PRODUCT MANUAL

Please read the following before use.

PRODUCT SPECIFICATIONS

Brand Name: VAGEND
Product Model: VPRIME Cartridge
Product Type: Empty Cartridge
Capacity: 5.0ml
Cartridge Material: PCTG
Resistant: 0.2ohm,0.4ohm,0.6ohm,0.8ohm

WHAT'S IN THE BOX

2x Refillable Cartridge (empty)
1x User Guide

PRODUCT DESCRIPTION

Refillable Design: Compatible with your favorite e-liquids.
Compact & Convenient: Easy to carry and refill.
Leak-Proof: Engineered to minimize leaks and spills.

KEY FEATURES

Refillable Design: Compatible with your favorite e-liquids.
Compact & Convenient: Easy to carry and refill.
Leak-Proof: Engineered to minimize leaks and spills.

USAGE INSTRUCTIONS:

Juice Filling:

- Open the fill port by lifting the silicone plug on the side of the cartridge, carefully add e-liquid into the pod, press the silicone plug back into place securely.

Attach the Cartridge to the Device:

- Hold the device and the cartridge close to each other.
- Allow the magnet to pull the cartridge into place. You should feel or hear a click, indicating a secure connection.

Begin Vaping:

- Place the mouthpiece between your lips and take a gentle puff. The VPRIME Pod Cartridge System is draw-activated, meaning it will automatically activate when you puff on the mouthpiece.

- The device will produce vapor as you inhale, providing you with a satisfying vaping experience.

Puff Duration:

- Each puff should be approximately 1-3 seconds long.
- Avoid taking excessively long puffs to ensure long-lasting coils and consistent flavor.

Low Battery Indications:

- If you notice a decrease in vapor production or flavor, the battery may be running low. It is recommended to recharge the device once the battery is depleted.
- Avoid taking excessively long puffs to ensure long-lasting coils and consistent flavor.

Low Battery Indications:

- If you notice a decrease in vapor production or flavor, the battery may be running low. It is recommended to recharge the device once the battery is depleted.

MAINTENANCE TIPS

- Replace the Pod: For best flavor, replace the pod every 1-2 weeks or when the taste diminishes.
- Cleaning: Wipe the exterior with a dry cloth. Avoid using water or chemicals.
- Storage: Store the device in a cool, dry place. Keep it away from children and pets.
- Avoid Dropping: Handle your electronic cigarette with care to avoid accidental drops or impacts.
- Secure Storage: When not in use, store the device in a protective case to minimize the risk of damage.

DISPOSAL

Cartridge Disposal:

- Empty the Cartridge: Ensure the cartridge is completely empty of any e-liquid before disposal.
- Material Type: Check the cartridge material and recycle accordingly. Clean plastic cartridges can often be recycled with other plastics.

- Hazardous Waste: If the cartridge contains residual e-liquid, it may need to be treated as hazardous waste. Consult local regulations for proper disposal procedures.

Battery Disposal:

- Identify the Battery Type: Most vape devices use lithium-ion batteries.
- Recycling: Lithium-ion batteries should be recycled at designated recycling facilities. Do not dispose of batteries in household trash as they can be hazardous to the environment.
- Local Regulations: Follow local regulations and guidelines for battery disposal. Many communities offer battery recycling programs or designated drop-off locations.

REMINDER

If the VPRIME Cartridge is accidentally dropped, please make sure you check the following items before using it again:

- The pod and device are intact and no parts are loose.
- No leakage of e-liquid is found on the pod.
- The mouthpiece of the pod is not damaged.

If a visual examination of the product shows no signs of damage, the user may use the equipment after cleaning it and in particular the mouthpiece, using paper or a dry cloth.

The electronic cigarette shall not be used when its tank is empty.

Replace the resistor on a regular basis.

The lifetime of the components of VPRIME is 15 days. please replace the components on a regular basis.

VERIFICATION AFTER DROPS OR IMPACTS:

If the electronic cigarette is dropped, users must check the following:

- Check for Loose Elements:
 - Battery and Cartridge: Ensure that the cartridge and tank are securely connected and properly seated.
- Check for Damage:
 - Do not use the electronic cigarette if parts are cracked or deformed. Replace any defective items.
- E-Liquid Level:
 - Do not use the electronic cigarette when its tank is empty or almost empty.
 - Do not use the device if you notice a perceptible change in flavor.
