Disposal of electrical and electronic equipment

The crossed-out garbage can means that you are legally obliged to collect these devices separately from unsorted municipal waste. Disposal in the residual waste bin or yellow bin is prohibited. If the products contain batteries or accumulators that are not permanently installed, they must be removed before disposal and disposed of separately as batteries.

Possibilities of returning old appliances

Owners of old devices can hand them in within the framework of the options set up and available by public waste disposal authorities for returning or collecting old devices to ensure that the old devices are properly disposed of.

Data protection

We would like to point out to all end users of waste electrical and electronic equipment that they are responsible for deleting personal data on the old equipment to be disposed of.

We, IMIKI Co, Ltd, hereby declare that this device complies with the basic requirements and the other applicable provisions of the EU Declaration of Conformity according to the Radio Equipment Directive 2014/53/EU and the RoHS Directive 2011/65/EU. The full EU declaration of conformity can be found on the website: <https://www.imikilife.com/declarations>
