15		Furniture Pads	3
16		Allen Wrench	1

Step 1

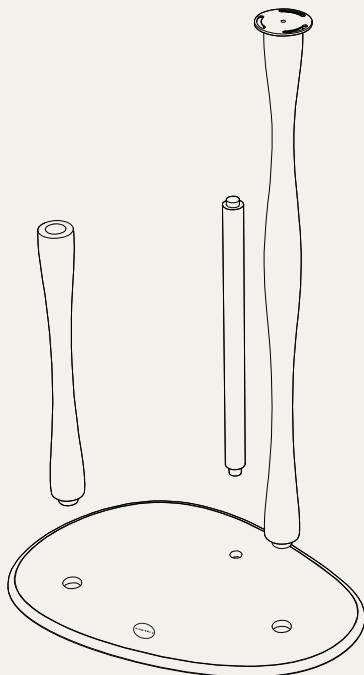

Connect wooden poles to the base

Parts

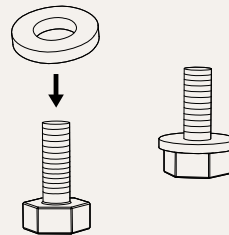

1 Place the base horizontally and insert the wooden rod vertically into the base

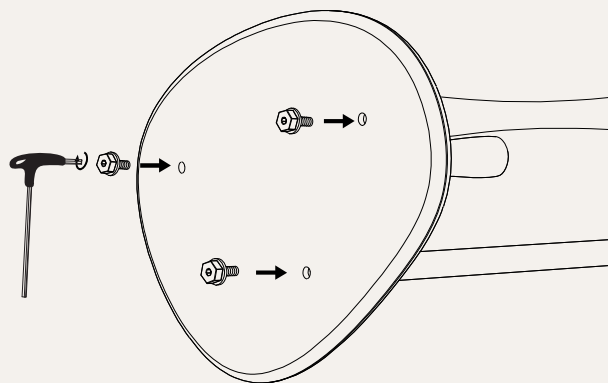

(Ensure the correct alignment of the wooden rod model and the logo)

2 Pass the large washer through the large screw

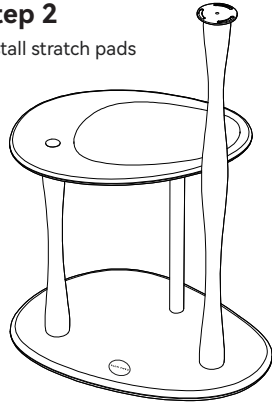

3 Tighten the bolts into the base to secure it

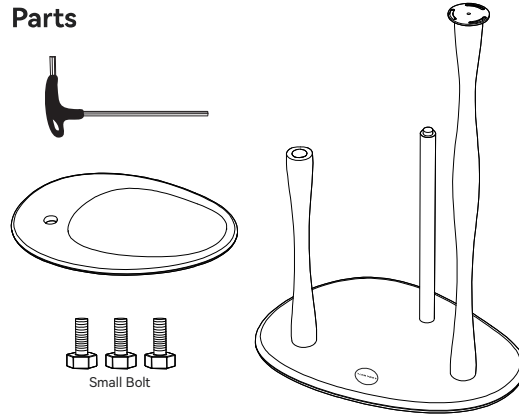

Step 2

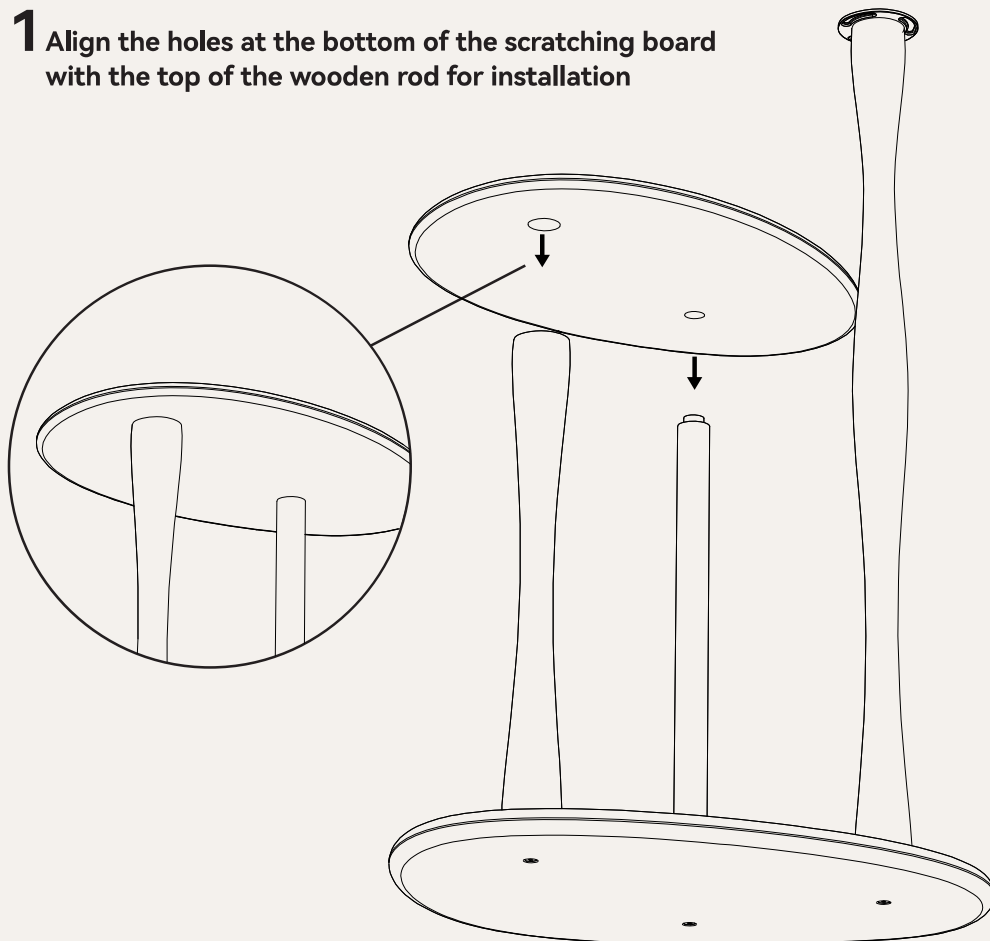

Install scratch pads

Parts

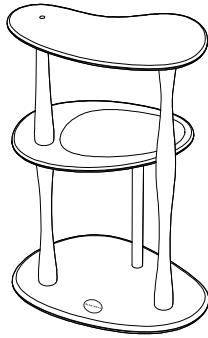

- 1 Align the holes at the bottom of the scratching board with the top of the wooden rod for installation

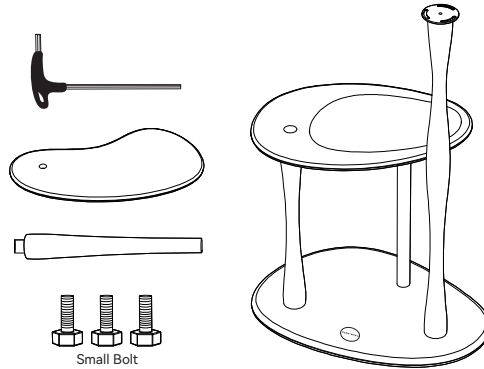

Step 3

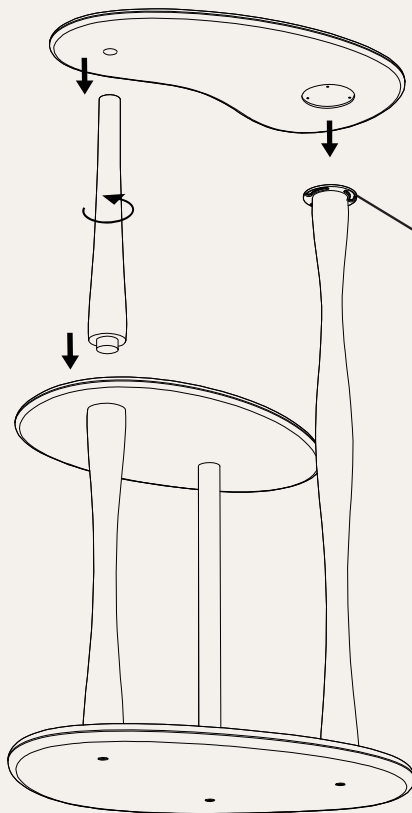

Install the curved wooden panels

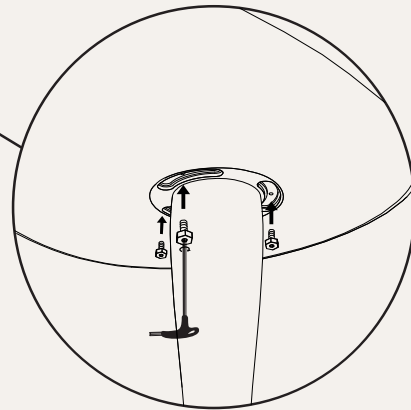

Parts

- 1** After screwing the middle wooden rod into the bolt, align the groove at the bottom of the arched wooden platform with the flange on the large base wooden rod for connection.

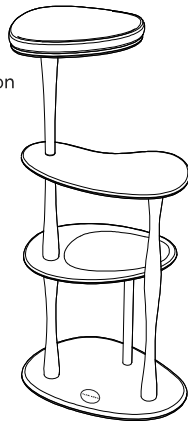

- 2** Insert the small bolts into the bottom of the arched wooden board to secure it.

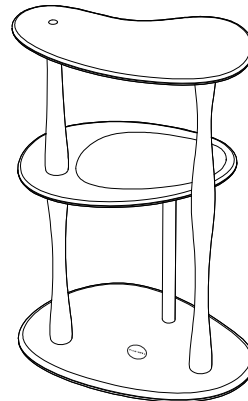

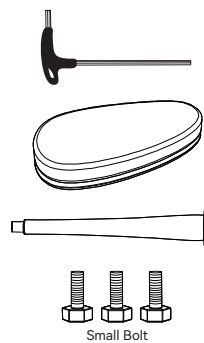

Step 4

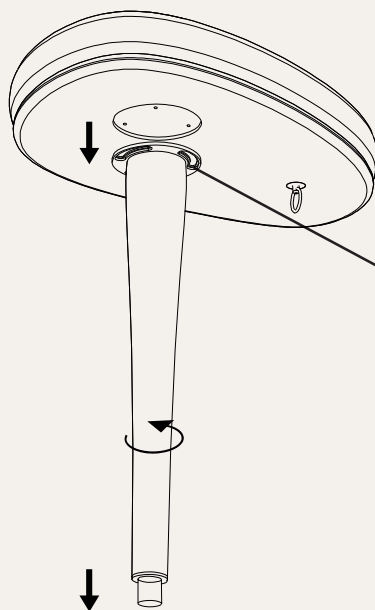

Install the curved cushion

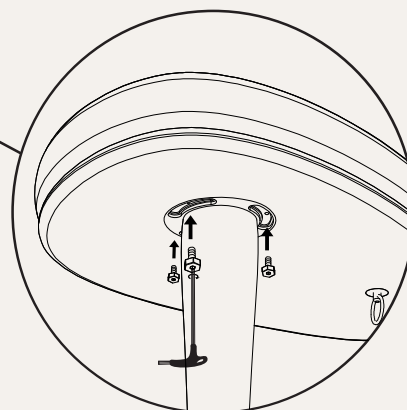

Parts

- 1 After screwing the top wooden rod into the bolt, align the groove at the bottom of the curved cushion platform with the flange on the top wooden rod for connection.

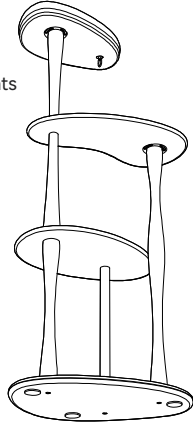

- 2 Insert the small bolts into the bottom of the curved cushion to secure it.

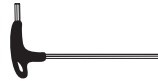

Step 5

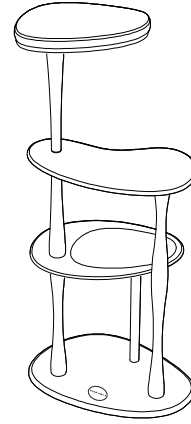

Apply the protective mats and tighten the screws

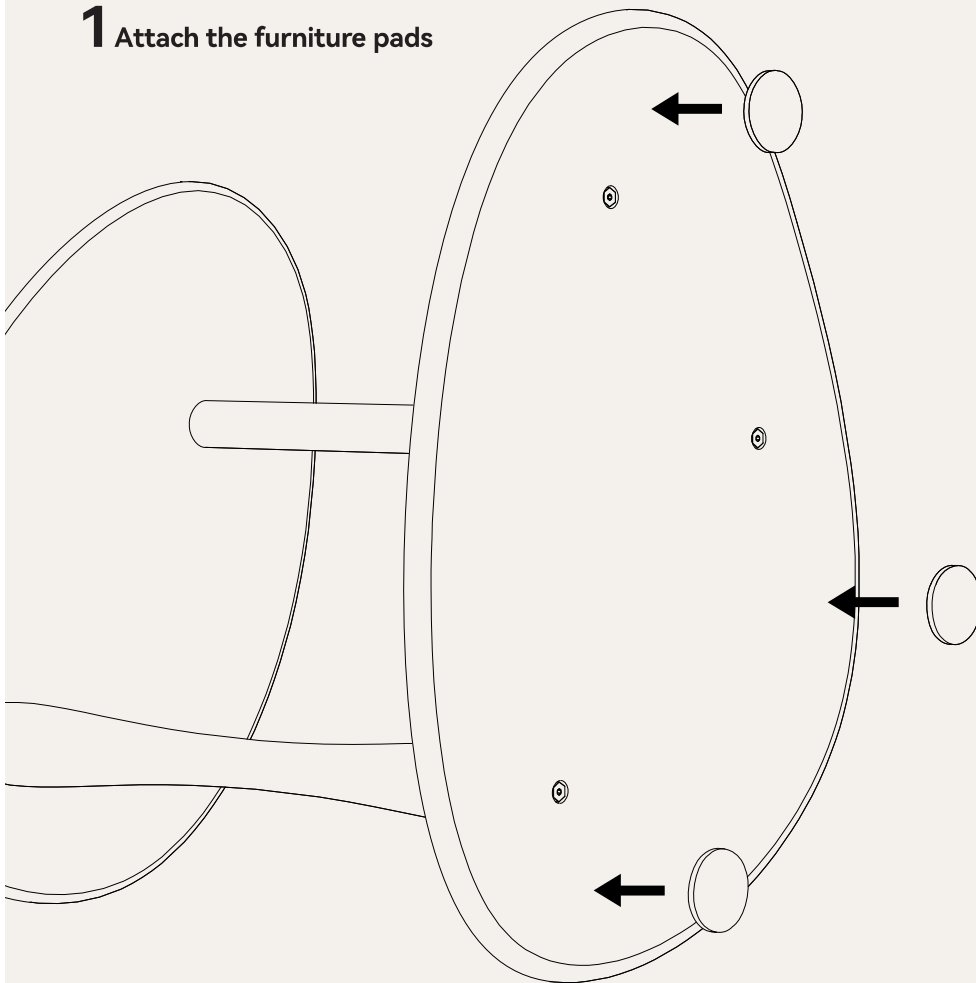

Parts

Furniture Pads

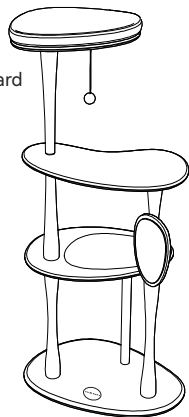

1 Attach the furniture pads

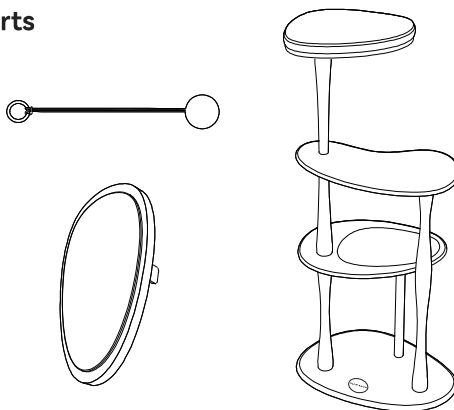

Step 6

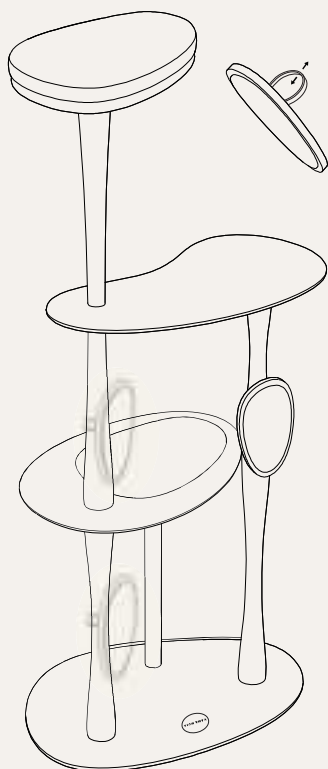

Install the cat scratching board and the toy

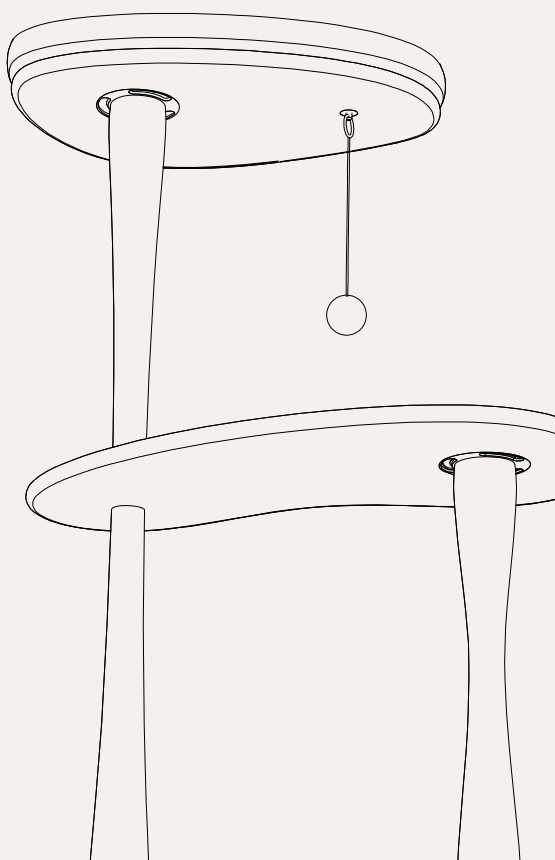

Parts

- 1** Open the ring clasps alternately. Pass them through the wooden rod and tighten to secure the position. Adjust the placement based on your cat's preferences.

- 2** Install the cat teaser ball.

Wood: White Ash Wood/New Zealand Pine Wood
Fabric: Aiken Lake Brown Scratch Velvet/Medog Green Scratch Velvet
Cushion: Memory Foam
Dimensions: 170*67 cm

RIVETING CAT TREE

CAT TREE CARE

Q: How should I maintain the wooden parts of the cat tree?

A: Place in a dry, cool area and avoid moisture and direct sunlight. Wipe the wooden parts with a soft, dry cloth to prevent scratches.

Q: How should I clean the cat tree's cushions?

A: Use a lint roller to remove hair daily. For other stains, use a sofa cleaner spray and wipe. Do not machine wash or expose to direct sunlight, as the cushions contain memory foam which may harden.

Q: How should I choose the placement for the cat tree?

A: Place it on a stable surface away from windowsills. Avoid frequent moves to prevent screws from loosening, ensuring the safety of your pet.

Q: How can I repair or replace parts?

A: If any parts are damaged, lost, or need replacement, please contact the official customer service center.
