

SmartTrim™ TECHNOLOGY

Our liners feature a unique technology, allowing you to achieve a perfect fit seamlessly. Embrace Smart Trim for a quick, user-friendly, and hassle-free trimming experience.

STEP ONE

Remove Floor Liner from box and allow it to lay out in a warm area. This allows the liner to regain its custom shape after being rolled up for shipping.

STEP TWO

Trim as shown by using sharp scissors or a carpenter's knife to cut along crevice in liner to remove area at top for vehicles with front bench seat.

Silverado 1500/2500/3500 (Double cab) Carpet without rear under seat storage

Floor Liner trim patterns vary per vehicle make and model.

This piece should be trimmed to accommodate vehicles with a center console and/or removable seats.
