

Dometic A&E AWNINGS - SPARE PARTS

Model: Dometic A&E Tension Rafter System

Supports and stabilizes the awning-open or closed

Keeps canopy in correct tension automatically

Provides center support when the awning is in the patio position

Easy to mount and operate

Completely self storing

- New cradle material is stronger, built for long life.
- Storage cradle lifts and supports the rolled-up awning for travel

A&E Optima:™ Tension Rafter System Includes:

- Self-adjusting Tension Rafter/Storage Cradle
- Center Ground Support

Available as a complete system in one attractive package or purchase separately.
