03 Assembly Instructions

Chair assembly

1. Attach wheels

2. Attach plastic covers on base

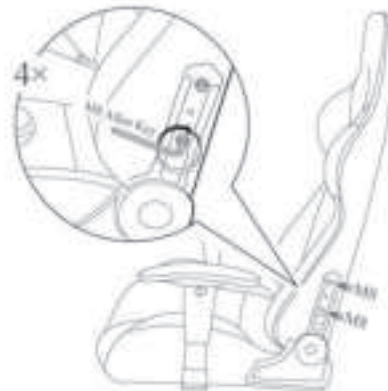

3. Install the hydraulic seat and the plastic cover

4. Attach the backrest to the seat

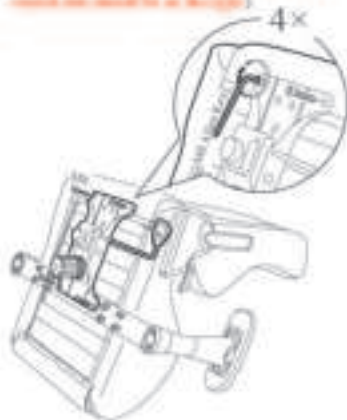

5. Using the M5 Allen key, remove the screws on the side of the backrest and use it to attach the backrest to the seat. (Screws come already fixed to the sides of the backrest before delivery)

6. Fix the plastic covers onto the sides of the backrest

7. Fix the control unit to the base of the seat
(Screws have been fixed to the seat base at the factory prior to delivery. Please make the adjustment of the control unit according to the diagram.)

8. Insert the hydraulic unit into the opening of the control unit

Assembly
complete

Attach Headrest cushion Method One
