

7kg 300 Series Heat Pump Dryer

Heat pump

Switch to this efficient dryer with heat pump technology. Boasting a 7-star energy rating, it's designed for easy fit in shallow cabinetry and simplifies laundry by removing the need to empty a water tank.

- With 59% less energy consumption than a 2-star vented dryer*
- 10 dry cycles including Delicate, Towels and Express 60
- Reverse tumble action designed to minimise clothes tangling

- Delay Start function to time your laundry around your daily routine

DIMENSIONS

Height	850 mm
Width	595 mm
Depth	590 mm

FEATURES & BENEFITS

7-Star Energy Rating
Care for your clothes better with heat pump technology. This dryer dries clothes gently at lower temperatures, consuming 59% less energy than a 2-star vented dryer.*

Auto-Sensing Technology
Auto-sensing technology gently cares for your clothes by detecting the moisture level in each laundry load, which helps prevent both over-drying and under-drying.

Slimline Design
Designed for flexible placement, our first slimline dryer easily fits into shallow cabinetry and compact spaces. It features a dark touch-control panel set against a white exterior, complementing any Haier washing machine.

Flexible Drying Options
Tailor your drying easily with five options to suit any load, plus a convenient Anti-crease function for less ironing.

Dry Clothes, Dry Home
This dryer uses heat pump technology to dry your clothes, without releasing moisture to your home. It's a gentle way to care for your fabrics while keeping your home dry.

10 Specialised Dry Cycles
Care for a variety of fabrics with dedicated dry cycles including Delicate, Towels, Durable and Express 60.
