NAVIGATING SEARCH RESULTS

The image displays two screenshots of the Firestop Selector software interface, illustrating various navigation and search features. Red arrows point from descriptive text labels to specific UI elements.

Left Screenshot:

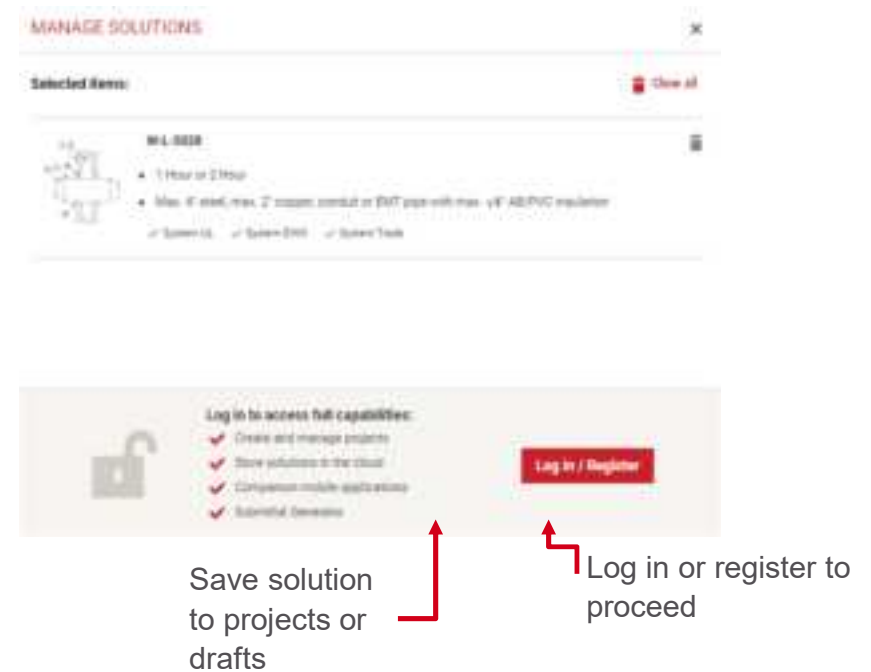

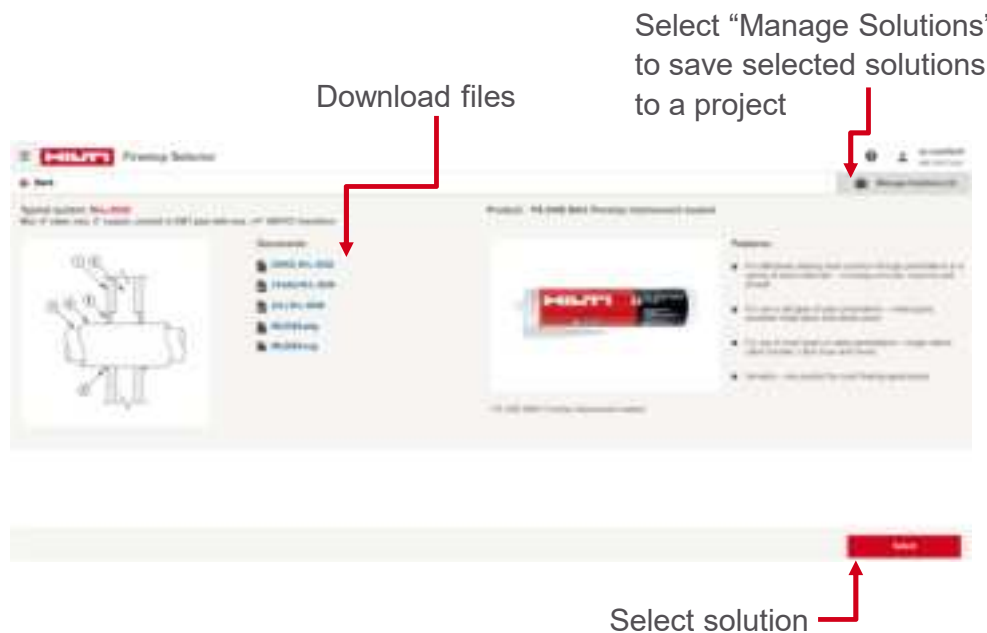

- Search Summary:** The top section of the interface, containing search filters and a search bar.
- Filter solutions:** A red banner at the bottom of the search results area, indicating that users can filter solutions by their preferred products.

Right Screenshot:

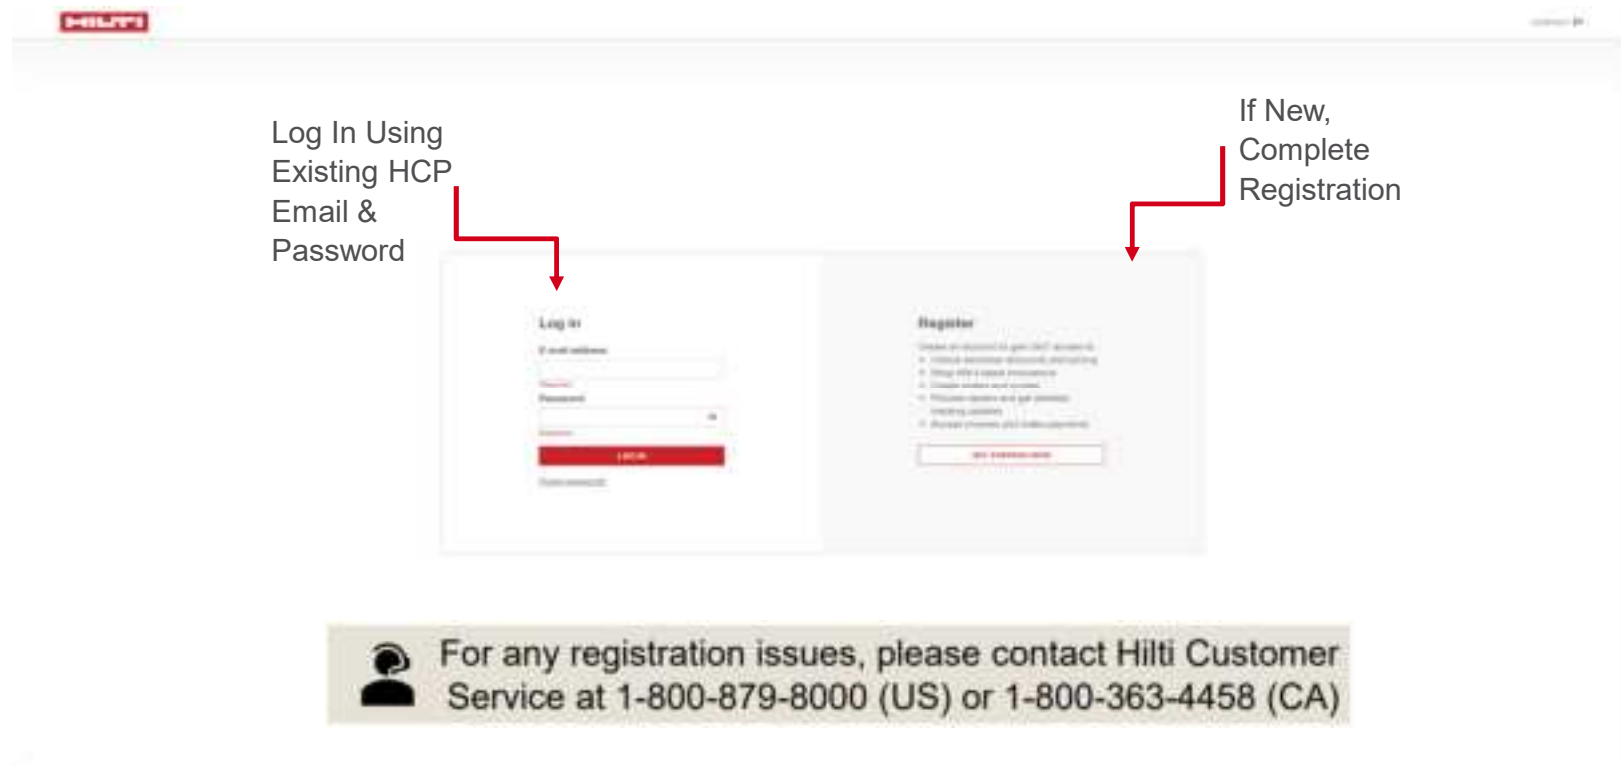

- Grid & list views:** The top right corner of the interface, showing icons for switching between grid and list views.
- Reset filters:** A button located near the search filters, used to clear all applied filters.
- Additional filters:** A section below the main filters, providing more granular search options.
- Select "Manage Solutions" to save selected solutions to a project:** A button in the top right corner, used to save selected solutions to a project.
- Sort results:** A dropdown menu located below the search filters, used to sort the search results.
- Select preferred product:** A dropdown menu located below the search filters, used to select a preferred product.
- Select solution:** A button located below the search filters, used to select a specific solution.
- Download files:** A button located below the search filters, used to download files related to the selected solution.
- Select "Preview" for more information:** A button located below the search filters, used to preview a solution for more information.

ACCESS SAVED FIRESTOP SOLUTIONS BY LOGGING IN OR REGISTERING

The screenshot shows the Hilti website's login and registration section. The Hilti logo is in the top left corner. The main content area is divided into two panels: 'Log in' on the left and 'Register' on the right. The 'Log in' panel has a red arrow pointing to it from the text 'Log In Using Existing HCP Email & Password'. The 'Register' panel has a red arrow pointing to it from the text 'If New, Complete Registration'. Below the panels is a grey banner with a customer service icon and contact information.

NAVIGATING SUBMITTAL GENERATOR

The screenshot displays the 'Submittal Generator' interface within the HILTI Firestop Selector application. The top navigation bar includes the HILTI logo, the application name 'Firestop Selector', and a user profile 'us userest1 Hilti USA Corp'. Below this, a progress bar shows three steps: '1 General' (active), '2 Documents', and '3 Cover Page'. The main section is titled 'GENERAL INFORMATION' and contains two dropdown menus: 'Project *' with the placeholder 'Select a project from the list *' and 'Hierarchy' with the value 'All'. To the right of these is a red '+ Add project' button. A red arrow points from the text 'Option to add new project' to the '+ Add project' button. Another red arrow points from the text 'Select project from list' to the 'Project *' dropdown. A third red arrow points from the text 'Select applicable folder/hierarchy' to the 'Hierarchy' dropdown. A fourth red arrow points from the text 'Proceed to next step' to a red 'Next' button at the bottom right of the form.
