INTRODUCTION

Thank you for choosing Sunslice. We hope you will enjoy using the Emperion 65 Pro and that it will bring you complete satisfaction.

The Emperion 65 Pro has been designed to deliver high power and great versatility. This wall charger is capable of powering a laptop, a smartphone, or a tablet, all with one single device.

Thanks to its advanced charging technology, it intelligently adapts to your devices to provide optimal power quickly, stably, and safely. Whether at the office, at home, or while traveling, the Emperion 65 Pro eliminates the need to carry multiple chargers: one is enough for everything.

This manual contains important safety and usage instructions. To make the most of your purchase, we recommend that you read this manual carefully and keep it in a safe place for future reference

CERTIFICATIONS	CE, FCC

USING THE EMPERION

To use the Emperion 65 Pro, plug it into a wall socket, then connect your USB-C or USB-A cable to the device. Charging starts automatically.

The **USB-C** port provides up to 65W, making it ideal for compatible laptops, while the **USB-A** port can deliver up to 27W for smartphones, tablets, and accessories. You can use both ports at the same time, for example to **charge a laptop and a smartphone simultaneously**.

Thanks to its PPS technology, the charger dynamically adjusts voltage and current to optimize charging speed and safety, especially for compatible devices.

The Emperion 65 Pro is a true universal charger, capable of replacing several adapters and meeting all your needs with a single product. **For longer lifespan, we recommend unplugging the charger when it is not in use.**

OUR WARRANTIES

PREMIUM QUALITY

We select the finest materials to ensure a high quality and durability for all of our products.

CIRCUIT DE PROTECTION

The Emperion 65 PRO is equipped with a voltage stabilization circuit to prevent damage to your devices.

2 ANS DE GARANTIE

The Emperion 65 PRO comes with a 2-year Sunslice warranty. In case of any problem, please contact us at:

service@sunslice-solar.com
