

Care Instructions for the Chaise Lounge

1. ****General Cleaning:****

- Regularly dust the wood frame with a soft, dry cloth to remove any surface dirt or debris.
- For deeper cleaning, use a mild soap solution and a soft cloth to gently wipe down the wood.

Avoid using harsh chemicals or abrasive cleaners, as they can damage the wood finish.

2. ****Wood Maintenance:****

- Periodically apply a high-quality wood polish or furniture oil to maintain the wood's natural luster and protect it from drying out or cracking.
- Avoid placing the chaise lounge in direct sunlight for prolonged periods, as this can cause the wood to fade or warp over time.

3. ****Fabric Care:****

- Spot clean the fabric cushions with a mild detergent and cold water. Blot the area with a clean, dry cloth to absorb excess moisture.
- For stubborn stains, use a fabric cleaner specifically designed for outdoor use. Always test the cleaner on a small, inconspicuous area first to ensure it does not discolor the fabric.
- To prevent mold and mildew, ensure the cushions are thoroughly dry before storing or using them. If possible, store cushions indoors or in a covered area when not in use.

4. ****Weather Protection:****

- If the chaise lounge is left outdoors, use a protective cover to shield it from rain, snow, and UV rays. Ensure the cover is breathable to prevent moisture buildup.
- Consider storing the chaise lounge indoors during extreme weather conditions, such as heavy rain or snow, to prolong its lifespan.

5. ****Regular Inspection:****

- Regularly inspect the chaise lounge for any signs of wear, such as loose screws, wobbly legs, or fraying fabric. Address any issues promptly to prevent further damage.
- Check the cushions for any signs of mold or mildew, especially after periods of high humidity or rain. If found, clean the cushions with a mixture of water and white vinegar or a specialized mold and mildew remover.

By following these care instructions, you can ensure that your JASON Chaise Lounge remains in excellent condition for years to come.
