v6.3.30|v6.3.30G

Date: 2021-08-11

What's the difference for firmware with G or not?

Firmware with G means "Google play store" is installed, there is no other difference. Please make sure you will update to firmware with G always if you have already installed firmware with G now.

How to upgrade firmware by USB update?

1. Download the firmware via link below to a USB stick (copy the link to a browser to download).

2. Follow the USB update guide:

https://www.zidoo.tv/Support/support_guide/guide_target/jX8%2B0mU4clveq7k9e%5Bld%5D3ulg%3D%3D.html

3. If you are the first time to install firmware with G, activate it with this guide:

https://www.zidoo.tv/Support/support_guide/guide_target/KxXN%2BNNrtsXeq7k9e%5Bld%5D3ulg%3D%3D.html

Note: If it is stuck in "Zidoo" logo for over 5 minutes when upgrading firmware, please power Zidoo media player off and restart. After firmware is upgraded successfully, built-in apps will upgrade automatically, please kindly wait 5 minutes to start using.
