

Ring® Alarm Pro Security Kit, 8-Piece with built-in eero Wi-Fi6 Router

Alarm Pro combines whole-home protection, a built-in eero Wi-Fi 6 router, and network security in one. 8-Piece Security Kit offers protection for 4 windows or doors, motion detection for 1 hallway or room, and wifi coverage of up to 1500 sq. ft.

For total peace of mind, subscribe to Ring Protect Pro, sold separately, and get 24/7 on-demand police, fire, or medical support with optional Alarm Professional Monitoring, Cellular Backup Internet that keeps you connected in a wifi outage, and more.

Ring Alarm Pro is designed to be used as your primary router. This item includes:

Alarm Pro Base Station

The core of your reliable Alarm Pro protection and main router, providing up to 1500 sq. ft.1 of wifi coverage.

Ring® Alarm Pro Security Kit, 8-Piece with built-in eero Wi-Fi6 Router

Keypad

Easily arm and disarm your Ring Alarm Pro security system while indoors.

Door/Window Contact Sensors (x4)

Peace of mind for your home's every entry point. When doors or windows open, you'll hear a chirp or your Alarm's siren.

Alarm Motion Detector

Place in each room or in hallways. They'll trigger the siren if unwanted motion is detected when your Alarm is armed.

Alarm Range Extender

Extend the Z-Wave signal from your Alarm Pro Base Station to all of your compatible Ring Alarm system components.
