### **LG 4K UHD TV**

# **70UM6970PUA**

4K HDR Smart LED TV w/ AI ThinQ®

#### 70"

- \* Class size: See below for details.
- LG ThinQ® AI | Google Assistant | Alexa Ready\*
- Quad Core Processor
- 4K Active HDR

### DESCRIPTION

Start movie night right with the LG UHD TV 4K screen that provides four times the resolution of Full HD. Its powerful quad-core processor enhances picture and sound, while 4K Active HDR adjusts picture scene by scene. LG UHD TV also combines LG ThinQ® with the voice assistance of the Google Assistant\* and Alexa to control your entertainment and smart home. It's TV that transforms your experience.

\*Service limited to certain languages. Some features require 3rd party service subscriptions. Requires separate LG Magic Remote and separate purchase is necessary.

#### **KEY FEATURES**

#### LG ThinQ® AI

The world's most intelligent TVs listen, think and answer to provide the ultimate in personalized entertainment and control over your smart home.

\*Requires separate LG Magic Remote and separate purchase is necessary

#### **Quad Core Processor**

The hard-working quad-core processor improves images, action and color, reducing distracting video noise and motion blur, enhancing sharpness and portraying accurate colors.

#### **4K Active HDR**

Discover 4K resolution in your premium content choices, all optimized with Active HDR's scene-by-scene picture adjustment. The multi-format 4K high dynamic range supports HDR10 and HLG, both with LG's advanced tone mapping technology that further optimize each scene.
