

# GUESS

An underwater photograph showing various pieces of plastic waste, including bags and fragments, floating in clear blue water. The scene is illuminated by natural light from above, creating a somber and environmental message.

# WHY CHOOSE REUSABLE

Our mission is to inspire the world to reuse

Choosing to reuse is a simple act of generosity that shows love for people and the Planet. Over the past thirty years, our community has eliminated more than 2 million single-use plastic bags.

Our ethically audited manufacturing facilities are certified by Walmart, Sedex, Amfori BSCI, and ISO 9001. They provide safe, fair labour environments that support local communities. We're committed to reducing waste with Global Recycled Standard and 1% for the Planet.

# OUR STORY & CERTIFICATIONS

In 1993, our family business began with a vision to redefine how brands connect with their audiences. Today, we're a leading distributor for retail and corporate markets, specializing in certified reusable bags, backpacks, and travel luggage that combine functionality and sustainability.

Partnering with global names like Amazon, Walmart, Pep, and Spar, as well as local businesses, we've helped clients worldwide enhance their brand reputation and achieve sustainability goals. Through innovative packing and merchandising, we deliver quality products with purpose. This is more than a business—it's a legacy built on trust and impact.
