Operation

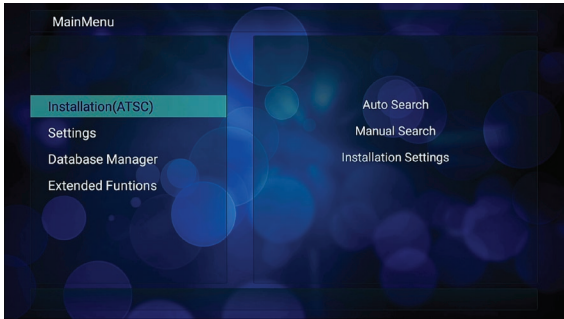

For OTA TV programs:

(wireless/wired internet connection is not needed for this function)

- 1. Connect your HD Antenna to the ANT IN on ADTB02F
- 2. Connect the included HDMI cable to ADTB02F and to your TV
- 3. Connect the included power adapter and power on ADTB02F
- 4. Select "TV" from the main menu

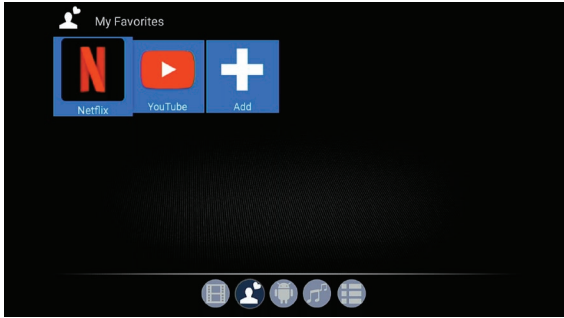

- 5. Select "Installation", then either "Auto Search" or "Manual Search" to scan for TV Channels

Operation

- 2. Once it is connected to the internet, you will able to stream from apps such as Netflix and YouTube by going to "My Apps" or "My Favorites"

For some features within the app, you might need to enable the remote to pointer/mouse mode by pressing the "P" button.

NOTE:
New apps/updates will be added via OTA. You will get an on screen notification for the update when it is available.

Package Contents

Your order has been carefully packaged and inspected. The following accessories should be included in your package. Please inspect the contents of the package to ensure that you have received all items and that nothing has been damaged. If you discover a problem, please contact us immediately for assistance.
