INSTRUCTIONS FOR USE

1> Instalation

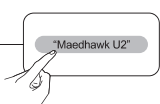

- 1 Plug the Maedhawk U2 to any USB Power Source
- 2 Plug the 3.5mm audio jack to any stereo with AUX in

2> Pair with Bluetooth device

Go to
Settings/Bluetooth
on the device

Look for "Maedhawk U2"
to appear and click for
pairing

After connecting USB-power
it will be in pairing mode for
3 minutes

3> Enjoy music or take call freely

The U2 can also take and receive calls when connected.

Note:

If your USB port is located within the glove box and the Glove box is closed, you may have problems talking over the Phone as the MIC won't be able to pick up your voice well.

4> Pair with 2 cell phones simultaneously

1. Make U2 pair with your 1st phone successfully, then disconnect them (disable bluetooth of the phone).
2. Pair with your 2nd phone.
3. Enable Bluetooth of the 1st phone and tap "Maedhawk U2" in the list to connect.
4. It will automatically connect this both phones next time once it power on.
5. Only one phone can work at the same time, but you can switch between the 2 phones freely.

TROUBLESHOOTING

No sound can be heard in car when playing music from phone?

- Please make sure you are using AUX mode of the car stereo
- Please adjust the volume of your phone or car system

My friend only can hear small voice or no voice when i am making a call in my car?

- Please check if the receiver is too far away from your mouth
- Please check if there are obstacles between receiver and mouth
- Please check if the Mic hole is blocked with something.

There is background noise when connect to a car?

Please lower the car stereo volume and increase the cell phone the volume to reduce this noise caused by the car engine.

**Thank You
for Choosing MAEDHAWK**
