

Amazon Selling Fee Structure

Our standard selling fees provide you with access to a package of Amazon tools and services. They're divided into two basic types: selling plan fees and referral fees.

In addition to selling fees, you might have added costs if you use certain optional tools and programs like Fulfilment by Amazon (FBA) or Amazon Easy Ship. Ultimately, you get to control the cost of selling in the Amazon store by selecting the programs, tools, and services that are right for your business.

Note: All listed fees are displayed excluding applicable VAT. We will additionally apply VAT to all fees displayed.

FBA Monthly Inventory Storage fee

Storage fees are charged for all units stored in an Amazon fulfilment centre based on calendar month and your daily average volume (measured in cubic metres). The cubic metres of any unit will be based on the unit's size as properly packaged and ready for dispatch to customers in accordance with the FBA Programme Policies. Amazon will be entitled to make its own measurement of the cubic metre or weight of any packaged unit or representative sample thereof and in the event of any conflict between such measurement and information provided by the seller, Amazon's measurement will govern.

- These fees only apply to products with actual weight less than 32 kg. Go to the [Product restrictions](#) page to see the types of products that can be sold through Amazon Easy Ship.
- Weight-based handling fee will be calculated on whichever is greater of actual weight or volumetric weight.
- The total for each parcel is rounded up to the nearest weight range.
- Amazon considers dimensional weight in kilograms = (length x width x height in centimetres) ÷ 5,000.
- Fees will be calculated for each order, adding the parcel weight to the product weight.
- The maximum length of parcel is 175 cm, with a maximum girth of 419 cm (girth = 2*height + 2*width).
- The calculation of fees for Selling on Amazon will not change for Amazon Easy Ship programme sellers and will continue to apply normally to your orders.
- Unless otherwise stated, all fees are in South African Rand (ZAR) and do not include applicable taxes, such as VAT. As fees are subject to change, please check Seller Central for the most up-to-date information.
