Quick Start Guide

This guide outlines the operating procedures and safety precautions. Please read it carefully to make sure you are using your product properly and keep it for future reference.

Specifications

- Model: PKR200
- Switch: Mechanical switch
- 61 keys, with the support of N-Key Rollover (NKRO)
- Backlight: RGB
- Cable Length: Ø4.0, 1600 mm
- Dimensions (L x W x H): 291 x 102 x 40 mm
- Weight: 600g ± 10g

Read Me First

- Plug & Play: Simply connect the keyboard to an available USB port and the keyboard will automatically install all necessary drivers.
- Bluetooth Mode: Switch On/Off button to On or plug the USB cable, and press FN+Q/W/E to select the Bluetooth location, then long press FN+Q for 3 seconds to enter to the pairing mode [Q key will flash]. When 3 locations are paired with the different devices, press FN+Q/W/E to switch between the devices anytime.
- Wired/Bluetooth Switching (memorize the last used mode): FN+TAB (the keyboard backlight flashes three times during switching).

Package Contents

- PREDATOR GAMING KEYBOARD TKL x 1
- Quick Start Guide x 1
- Warranty booklet x 1

System Compatibility

- Windows® 10, Windows® 7 and Windows® XP
- Connector: USB port

Tips and information for comfortable use

Some research has suggested long periods of repetitive motion; using an improper operation space, body position, and poor work habits may be associated with physical discomfort and injury to nerves, tendons, and muscles. Below are some guidelines for optimizing comfort of usage and avoiding injury.

1. Put the keyboard and monitor in front of you, and place the mouse within easy reach.
2. Have your elbow next to your side and adjust the height of the table and chair to make the mouse and keyboard placed below your elbow.
3. Have your feet well supported and your shoulders relaxed.
4. Taking frequent short breaks can help ease the tiredness from using the keyboard for a long time.

5. Do not sit in the same position all day operating the keyboard and mouse. Leave the seat, do some exercise for arms and shoulders, and relax your wrists, neck and legs.
6. Beware of discomfort; when you experience body conditions like pain, numbness, or tingling in hands, wrists, arms, shoulders, neck and legs, please consult qualified health professionals.

Warnings

- Do not disassemble the device or operate the device under abnormal conditions.
- Do not submerge the device in water.
- If the device backlight could not be lightened up, please re-plug in the USB.
- If the device could not be functional, or there was thermal abnormal situation, please re-plug in the connector.
- If you still encounter problems after going through the corrective measures, please contact your dealer or an authorized service center for assistance.
- For more information regarding the PREDATOR accessories, please visit the PREDATOR website at www.acer.com/predator

Environment

Temperature:

- Operating: -20 °C to 60 °C
- Non-operating: -20 °C to 60 °C

Humidity (non-condensing):

- Operating: 30% to 90%
- Non-operating: 30% to 90%

Europe - EU Declaration of Conformity

We declare under our sole responsibility that the product is conformity with all the essential requirements and other provisions of the European Council Directive RoHS Directive (2011/65/EU), EMC Directive (2014/30/EU) on issued by the Commission of the European Community.

This product must not be disposed of with your other household waste or treat them in compliance with the local regulations or contact your local city office, your household waste disposal service or the shop where you purchased the product.

FEDERAL COMMUNICATIONS COMMISSION (FCC) STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution

Changes or modifications not expressly approved by the part responsible for compliance could void the users authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IC Statement

CAN ICES-003(B) / NMB-003(B)

FCC Radiation Exposure Statement

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment and it also complies with Part 15 of the FCC RF Rules. This equipment must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provide with antenna installation instructions and consider removing the no-collocation statement.
