## **TOUGH TOOLS, HALF PRICE**

### **PIVOTING UTILITY FAN (AIR DRYER) OWNER'S MANUAL**

We continue to be committed to provide you tools with competitive price. "Save Half", "Half Price" or any other similar expressions used by us only represents an estimate of savings you might benefit from buying certain tools with us compared to the major top brands and does not necessarily mean to cover all categories of tools offered by us. You are kindly reminded to verify carefully when you are placing an order with us if you are actually saving half in comparison with the top major brands.

This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

**PLEASE SAVE THESE INSTRUCTIONS**  
**WARNING: READ THIS OWNER'S MANUAL CAREFULLY BEFORE USE.**

**Technical Parameters**

<b>Brand</b>	Vevor
<b>Model</b>	AD110003
<b>Voltage</b>	115V~/60Hz
<b>Power</b>	124W
<b>Product Size</b>	4.5kg
<b>Product Weight</b>	390*335*350mm

**DEFINITIONS: SAFETY ALERT SYMBOLS AND WORDS**

This instruction manual uses the following safety alert symbols and words to alert you to hazardous situations and your risk of personal injury or property damage.

**DANGER:** Indicates an imminently hazardous situation which, if not avoided, will result in death or serious injury.

**WARNING:** Indicates a potentially hazardous situation which, if not avoided, could result in death or serious injury.

**CAUTION:** Indicates a potentially hazardous situation which, if not avoided, may result in minor or moderate injury.

(Used without word) Indicates a safety related message.

**NOTICE:** Indicates a practice not related to personal injury which, if not avoided, may result in property damage.

**Ensure product mounted labels are read and understood.** Alternate language labels have been included with this product—ensure these are attached to the product if these represent the primary language of the user.

**WARNING:** Read all safety warnings and all instructions. Failure to follow the warnings and instructions may result in electric shock, fire and/or serious injury.

**WARNING:** Never modify the product or any part of it. Damage or personal injury could result.

**WARNING:** To reduce the risk of injury, read the instruction manual.

## **GENERAL SAFETY WARNINGS**

**DANGER:** Read and understand all of the instructions in this manual before assembling, starting, or servicing the fan. Improper use of this fan can cause serious injury.

## **SAVE ALL WARNINGS AND INSTRUCTIONS FOR FUTURE REFERENCE**

**CAUTION:** For general ventilating use only. Do not use to exhaust hazardous or explosive materials and vapors. Never use the fan in spaces which contain products such as gasoline, solvents, paint thinners, dust particles, volatile or airborne combustibles, or any unknown chemicals.

## **SAFETY INFORMATION**

**WARNING:** This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**WARNING:** NEVER LEAVE BLOWER FAN UNATTENDED WHILE OPERATING OR WHILE CONNECTED TO A POWER SOURCE.

**WARNING:** To Reduce the Risk of Electric Shock, Do Not Expose to Water or Rain.

**WARNING:** THIS IS NOT A TOY! Keep out of reach of children. This blower fan is intended for use by only qualified persons.

**WARNING:** RISK OF INJURY! Keep hair, loose clothing, fingers and all body parts away from air inlet and outlet.

**WARNING:** Risk of injury! Do Not move blower fan while it is operating.

**WARNING:** RISK OF ELECTRIC SHOCK! TAKE PRECAUTIONS TO PREVENT INJURY.

**WARNING:** RISK OF ELECTRIC SHOCK OR INJURY. Do not route cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Do not route cord under furniture or appliances. Arrange cord away from the traffic area where it will not cause a tripping hazard. Do not operate any blower fan with a damaged cord or plug, or after blower fan malfunctions, or has been dropped or damaged in any manner. Discard blower fan, or return to authorized service facility for examination and/or repair.

**WARNING:** RISK OF ELECTRICAL SHOCK. Connect to properly grounded outlets only. Do not insert or allow foreign objects to enter any ventilation or exhaust opening as this may cause an electric shock or fire, or damage the blower fan. Unplug blower fan before performing any maintenance or when not in use.

**WARNING:** Keep Out of Dangerous Areas. Do not operate the unit near dangerous areas such as fire, gas, fumes, or hazardous materials. Doing so might result in injuries to the operator or those around the unit.

**CAUTION:** In order to avoid a hazard due to inadvertent resetting of the thermal cut-out, this appliance must not be supplied through an external switching device, such as a timer, or connected to a circuit that is regularly switched on and off by the utility.

**CAUTION:** Automatically Operated Device - To Reduce the Risk of Injury, Disconnect from Power Source Before Servicing.

**CAUTION:** RISK OF ELECTRIC SHOCK! Do not open blower fan shell. No user-serviceable parts inside.

**CAUTION:** This blower fan is for indoor use only.

**DANGER:** DO NOT USE TO VENTILATE HARMFUL GASSES OR VAPORS.

- This blower fan is designed to dry damp surfaces quickly. This blower fan produces a high-volume, flat air column that increases evaporation.

For best results, be sure to install blower fan so all damp surfaces are exposed to the air flow.

- Before operating this blower fan, be sure that you know how to switch the blower fan off in an emergency.
- ALWAYS use only the electrical power (voltage and frequency) specified on the model plate of the blower fan.
- ALWAYS use only a three-prong, grounded outlet.
- ALWAYS use only 14 AWG or higher gauge extension cord.
- ALWAYS unplug the blower fan when not in use.
- ALWAYS install the blower fan so that it is not directly exposed to water spray, rain, dripping water, or wind.
- ALWAYS disconnect blower fan from power source when not in use.

**WARNING:** To Reduce the Risk of Electric Shock and Injury to Persons, Do Not Use in A Window.

Use this blower fan only in the manner intended by the manufacturer.

**WARNING:** To reduce the risk of electric shock, connect only to an outlet provided with a ground fault interrupting device (GFCI).

**WARNING: RISK OF ELECTRIC SHOCK!**

- Do not operate any blower fan with a damaged cord or plug. Discard blower fan or return to an authorized service facility for examination and/or repair.
- If the blower fan is damaged, do not use it. The blower fan must be serviced by a qualified person or service agent.
- When servicing or replacing a component requires the removal or disconnection of a safety device, the safety device is to be reinstalled or remounted as previously installed before operating this blower fan.
- NEVER pull or carry the blower fan by the power cord.
- NEVER block the air inlet (rear) or air outlet (front) while in operation.
- NEVER insert any objects through the blower fan guards.
- NEVER use to ventilate harmful, explosive, flammable, or volatile gases, fumes, or substances.
- This blower fan produces a strong, constant stream of air.
- Before operating blower fan be sure there are no unsecured materials that can be blown about the stream of air.

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or

instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.

**Type Y attachment:** If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

## **LIMITED WARRANTY**

Warranty covers the unit from defects in materials and craftsmanship. The Warranty covers normal use for a term of one year from the original date of purchase.

### **Important !**

Warranty does not cover signs of misuse including, but not limited to, a unit that has been dropped, subjected to water damage, tampered with, improper voltage use and unauthorized maintenance and repairs. The POWER CORD are not covered by the warranty.

## **MAINTENANCE AND CARE**

- Before you clean or service your blower fan, be sure to unplug it. Clean your blower fan using a soft moistened cloth with a mild soap solution. Never immerse any electrical parts partially or fully in water. Do not use gasoline, benzene, thinner, harsh cleaners, etc. as cleaning agents. When not in use, store blower fan in a clean, dry area.
- Motor is permanently lubricated.

## **OPERATION**

- Plug the blower fan into a properly grounded three-pronged 120V AC receptacle. Using the knob on the side of the blower fan, select the desired operating speed.
- You can adjust the blower fan's vertical angle. Do this by moving the blower fan body forward or backward until desired setting is met. A clicking sound emitting from the fan while adjusting the angle is normal.

## **BREAKER RESET**

- A 10-amp breaker is provided as a safety feature of your blower fan. If a tool or accessory that has more amperage than allowed is used, the

breaker will trip and need to reset. You can reset by unplugging the appliance or accessory causing the breaker to trip and push the reset button on the blower fan. This button is adjacent to the fan's outlets.

**NOTICE:** To reduce the risk of fire or electric shock, do not use this fan with any solid-state speed control device.

**Manufacturer:** NINGBO A-ONE HARDWARE CO.,LTD

**Address:** No.2 Jinshui Bridge Road, Chaiqiao street, Beilun District, NINGBO, CHINA
