使用说明书

感谢您选购我们的机器

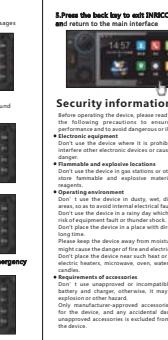

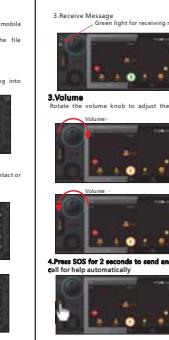

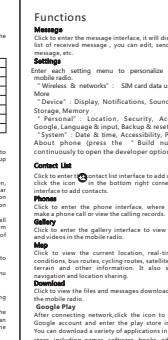

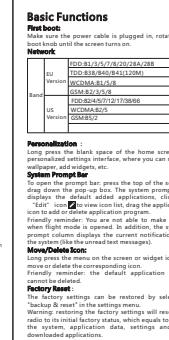

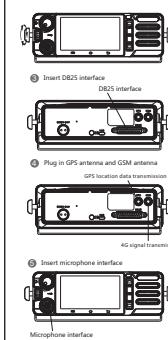

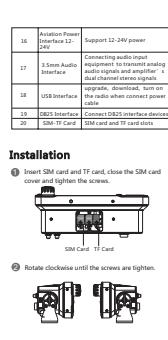

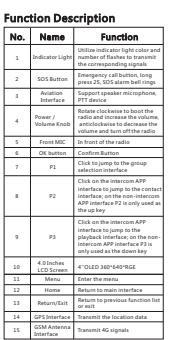

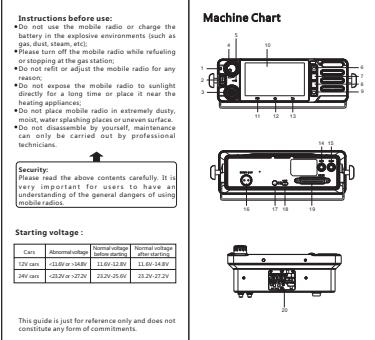

维护和保养

- 在每次使用之后，为防止串味请关闭抽气罩，并断开与其他设备的连接线。
- 当尘台不使用时请将抽气罩盖上盖子，避免灰尘进入。
- 请勿将水或任何液体直接倒入抽气罩内（不能使用高压或腐蚀性化学物质）进行清理。
- 非金属过滤器请定期于温水及中性清洁剂使用微波炉或吹风机等干燥的设备对滤网进行清理。

Thank you for purchasing our machine.

Care and Cleaning

- Do not lift up equipment or an external microphone directly.
- Please use lint-free cloth to remove dust and stains from a radio to avoid possible damage.
- Please do not clean headphones/jackheads when not in use.
- The keypad and sensors should be cleaned carefully with a lint-free cloth moistened with clean water and a mild washing liquid.
- We do not suggest corrosive solvents for cleaning.

CCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. Operation is subject to the following conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The party responsible for this equipment must be responsible for any damage caused by non-compliance with the user's authority to operate the equipment.

This equipment has been designed and tested to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different to which the receiver is connected.
- Consult an experienced radio technician for help.

FCC Radiation Exposure Statement

This transmitter must not be located or operated in proximity to other transmitters or radiation exposure limit set forth on an uncontrolled basis.

This transmitter must not be located or operated in proximity to other transmitters or radiation exposure limit set forth on a controlled basis.

This equipment should be installed and operated in accordance with FCC regulations, specifically Part 15 of the FCC body.
