場合は、必ず大人が付き添えてください。本製品は玩具ではありません。

大きな音量のヘッドフォンの使用は、特に長時間使用する場合において聴覚障害の原因となる恐れがあります。

HiFi機器の切り替え時、あるいは機器にヘッドフォンを接続する際に、音量が大きい場合にはガリガリという騒音が発生し、聴覚に悪影響を与える恐れがあります。HiFi機器で各ソース（ラジオ、レコードプレーヤ、CDプレーヤ...）を選ぶ際、あるいはヘッドフォンを接続する際には、音量のつまみを常に最少にしてください。

安全なドライブ、そして他の運転手の安全のためにも、お車を運転する場合、あるいは自転車に乗る場合にはヘッドホンは絶対に使用しないでください。

PL • Ostrzeżenie!

Aby zapewnić sobie bezpieczeństwo, nie należy nosić ani trzymać słuchawek w pobliżu (w odległości mniejszej niż 10cm) od rozrusznika serca.

Nadzorować dzieci podczas korzystania ze sprzętu, produkt to nie zabawka.

Słuchanie w słuchawkach przy wysokich poziomach głośności, szczególnie przez długie okresy czasu, może spowodować uszkodzenie słuchu.

Działanie przełączników w systemie hi-fi lub podłączanie słuchawek mogą powodować mocne impulsy dźwiękowe, które przy dużej głośności mogą powodować pogorszenie słuchu. Dlatego należy zawsze ustawiać głośność na minimalnym poziomie przed przełączaniem między różnymi źródłami dźwięku (tunerem, gramofonem, odtwarzaczem CD itp.) lub podłączeniem słuchawek.

Dla zachowania bezpieczeństwa jazdy nie należy używać słuchawek podczas prowadzenia samochodu czy jazdy na rowerze.

DK • Advarsel!

For at garantere din personlige sikkerhed, skal du ikke bære eller holde hovedtelefonerne i nærheden (tættere end 10 cm) af en pacemaker.

Overvåge børn ved brug af udstyr, produktet er ikke legetøj.

Hovedtelefon lytte ved høje lydstyrker Navnlig glæder over længere perioder - kan høreskader.

Driften af kontakter på din hi-fi-system eller tilslutte hovedtelefonerne kan forårsage klik der på volumen indstilling højt kan påvirke hørelsen. Derfor altid indstiller lydstyrken til minimum, før der skiftes mellem forskellige kilder (tuner, pladespiller, CD-afspiller, etc.) eller tilslutte hovedtelefonerne.

For trafiksikkerheden, ikke anvendes under kørsel eller cykling.

PT • Aviso!

Para garantir sua segurança pessoal, não use nem mantenha fones de ouvido wireless próximos (menos de 10 cm) de marca-passos.

Supervisione as crianças ao usar o equipamento, o produto não é um brinquedo.

Utilizar o fone de ouvido com altos níveis de volume durante longos períodos de tempo pode danificar sua audição.

A operação dos botões no seu sistema de som ou a conexão aos fones de ouvido podem causar cliques que, em alta configuração de volume, podem afetar sua audição. Portanto, sempre ajuste o controle de volume no mínimo antes de alternar entre diferentes fontes (celulares, televisores, leitor de CD, etc.) ou conectando os fones de ouvido por cabo.

Para sua segurança no trânsito, não use os fones de ouvido ao conduzir veículos ou andar de bicicleta.
