RGBIC LED Strip Lights

Safety Instructions

Read and follow all the safety instructions:

- Use the product with the provided power adapter only.
- Be cautious of static electricity during installation and usage. Keep the product away from sharp objects or strong corrosive chemicals.
- When bending the strip lights during installation, avoid folding the LED components as it may affect the product's life span.
- Remove nails, metal, or other conductive objects from the installation surface before attaching the strip light, as it may cause short-circuiting.
- Do not install the strip light near any heat sources.
- Do not allow children to install the strip light alone.
- Avoid installing the strip light near potentially dangerous sources (e.g., candles, liquid-filled objects).
- Unroll the strip lights before powering them on.

Introduction

Thanks for choosing the Govee RGBIC LED Strip Lights. This product is equipped with a 3m RGBIC strip light and supports app, voice (Alexa/Google Assistant).

RGBIC is Govee's latest lighting display technology. With its advanced IC chips (Independent control), each strip light segment can be adjusted independently, creating vibrant rainbow effects.

|----------------|---------------------------------|
| Length | 3m/9.8ft |
| Light Color | RGBIC |
| Control Method | App, Control Box, Voice Control |
| Power Supply | 24VDC via Adapter |

Troubleshooting

- ① The adhesive tape is not strong enough.
 - Make sure the installation surface is clean and dry.
 - Firmly press over the strip after sticking.
 - Reinforce the installation via more clips and tape.

② Cannot connect to Bluetooth.

- Do not skip Bluetooth connection in the app.
- Ensure Bluetooth on your smartphone has been turned on.
- Your smartphone may be incompatible with the Govee Home app. Try using a different smartphone then reconnect.
- Power the strip lights and your smartphone Bluetooth off then on, then try again.
- Ensure that your smartphone is within 1m/3.28ft of the strip lights when connecting.
- Clear any obstructions that are between the strip lights and your smartphone.

③ The strip lights does not display the full selected color/Some LED beads do not light up.

- Please contact the Govee support team for rapid product replacement.

④ Cannot sync the strip lights to the beat of my music.

- Move the control box closer to the music source.
- Clean the mic on the control box then try again.

⑤ Cannot connect to Wi-Fi.

- Do not skip the Wi-Fi connecting steps in the app.
- 5GHz network is not supported. Please set the router to 2.4GHz and then reset it.
- Connect your phone to Wi-Fi and check whether the network works well.

- Make sure you have entered the correct Wi-Fi name and password.
 - Change your Wi-Fi password to a brief one. 8 numbers and letters are suggested.
 - Connect hotspot in your phone to the strip lights and check whether the router works with the strip lights.
- ⑥ Cannot connect to Alexa.
- Pull out every connective part of the strip lights and firmly re-connect them.
 - Re-connect your phone to Wi-Fi.
 - Plug out the adapter port and re-plug it in.

FCC Statement

This device complies with Part 15 of the FCC Rules .

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2)
This device must accept any interference received, including
interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved
by the party responsible for compliance could void the
user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply
with the limits for a Class B digital device, pursuant to Part
15 of the FCC Rules.

These limits are designed to provide reasonable protection
against harmful interference in a residential installation. This
equipment generates uses and can radiate radio frequency
energy and, if not installed and used in accordance with the
instructions, may cause harmful interference to radio
communications. However, there is no guarantee that
interference will not occur in a particular installation. If this
equipment does cause harmful interference to radio or
television reception, which can be determined by turning the
equipment off and on, the user is encouraged to try to
correct the interference by one or more of the following
measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
