Troubleshooting

Problem	Possible Cause	Solution
The heated comb temperature is low.	The battery is low.	Replace the battery as instructed in this instruction manual.
	Using the device in a room with a temperature below 15°C.	This is normal.
The curling effect is not satisfying.	The heated comb has not preheated completely.	Use the device only after the temperature sensor on the back of the heated comb changes from blue to red.
Eyelids feel hot when using the device.	You are pressing the heated comb against the eyelids	Use the device in front of a mirror to avoid pressing the heating comb on the eyelids.
Other problems.		Consult your local dealer.

Device Description:

-
- 1 Trimmer Blade
