UltraCrete Mortar Buoy - Access Frame Installation Aid - CW1 600 x 600mm

Product Images

Product Code: S00-4042

Short Description

The inflatable device that acts as a dam allowing a flowable mortar installation within seconds.

The Mortar Buoy® inflatable dam prevents any mortar seeping into the access chamber providing a seamless finish to the chamber. This allows a single pour installation of Envirobed® CD534 Flowable/ Envirobed® CD534 Flowable Red.

which encapsulates the flange of the access frame creating a solid bed and backfill in one.

Features

Simply fit and inflate
Creates an instant dam within the access chamber
Saves time – no waiting around for the dam to dry
Prevents the mortar seeping into the access chamber and debris falling down it
Provides a seamless finish to chamber
Environmentally friendly – can be re-used
Range of sizes available
UltraCrete Accredited Reinstatement Specification (UCARS) product

Please see datasheet for further details
