*Build a neat and comfortable
home environment for you*

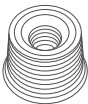

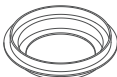

■ Final Assembly Picture

■ Note

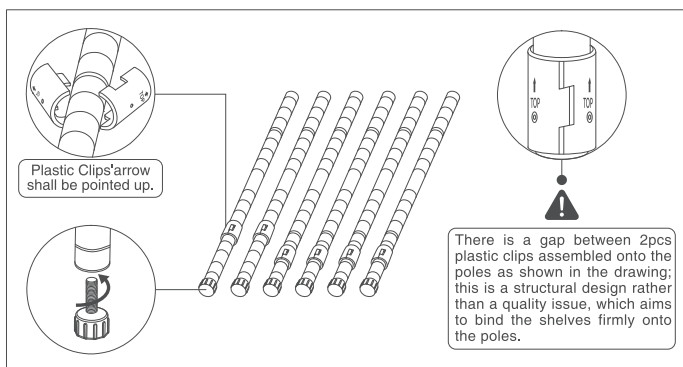

Please check and make sure that you have all the parts ready before beginning assembly.

Parts list

1 x 1pc  Support Rai with Hooks	2 x 52pcs  Plastic Clip	3 x 1pc  Short Clothes Hanger Rod	4 x 24pcs  Pole
5 x 3pcs  Small Shelf	6 x 6+2pcs  Plastic cap	7 x 6pcs  Hook Bracket	8 x 6pcs  Screw
9 x 2pcs  Support Rail	10 x 2pcs  Long Clothes Hanger Rod	11 x 18pcs  Connector	12 x 2pcs  Large Shelf
13 x 6+2pcs  Leveling Feet	14 x 2pcs  Anti-Tip Device	15 x 2pcs  The Bottom Feet is used in the second assembly method.	
16  This disk is just for protecting component parts from damage during shipping and can be discarded after assembly.			

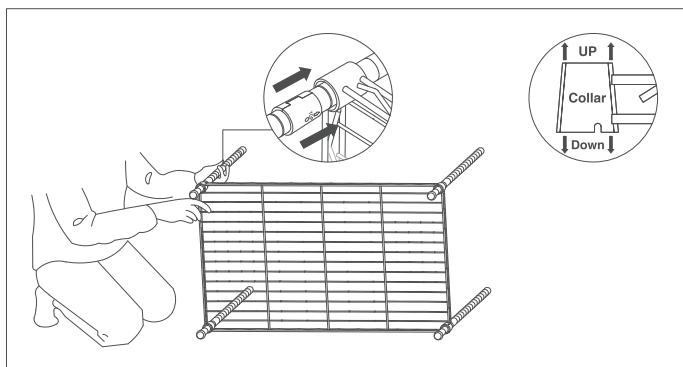

■ Assemble Method 1

■ Step 1

Screw the Leveling Feet(13) into the bottom of six poles. Then snap one pair of Plastic clips(2) on the groove of the lower pole (as the picture shows) . Make sure the arrow of all plastic clips should be pointed up, and the groove of plastic clips should be locked with the poles.

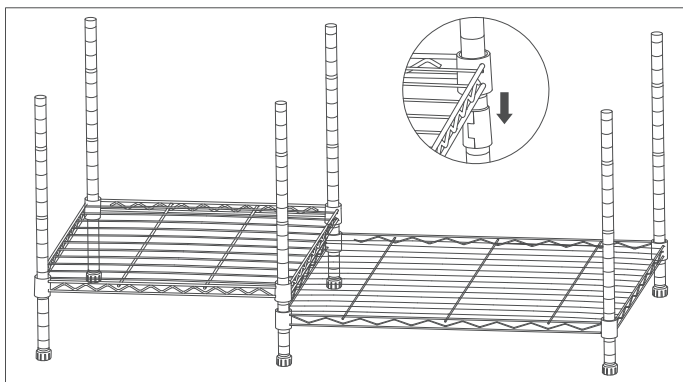

■ Step 2

Please make sure that you have the Large Shelf(12) the correct way up. Hold the shelf on its side and slide it from the top of four lower poles down onto the plastic clips until there is a snug fit.

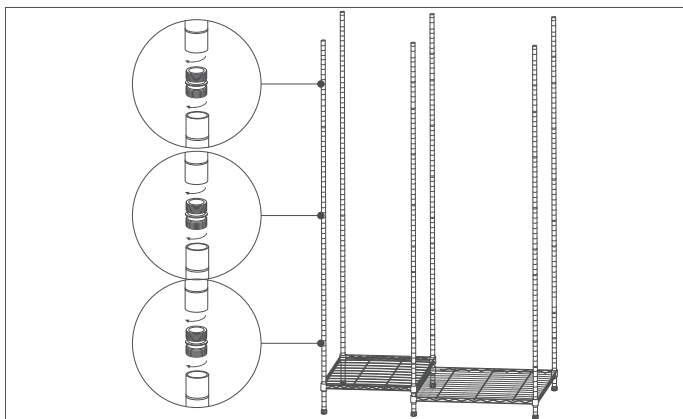

■ Assemble Method 1

■ Step 3

Refer to Step 1,2 to snap the plastic clips on the same groove of two poles on the large shelf(12) and assemble the small shelf(5). And then set the rack upright.

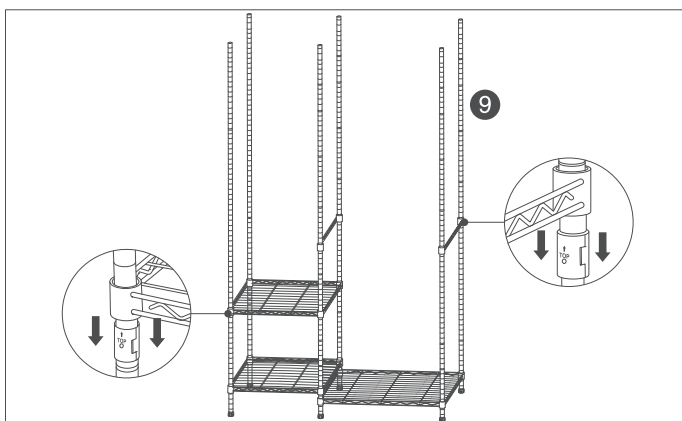

■ Step 4

Screw the other poles on the assembled poles(Step3) by connectors(11). Repeat this step that four poles to build up one long pole.

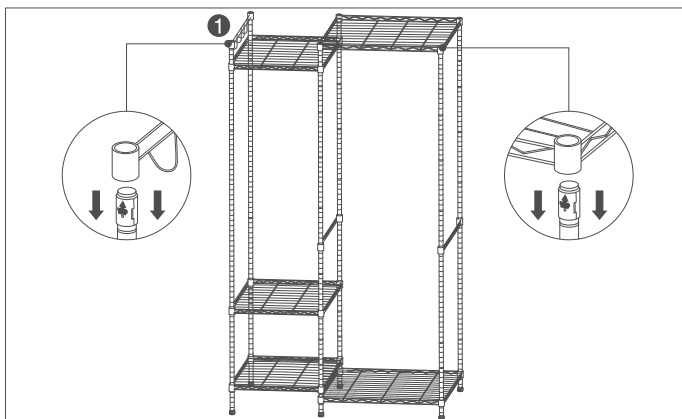

■ Assemble Method 1

■ Step 5

Snap the plastic clips(2) on the same groove of the poles which on the small shelf(5) and slide the second small shelf(5) from the top of the poles onto the plastic clips. Then snap the plastic clips(2) on the same groove of the poles which on the large shelf(12) and slide the support rail(9) on the plastic clips. These Shelf and Support rails can be adjustable randomly.

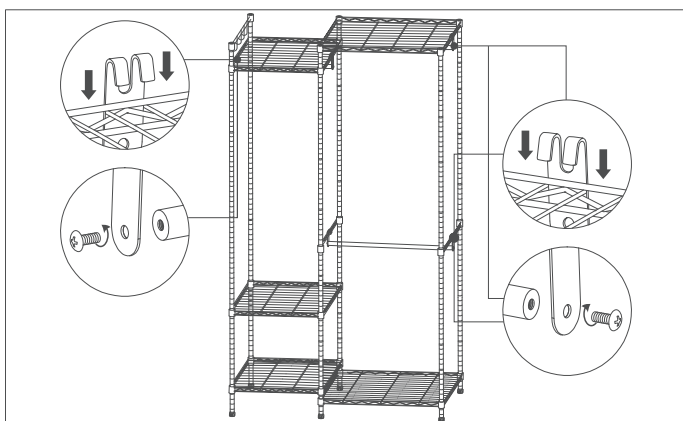

■ Step 6

Refer step1 to snap the plastic clips(2) onto the same groove of the poles and assemble the last small shelf(5), and the last large shelf(12) at the the right of the top as well. Snap the plastic clips(2) on the two left poles and slide the support rail with hooks(1) on it.

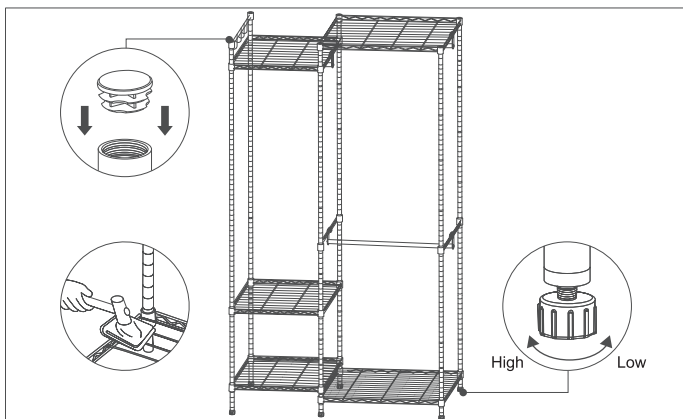

■ Assemble Method 1

■ Step 7

Assemble the Hook bracket(7) at the left and right of the Long clothes hanger rod(10) and the Short clothes hanger rod(3) by Screw(6). And hang the long hanger rod(10) under the top large shelf(12) and between the support rails(9), hang the short hanger rod(3) under the top small shelf(5).

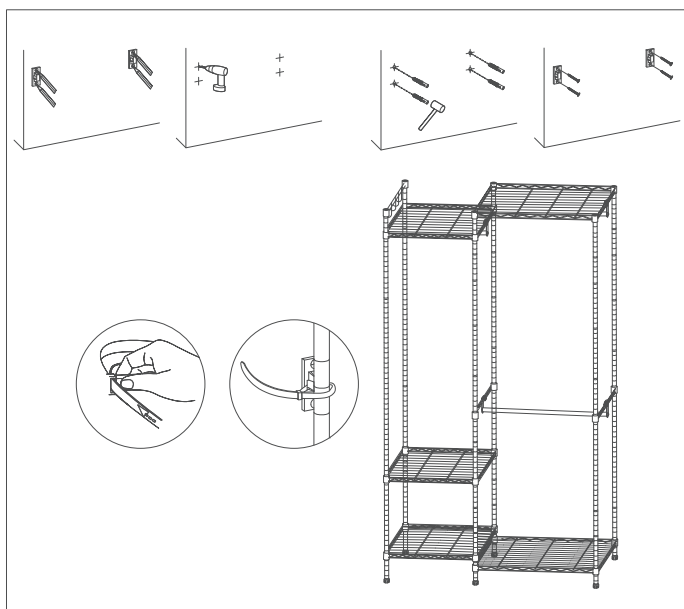

■ Step 8

Put the plastic cap(6) on the top of the poles. Pushing firmly down on every shelf at corners by rubber mallet to ensure all the shelves in a place over the plastic clips(2). Screw leveling feet(13) in or out to attain proper leveling. Now the garment rack is already completely assembled.

■ Assemble Method 1

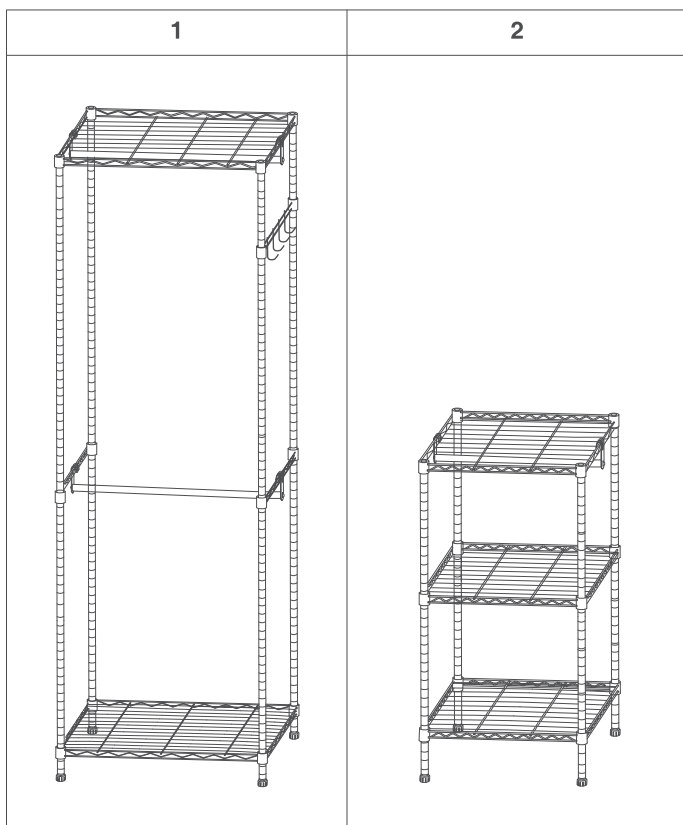

■ Step 9

For the sake of safety, be sure to fasten the garment rack to the wall with the anti-tip devices included in the package.

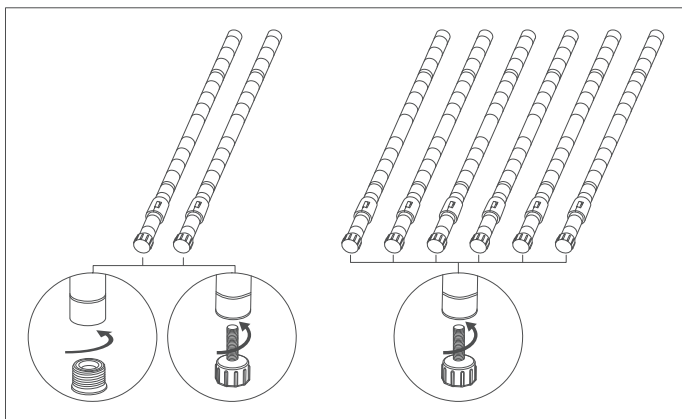

■ Assemble Method 2

- Can be assembled into a clothing rack and a shelf at the same time.

■ Assemble Method 2

■ Step 1

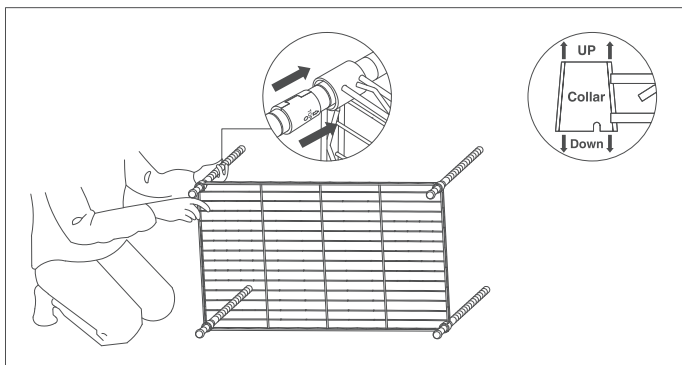

■ Note

Six poles have bottom feet (15) installed already, just install the Leveling Feet (13).

The other two Poles need to be installed bottom feet (15) and then add the Leveling feet (13).

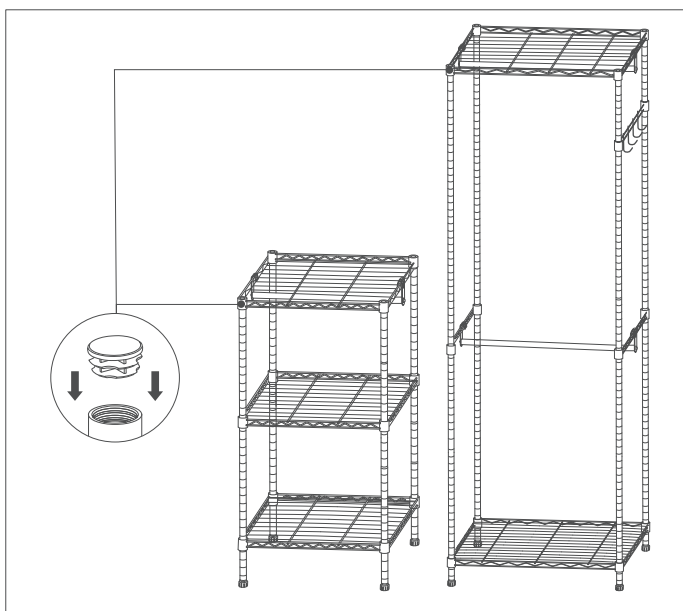

■ Step 2

Please make sure that you have the Shelf way up correctly. Hold the shelf on its side and slide it from the top of four lower poles down onto the plastic clips until there is a snug fit.

■ Assemble Method 2

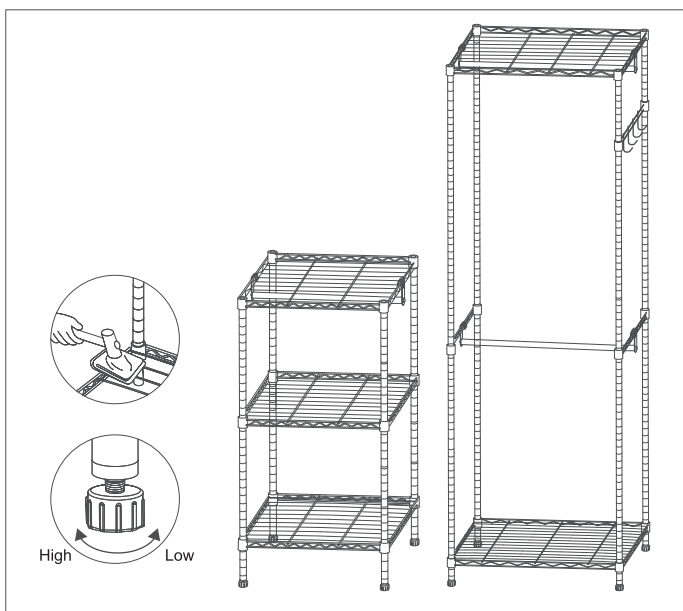

■ Step 3

Put the plastic cap(6) on the top of the poles.

■ Assemble Method 2

■ Step 4

Pushing firmly down on every shelf at corners by rubber mallet to ensure all the shelves in a place over the plastic clips(2). Screw leveling feet(13) in or out to attain proper leveling. Now the clothing rack and shelf are already completely assembled.
