## User Manual

### Baseus Bowie H1 Noise-Cancelling Wireless Headphones

Please read this user manual carefully before use and keep it for future reference.

## Connection Steps

### ❶ Power-on

When powering on the device for the first time, press and hold the multifunction key for 2s. At this time, the red and white indicators blink quickly, and the device enters the wireless pairing mode.

### ❷ Wireless connection

Turn on the wireless function of the mobile phone to enter the search and pairing state. Select the device model: Baseus Bowie H1

After the connection is successful, the indicator turns off. In subsequent use of the headphones, it can reconnect to the last paired device. The white indicator blinks while reconnecting.

Note: To connect the headphones to a new wireless device, press and hold the ANC key for 2s. At this time, the red and white indicators blink quickly, and the headphones enter the pairing state.

### ❸ Download the app and bind the headphones.

### ❹ Power-off

Press and hold the multifunction key for 4s to power off the headphones.

  - 4. You can select the low latency mode in the app.
- Note: Go to Settings>App>App launch>Open manually “Baseus” app: Allow Auto-launch and secondary launch and running in background.

Product safety information

- Please read all instructions and warnings before using the product. Improper use of the product can easily cause damage to the product or may endanger personal and property safety.
- 1. The battery is included in the product. Please avoid exposing your product to the sunlight, electric heater or similar over-heating environments. Do not store the product in high temperature, strong light and strong magnetic places.
  - 2. Do not keep it in other harsh environments such as nearby the fire source. Intense physical actions such as knocking, throwing, trampling on squeezing, or putting into fire shall be avoided. Do not use it in case of expansion.
  - 3. The ambient temperature of product is 0-45°C.
  - 4. Inappropriate use of the product against this user manual or ignoring warnings can easily cause damage to the product or may endanger personal and property safety. Consumers shall bear for all the consequences, to which our company will not assume any legal liability.
  - 5. Decomposition of this product by non-professionals is strictly prohibited. Otherwise, it may cause a fire or damage the product.
  - 6. Do not use a load (electrical appliances) that exceeds the output current of this product. A circuit protection mechanism is built-in to automatically stop working if loads exceed.
  - 7. Please use a clean cotton cloth to clean the charging contacts of headphones regularly to prevent it from failing to charge or turn on due to missing cleaning for a long time.
  - 8. Do not put this product in water (or washing machine). If water enters the product, let it dry naturally before using it.

Declaration on hazardous substances and elements contained in electronic products

Part Description	Hazardous substances and elements ⓘ					
	Lead (pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent chromium (Cr VI)	Polybrominated Biphenyls (PBB)	Polybrominated Biphenyl ethers (PBDE)
PCB	X	O	O	O	O	O
Plastic	O	O	O	O	O	O
Battery	O	O	O	O	O	O
Accessory	O	O	O	O	O	O
charging cable	X	O	O	O	O	O

This form is compiled in accordance with SJ/T 11364.

O: It indicates that the content of the harmful substance in all homogeneous materials of the component is below the limit specified in GB/T 26572 standard.

X: The content of harmful substances in at least one homogeneous material of this part exceeds the limit stipulated in GB/T 26572 standard.

This product complies with EU RoHS 2.0 Directive (2011/65/EU)

Warm Tip: The 5-year icon refers to the "effective life of environmental protection", not the product quality assurance period. Electronic products all contain harmful substances such as lead, mercury and cadmium. Once they are overused, harmful substances may leak or mutate, cause pollution to the environment, or cause serious damage to people and property. The term of "environmental protection use" means that all electronic products will be required to use within this effective period. We will no longer be responsible for the quality of the products due to the safety risks that arise after the safe use period.

## Product Specifications

Name: Baseus Bowie H1 Noise-Cancelling Wireless Headphones

Model: Baseus Bowie H1

Material: ABS+PC+metal

Wireless version: V5.2

Communication distance: 10 m

Music playing time: 70 hours (volume at 70%, noise reduction off)

40 hours (volume at 70%, noise reduction on)

Battery capacity (L/R) : 400 mAh/1.48 Wh

Rated input: DC5V  $\approx$ 1100 mA

Rated consumption current: 15 mA

Fully charging time: about 1 hour

Frequency response range: 20 Hz to 20 kHz

Charge interface: Type-C

Application scope: Playback devices with wireless functions

\*The above data sources are measured values from the Baseus laboratory, but the data may be different or inaccurate due to changes in the actual environment.

## Package Including

Headphone \* 1 pcs
