2. Pairing Tips

• On first launch, follow the pairing steps to connect the GPS Fence Collar to your smartphone.

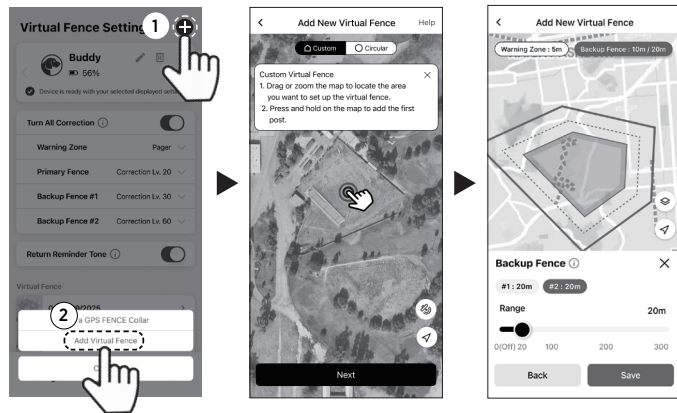

* If smartphone cannot connect with collar, check the following
  • Stay within 30 feet of the collar.
  • Ensure the collar is powered on.
  • Confirm the collar isn't connected to another device.
USING THE SYSTEM

1. Create a Virtual Fence

• Open the GPS Fence App
• Go to **Settings → Add → Add Virtual Fence**

2. Update Fence Info to Each Collar

• On the **Settings** page, paired collar will automatically update the Virtual Fence information.
• Update each paired collar individually by swiping through collar windows.
• Keep the collar and smartphone close during updates.
  (2–3 seconds per collar)
Automatic update (2-3 sec)

To update other collar(s)

3. Set Corrections Type for Each Virtual Fence layer

• If necessary, you can turn off all correction. Otherwise, leave it on.

Turn All Correction	
Warning Zone	Pager
Primary Fence	Correction Lv. 20
Backup Fence #1	Correction Lv. 30
Backup Fence #2	Correction Lv. 60

• Options include:
  - **Correction :** Up to 5 seconds of continuous stimulation
  - **Pager vibration :** Up to 5 seconds vibration
  - **Tone :** 5-second beep (audible nearby only)
  - **None :** No correction

4. Begin Flag Training

• Use flags as visual markers to help your dog understand the boundary.
• This helps the dog associate corrections with the perimeter and learn avoidance.
• See: **Help → E-Fence Flag Training Guide** in the app
  * Flags sold separately

IMPORTANT SAFETY AND PRODUCT INFORMATION

WARNING
Please read all safety and product information below before using your Dogtra product. Failure to follow these safety instructions could result in injury to you, your dog and others, or it could result in damage to your Dogtra product or other property.

PRODUCT SAFETY
Training Methods
Dogtra products may be used with a variety of training methods. However, each dog may have a different reaction to training methods and to Dogtra products. Closely observe your dog when determining the right training method to use with your Dogtra product.

Aggressive Dogs
Do not use Dogtra products with aggressive dogs as such dogs may react adversely and cause injury to people or other dogs. Seek the assistance of a dog-training specialist or veterinarian when dealing with aggressive dogs.

Children
Dogtra products are not toys. Adult supervision and close attention are necessary when Dogtra products are used by or near children.

PRODUCT DAMAGE
Electrical Product
Your Dogtra product contains electrical components and batteries. Do not use or keep your product near heat or flammable sources. Such use or storage may damage your product and/or cause fire, explosion, injury, or property damage.

Medical Device Interference
Dogtra products contain electrical and magnetic components that emit low level electromagnetic waves and radio frequencies. These electromagnetic waves or radio frequencies may interfere with pacemakers, defibrillators, or other medical devices. Consult your physician or medical device maker before using your medical device around a Dogtra product. If you think that your Dogtra product is interfering with your pacemaker, defibrillator, or other medical device, stop using the Dogtra product.

Inadvertent Activation
The digital microprocessor offers thousands of unique codes to eliminate frequency match-up with other Dogtra e-collars. The Constant button will automatically shut down after being held down for 12 seconds or more as a safety feature.

UNAUTHORIZED USE
Your Dogtra product should be used only in a humane manner to train and educate your dog. Dogtra products are not intended for use in any other manner nor are they intended for use with other animals or with humans.

BATTERY
Your Dogtra product contains batteries. Take care when removing and installing batteries as your fingers may get caught. Dispose of batteries as provided by your local regulations. Do not disassemble, crush, heat, or otherwise alter the battery as it may cause fire, injury or property damage.

FCC/ISED WARNING STATEMENT
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
