Fiesta Sport Van with Chrome Blue metallic body colour (option) and 18" Rock Metallic alloy wheels (option).

Love what you do

Who said work couldn't be fun? The all-new Ford Fiesta Van delivers just the right balance of eye-catching good looks and smart, practical design that's perfect for you and your business. A generous rear load space with four tie-down points, allows you to transport cargo securely. And delivered with all the signature driving dynamics of a Ford Fiesta, Fiesta Van makes work fun.

Ample load space

Ford Fiesta Van offers a generous 0.96 cubic metres of rear load space. Four usefully placed tie-down points, plus a full load floor rubber mat, means you can transport items safely and securely without worrying about them moving around as you drive.

Electronic Automatic Air Temperature Control (EATC)

Electronic Automatic Air Temperature Control (EATC) maintains the precise temperature you select for your heated or air-conditioned comfort. (Option)

Work made easy

Who said work needed to be tough? The Ford Fiesta Van now delivers a wider range of intelligent driver assistance features than ever before, including Ford SYNC 3 with satellite navigation, Adaptive Cruise Control with Forward Alert, and Ford Lane-Keeping System – all making your business trips easier. The new FordPass smartphone app lets you access a range of additional services, including Live Traffic updates. While the stylish Ford Fiesta Van interior offers all the comfort of a premium passenger vehicle.

Ford SYNC 3

SYNC 3 integrates seamlessly with your smartphone, letting you control everything from phone calls and text messaging to music and satellite navigation – all via the touchscreen or through simple voice commands. While downloading the new FordPass App lets you control a host of new features from your smartphone such as searching available parking spaces, checking costs, opening hours; and with the FordPass Connect option, remote locking and unlocking is possible.

FordPass Connect

The new FordPass Connect modem makes journeys easier through a suite of connected services in your van and via your smartphone. On board Wi-Fi lets you connect effortlessly to the internet with up to ten devices**. Live Traffic* delivers up-to-date traffic information to your SYNC 3 Navigation system.

*Live Traffic updates and certain FordPass Connect features are complementary for initial trial periods, after which subscription charges apply.
**For built-in Wi-Fi hotspot capability, a Ford vehicle must come with the appropriate hardware. Please see www.ford.ie for more details.

Intelligent technologies

Ford Power starter button

Start the engine at the press of a button. Just keep the key fob with you in your pocket or bag.

Driver Alert

Designed to inform you if the system detects driving behaviour that indicates a drop in alertness levels. Initially, a warning icon is displayed in the instrument cluster, asking you to take a rest. If driving alertness further declines, the message is repeated and combined with a chime.

Pre-Collision Assist⁰²⁾ with Pedestrian Detection

Uses radar and camera technology to scan the road ahead. If a collision risk with a vehicle or pedestrian is detected, it'll then provide you with a warning. If you don't respond in time, the system can automatically apply up to full braking force to help reduce the severity of, or even eliminate, some frontal collisions. (Option)

⁰⁾Uses sensors.
²⁾Driver assistance feature.

Auto high beam

A useful night-driving aid, auto high beam temporarily dips your headlights when it detects oncoming traffic or a vehicle ahead, stopping you dazzling other drivers. It then automatically reverts back to high beam, giving you maximum visibility. (Option)

Traffic Sign Recognition

Whether the signs are at the side of the road or above it, permanent or temporary, Traffic Sign Recognition can identify them. An icon of that speed or a no-overtaking sign appears on the instrument cluster and changes every time you enter a new limit. (Option)

Ford Lane-Keeping System

Uses a forward-looking camera to detect if you're unintentionally drifting out of lane. Lane Keeping Aid can provide steering torque assistance to help guide you back into the right lane. If you're slow to react or don't respond, Lane Keeping Alert warns you by vibrating the steering wheel and displaying a visual warning. The technology will automatically deactivate at speeds below 65 km/h or can be turned off manually. (Standard on Sport)

Adaptive Cruise Control with Forward Alert

With Adaptive Cruise Control technology, you choose the speed you want to drive at and the system will maintain it. If the built-in RADAR sensor detects a vehicle ahead, it will slow your vehicle to maintain a pre-set distance. Once the road in front is clear, the system will accelerate to your chosen speed. (Option)

Blind Spot Information System

Blind Spot Information System alerts you via discreet warning lights in both door mirrors, when another vehicle - car, van or lorry - enters your blind spot. Similarly, Cross Traffic Alert warns you if a moving hazard is detected while you reverse from a perpendicular parking space. (Option)

Fiesta Trend Van

Standard exterior features

- 15" steel wheels with full wheel covers
- Automatic headlights
- Front fog lights with bright bezel
- Body colour rear spoiler
- LED reflector headlights with black-finish bezel and daytime running lights
- Body colour front and rear bumpers with mesh design front upper grille
- Electrically-operated and heated door mirrors with side indicators, and body colour housings
- Body colour door and tailgate handles
- Ford Easy Fuel capless refuelling system
- Tailgate wash/wipe

Standard interior features

- Steel bulkhead with upper half mesh
- Manual air conditioning
- Ford SYNC 3 radio with DAB, 8" TFT touchscreen, MP3-compatible, Bluetooth® and USB connectivity, remote audio controls and four speakers
- Loadspace tie-down loops
- Comfort style front seats
- Centre console with openable stowage, USB connectivity and 12 V power point
- Courtesy lights
- Driver's seat with 4-way manual adjustment
- Front velours floor mats
- Remote central locking

Engines

Petrol

1.1 Ti-VCT 85 PS (63 kW)

Diesel

1.5 Duratorq TDCi 85 PS (63 kW)

Fiesta Trend Van with Chrome Blue metallic body colour (option) and 15" steel wheels with full wheel covers (standard).

Fiesta Sport Van

Exterior features additional to Fiesta Trend Van

- 17" 5x2-spoke alloy wheels in Rock Metallic finish
- LED projector headlights with LED daytime running lights
- Sport-style front fog lights
- Sports-tuned suspension
- Unique upper grille, bumpers, and side skirts
- Single chrome exhaust
- Body colour rocker panels

Interior features additional to Fiesta Trend Van

- Sports-style front seats, with adjustable lumbar support
- Ford Power starter button
- Lane-Keeping System (including Lane-Keeping Alert and Lane-Keeping Aid)
- Deluxe black headliner
- Steel bulkhead with upper half mesh
- Adjustable Speed Limiter
- Stainless steel sports pedals
- "Sensico" sports-style steering wheel with red stitching
- Leather-trimmed gearshift knob with aluminium insert
- Front floor mats with red stitching

Engines

Petrol

1.0L EcoBoost 125 PS (92 kW)

Diesel

Accessories

Tow bar, fixed or detachable

Providing extra transport and stowage capability. Both a fixed and detachable tow bar are available. The tow bar can tow up to 1100 kg* depending on engine (check with your Ford Dealer for further details). (Accessory)

Rear bumper protection plate

Stainless steel bumper protection plate helps to protect against wear and tear when loading while adding a stylish look to your vehicle. (Accessory)

Alloy Wheels

A wide selection of styles and sizes are available from 16" to 18". (Option and Accessory)

ClimAir®+ wind deflectors

Gives you a more comfortable drive with the front windows open, even during light rain. (Accessory)

Rubber floor mats

Tray style rubberised all-weather floor mats with the Fiesta nameplate are tailor-made to fit and help to protect against dirt and damp. The driver's mat is securely fixed directly onto the vehicle's floor to help prevent it from slipping. (Accessory)

Novetud+ soft tonneau cover

Easy to install and remove, the load compartment cover helps to protect your belongings from prying eyes. (Accessory)

Locking wheel nuts

Locking wheel nuts help to secure your alloy wheels and help to protect them from theft. Only removable with the special tool included in the kit. (Accessories)

Mud flaps

Contoured mud flaps help to protect the bodywork of your Ford Fiesta Van from stone chips and road spray. Available for front and rear. (Option and accessory)

ACV+ Qi Wireless Charging Kit

Quicker, easier and neater than wired charging, a wireless charging kit allows you to recharge a range of devices whilst you are on the move. There's no need to plug and unplug each time – simply place the device on top of the wireless charging pad. (Accessory)

For use in conjunction with **ACV+ Qi charging case** for Apple iPhone® with integrated wireless charging function. Available for a range of iPhone® models and in a choice of colours to suit your phone. (Accessory)

Rati+ Armrest

An innovative armrest with practical storage space. The portable pocket feature allows you to safely store personal items, then clip it to your belt to take them with you. (Accessory)

Further information on our full range of available accessories can be found here

*Towing and load capacity depends on engine and vehicle series, please refer to vehicle weight and load specifications.
†Item covered by third party supplier's warranty, please see back cover for details.
For more accessories please visit the Online Accessory Catalogue at www.ford-accessories.ie
For a range of Ford branded merchandise – from clothing to lifestyle products – visit www.fordlifestylecollection.com
Items ordered as an option will be fitted in the factory. If ordered as an accessory items will be fitted at the dealership.

Keep your business moving.

Ford Service

Discover the valuable benefits of a Ford Service.

Designed to keep you on the road and your running costs low, a Ford Service is delivered by the experts and available exclusively through our dealer network.

Features of Ford Service:

- Genuine Ford parts quality
- Ford-trained technicians
- Speedy and accurate Ford diagnostics
- Free Video Check
- Electronic Vehicle Health Check (eCheck)
- Collection and delivery**
- Interim checks for optimum vehicle performance
- Unscheduled repairs
- Priority treatment for urgent repairs
- Free Pan-European Roadside Assistance

Efficiency, accuracy and convenience are at the heart of the Ford service promise. So, whether it's servicing, maintenance or repair you need, be sure to come and see us.

For more information and to find your nearest participating Ford Service centre, visit the aftersales support section at www.ford.ie

Commercial Vehicle Finance

When it comes to financing your Ford Commercial Vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products. Ford Credit provides a range of finance products for your vehicle as a business user. For more information about the finance products provided by Ford Credit visit www.ford.ie

The credit provider of these products is Bank of Ireland Leasing Limited, trading as Ford Credit. The FORD and FORD CREDIT trademarks are owned by the Ford Motor Company and its affiliates are used under license.

Lending criteria and terms and conditions apply. Applicants must be aged 18 or over. The information is for illustrative purposes only and does not constitute an offer.

Warning: You may have to pay charges if you repay early, in full or in part, a fixed rate credit facility.

FORD PROTECT

Extend your warranty up to 7 years with Ford Protect.

Extend your standard 2-year warranty and enjoy worry-free motoring for many years to come. Ford Protect provides a range of key benefits including:

- High flexibility in duration and mileage
- Attractive annual fees
- Protection on trips abroad
- Inflation proof: all increases in repair costs are covered
- Prolonged lifespan of your Ford vehicle
- Protects your vehicle resale value

**Collection and delivery takes place on appointment and within a reasonable travelling time (maybe at an additional cost – please consult your service advisor). We even wash your vehicle so that it looks its best.

Efficiency

Petrol or diesel? We’ve made both options equally tempting.

The new Fiesta Van looks out for you and your budget. Driven by our remarkable TDCi diesels, or our latest generation of EcoBoost petrol engines, it's impressively frugal whether nipping around town or on the open road. Our multiple award-winning 1.0L Ford EcoBoost petrol engine, for example, comfortably meets the latest Euro Stage 6.2 emissions regulations, with CO₂ emissions from just 128 g/km.

Key fuel-saving technologies include:

- Auto Start-Stop system
- Ford Smart Regenerative Charging
- Gearshift Indicator light – to aid economical driving

Efficient

1.5 Ford Duratorq TDCi (85 PS)

The Ford Fiesta Van's 85 PS diesel engine provides the power and torque required combined with an impressive fuel efficiency of 4.8 L/100 km (combined figure)* and CO₂ emissions as low as 125 g/km.*

Balanced

1.0 Ford EcoBoost (125 PS)

Fiesta's latest petrol engines are just as impressive. Compact, lightweight and refined, the 1.0 Ford EcoBoost 125 PS petrol engine achieves an outstanding 5.7 L/100 km*; with only 129 g/km* of CO₂ emissions.

Fuel economy and CO₂ emissions

The test used to establish fuel consumption and CO₂ figures has changed to deliver results that are more representative of real driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption and CO₂ figures shown are derived from the new WLTP test. Please note that vehicle registration tax (VRT) is not based on these WLTP figures in 2019, these figures are for information purposes only.

Understanding fuel data

The table below shows the fuel consumption (WLTP) and CO₂ emissions (WLTP) for each available engine when fitted on a standard specification (with no options or accessories). Adding options or accessories to your chosen vehicle can impact WLTP fuels consumption and CO₂ emissions. Please speak to your Ford Dealer for more information.

The fuel consumption you achieve in real life conditions and CO₂ produced will depend upon a number of factors including options and accessories fitted, variations in weather, driving styles and vehicles load.

	Transmission	Axle ratio ⁰⁰⁰	CO ₂ emissions (g/km) ⁰⁰⁰	Fuel consumption in L/100 km ⁰⁰⁰
Petrol				
1.0L Ford EcoBoost 95 PS (70 kW)	5-speed manual	3.94	118	5.2
1.0L Ford EcoBoost 125 PS (92 kW)	6-speed manual	3.94	120	5.2
Diesel				
1.5L Duratorq TDCi 85 PS (63 kW)	6-speed manual	3.37	114-115	4.3-4.4

⁰⁰⁰The declared fuel/energy consumptions, CO₂ emissions and electric ranges are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty vehicles type-approved using the Worldwide Harmonised Light Vehicle Test Procedure (WLTP) will have fuel/energy consumptions and CO₂ emission information for New European Drive Cycle (NEDC) and WLTP. WLTP will fully replace the NEDC latest by end of the year 2020. The applied standard test procedures enable comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a vehicle, driving behaviour as well as other non-technical factors play a role in determining a vehicle's fuel/energy consumption, CO₂ emissions and electric ranges. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contains data for all new passenger carrying vehicle models is available at any point of sale free of charge.

Note Some of the features listed above are options, at extra cost and may not be available on all models. Please refer to the specification tables, or speak to your Ford Dealer for further information.

Get the most from your new Ford

We want to help you get the most from your new Ford. And to do that, you need to know how much it is designed to safely carry, both in terms of payload and load volume. Your Ford Dealer can provide professional advice on important specification aspects, and help to find the right van for your budget and business needs.

The Ford Fiesta Van is designed to carry cargo – and lots of it.

Choosing a new van is an important decision with lots of factors to be considered. While some aspects, like selecting the most appropriate derivative, identifying the intended primary use and determining load box size are relatively simple, others, such as calculating payload are more complex.

Payload capacity

To calculate payload, you need to know two things: the vehicle's gross vehicle mass (GVM) and its kerb mass.

GVM is the maximum permissible weight of the vehicle when loaded and ready to go – that includes the weight of the vehicle itself, ancillaries, driver and crew (assuming the industry standard weight of 75 kg/person), fluids, fuel tank 90% full (1 litre of diesel = approximately 0.85 kg), optional and aftermarket equipment, and cargo.

Kerb mass is the weight of a standard-specification base series vehicle, including fluids and fuel tank 90% full, but without the driver, crew or cargo. If you intend to load the vehicle close to its maximum capacity, it is recommended that you add a margin for error of 5% of the kerb mass to the kerb mass figure before calculating payload, to reduce the risk of overloading.

Payload is the difference between the two.

Gross vehicle mass minus **kerb mass** = **payload**

So to help you choose the right vehicle for your needs, here are some more detailed explanations about the factors that can influence a vehicle's payload. These include, but are not limited to:

Driver and crew

We calculate the weight of the driver based on the industry-standard weight of 75 kg. Remember that the driver and crew are not included in the kerb mass figure, so when a driver or crew boards the vehicle, its available payload will be reduced accordingly.

Factory-fitted options

Most factory-fitted options will affect a vehicle's payload. For example, air conditioning can add approximately 10 kg to a vehicle's weight, and therefore reduce its payload accordingly.

Your Ford Dealer will be able to tell you what features can add or reduce your vehicle's kerb mass and by how much.

Series

All kerb masses quoted in this brochure are for standard-specification series models. Higher series models will generally weigh more due to the increased level of features and equipment.

Manufacturing tolerances

Variations in manufacturing and production processes mean that no two vehicles are likely to weigh exactly the same.

Accessories and aftermarket conversions

It is important to think carefully about what to do with your vehicle after you take delivery. Any accessories fitted or aftermarket conversions to the vehicle may adversely affect its payload. Please speak to your Ford Dealer for more information and advice.

If payload is critical to your business, or if you plan to carry cargo at, or close to, the vehicle's maximum capacity, your Ford Dealer can help. Using their specialist expertise and knowledge, they can advise you on the exact specification of vehicle required to meet your individual business needs.

Configure your van to suit your job

Ford vehicles are available with a wide range of standard and optional features. Your Ford Dealer can help you ensure that you specify the right vehicle features for your specific business needs, including technical items to aid aftermarket fitment of specialist equipment or conversion.

Note Technical information for vehicle converters can be found online via the Body and Equipment Mounting Manual at www.etis.ford.com ; go to >information >>vehicle conversions.

Weights and loads

	Max. gross payload (excluding driver/ passengers) (kg)	Gross vehicle mass (kg)	Min. kerb mass (excluding driver/ passengers) (kg)	Gross train mass (kg)	Max. towable mass braked (unbraked) (kg)
Trend					
1.0L Ford EcoBoost 95 PS (70 kW) (6-speed manual)	531	1620	1089	2720	1100 (580)
1.5L Duratorq TDCi 85 PS (63 kW) (6-speed manual)	524	1655	1131	2405	750 (600)
Sport					
1.5L Duratorq TDCi 85 PS (63 kW) (6-speed manual)	524	1655	1131	2405	750 (600)
1.0L Ford EcoBoost 125 PS (92 kW) (6-speed manual)	515	1620	1105	2720	1100 (590)

All figures quoted are preliminary and are a range from/to dependent on options selected. Kerb mass is affected by many factors such as bodystyles, engines and options. It is the weight of a standard-specification base series vehicle (different series will have different kerb masses), including fluids and fuel tank 90% full, but without the driver (75 kg), crew or cargo. Payload within this guide is the difference between gross vehicle mass (GVM) and kerb mass with a further 75 kg deduction for the weight of the driver. It must be noted that actual weight will always be subject to manufacturing tolerances which may result in payload variations between this guide and actual weight. For customers intending to load vehicle close to maximum payload, **we suggest you also add a margin for error of 5% of kerb mass to the kerb mass figure before calculation, to reduce risk of overloading.** NB: It is the responsibility of the vehicle operator to ensure their vehicles are legally compliant for road use.

Next steps

own
When you drive away in your new vehicle, we're with you all the way. Ford has a large authorised service network to help you keep your vehicle in the best condition. And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your vehicle back to its pre-accident condition and on the road as quickly as possible.

finance
When it comes to financing your vehicle, Ford Credit's size and expertise means they're well placed to provide you with a wide range of finance products. Ford Credit provides a range of finance products for your vehicle whether you are a private or business user. The credit provider of these products is Bank of Ireland Leasing Ltd, trading as Ford Credit. The FORD and FORD CREDIT trademarks are owned by Ford Motor Company and are used under licence. For more information about the finance products provided by Ford Credit visit www.ford.ie.

Lending criteria and terms and conditions apply. Applicants must be aged 18 or over. The information is for illustrative purposes only and does not constitute an offer.

Warning: You may have to pay charges if you repay early, in full or in part, a fixed rate credit facility.

FordPass is a new platform that will empower you to rethink the way you move. Finds parking locations nearby, contains vehicle and finance details, dealer information and a host of useful guides. Live Traffic access is free for the first 2 years following the purchase of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. **Note.** The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are instead covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
