PRODUCT OVERVIEW

HOW TO USE

Assemble the Mount:

Attach the air vent clip securely to the back of the MagCharge mount. Ensure it clicks into place and is firmly attached.

Install the Mount on Your Car Vent:

Choose a compatible air vent (horizontal, vertical, or angled slats). Squeeze the clip and attach it to the vent slats. Adjust the clip to ensure a firm, wobble-free fit.

Connect the Power Source:

Plug the included USB-C cable into the charging port on the mount. Connect the other end of the cable to a car charger (Quick Charge 3.0 or higher recommended) or a USB port in your vehicle.

Attach Your Devices

For Your Phone:

Align your MagSafe-compatible phone with the magnetic pad on the mount. The strong magnetic connection will securely snap your phone into place.

For Your Apple Watch:

Place your Apple Watch on the integrated charging dock. Ensure the watch aligns properly with the charger to initiate charging.

Adjust Viewing Angle:

Rotate the 360° adjustable head to set your desired viewing angle. Switch between portrait and landscape modes for navigation or media playback.

Charging Starts Automatically:

Once your devices are mounted, charging will begin automatically. Check for the charging indicator on your phone and Apple Watch to confirm.

CARE AND SAFETY

Wipe the mount with a soft, dry cloth to keep it free from dust and smudges. Avoid using harsh chemicals, alcohol, or abrasive cleaners, which could damage the materials. Handle the USB-C cable carefully to prevent fraying or damage. Avoid pulling or bending the cable excessively.
